## Four Present Musical Program Monday Night Before Large Audience at The La Grande

Four accomplished artists presented a program arranged by Mrs. George S. Birnie last night before a large audience that attended the Neighborhood Music club concert at the La Grande hotel ball room. Miss Jennie Peterson, pianist; Mrs. A. K. Parker, soprano; Miss Florence Day, dramatist; and Alfred Meyers, vocalist, furnished a variety of interesting numbers.

Mr. Meyers sang, "Somebody's Knockin' at Your Door," a negro spiritual arranged by Nathaniel Bates; "Boots," by Hazel Felman; "Turn Ye to Me," an old Scotch tune by Helen Hopekirk; "Do Not Go My Love," by Richard Hageman. Miss Day read "Akhe of Rose," by Constance d'Arcy MacKaye; Mrs. Parker sang "The Nightingale," by Ward Stephens; "The Pulse Prophet," by John Prindie Scott; "The House on a Hill," by Ernest Charles; "My Love, He Comes on the Skill," by Clough-Letter, while Miss Peterson played "May Night," by Palmgren; "Clair de Lune," by Debussy; and "Lento," by Cyril Scott.

of the United States Monday when she presented the program before the Art Ramblers club which met with Mrs. F. A. Epling. The club is studying the early explorations in America this year.

Mrs. Robinson discussed the ruins in California, Arizona, Mexico, the Indian pueblos, the cliff dwellers and other early peoples who were found by the early explorers. Mr. and Mrs. Robinson visited the ruins on a recent trip and her intimate knowledge of them enhanced the interest of her talk.

Mrs. G. S. Birnie will review "Sails and Swords" at the home of Miss Margaret Anson in two weeks.

## Art Research Club Begins Season

The Art Research club opened its winter season Monday afternoon at the home of Mrs. H. H. Cleaver when Mrs. Cleaver and Mrs. H. A. Zurbrick reviewed the story and the art of St. Francis, and also the geography and history of Umbria.

During the coming winter the members plan to devote their activities to a study of the art, literature and architecture of Umbria and Tuscany in Italy.

## NRA Compliance Boards Continue In Present Work

Word from the national recovery administration at Washington received by R. Z. Baxter, local NRA chairman, is to the effect that local compliance boards will continue to act in their present capacity and also should act as the official NRA information source for all matters concerning code compliance.

Code-compliance machinery is now established for the handling of all complaints. Whenever possible, the district compliance director will refer complaints to the code authority set up within the industry. Otherwise, it will be taken up with the district compliance director, who will attempt to adjust the case. If he is unable to effect an adjustment, the complaint then will be referred to Washington for appropriate action.

Code-compliance machinery embraces practically all permanent codes of fair competition approved by President Roosevelt with the exception of the petroleum code. All complaints on this code should be sent to the petroleum administration board in Washington. Mr. Baxter said.

## American Dollar Debate Continues

(Continued From Page One)

Word that the reconstruction finance corporation had lifted its gold buying price 9 cents to \$33.85 an ounce after holding it unchanged at \$33.76 for a full week was promptly followed by a decline in dollar exchange today.

The British pound, after opening 3 1/2 cents lower at \$5.07, rallied above \$5.20 and French francs, which had opened off .08 cents at 6.01 cents, advanced above 6.14 cents.

There was some reaction in United States government bonds, which since last Thursday had been advancing with the dollar. Stock and commodity markets were firm. Wheat, silver, rubber and cotton showed general advances while on the stock exchange metal issues led a quiet upturn.
