

COLUMBIA TEAM AGREES TO PLAY STANFORD JAN. 1

By Paul Zimmerman PASADENA, Cal., Dec. 5 (AP) — For the first time in the 18 years of the annual rose fiesta, a New York City football team will parade its prowess in the garlanded stadium of the arroyo seco New Year's day. Columbia university made it possible yesterday, accepting Stanford's invitation to participate in the inter-sectional gridiron classic of Jan. 1, 1934.

There was little surprise over the announcement which was made here by Al Masters, graduate manager of Stanford, since the report that Coach Lou Little's Lions had been invited last week leaked out 24 hours before the acceptance statement was released.

There was, however, more than the usual expression of local dissatisfaction over the team selected, because of the fact that only one of the nine eastern teams to participate in the annual festival of football ever went home victorious. Two of the remaining eight games ended in ties.

Southern California, predominantly of middle western extraction, voiced an opinion that a team from the prairie states might have been more acceptable, especially since only two representatives from that section ever made an appearance. The west won one of them and lost the other.

And the south had its say too, for it alone holds the edge over the Pacific coast defenders with three wins, one defeat and a tie. Stanford and Columbia have something in common in this situation, however, because the rose tournament committee's choice of Coach "Toby" Thornhill's squad was not given universal approval.

Bill, there was the fact that Stanford at least had given the southland a good old college try, for it was generally understood that Michigan, Princeton and Army had been considered before the official invite went to New York City.

As in the case of Columbia, which lost one game this season, 20 to 0 to Harvard by Princeton, Stanford's slate was not clean. The Indians were tied by Northwestern earlier in the schedule, and then met with defeat at the hands of Washington 6 to 0 as the Huskies made two field goals good in a game played on a rain soaked field.

Clingman Defeats Logger Heibert

PORTLAND, Ore., Dec. 5 (AP)—Ollie Clingman of Oklahoma City won the main event on last night's wrestling program here, taking the last two falls after his opponent, Logger Heibert of St. Helens, had taken the initial fall. Clingman weighed 161, a pound more than his opponent.

ARRIVAL OF REPEAL SEES FEW CHANGES

(Continued from Page One) control bill, the commission will pass ordinances conforming in general with the state law. It is all the city can do, according to general belief. Restaurants and hotels probably will sell wines of up to 14 per cent alcoholic content, it is said, with most of it coming from California and ranging up to champagne. Imported wines are not yet available. Definite prices were not quotable today, pending action by the state in reference to taxation charges, license fees, etc., and also later action by the city. If the Knox plan is adopted by the state, which is generally expected, hard liquor will be sold in state stores for drinking at home, etc.

PROHIBITION ERASED FROM CONSTITUTION

(Continued from Page One) until the state's liquor selling machinery is perfected, probably in mid-month.

Of the dry states, legislative action in Missouri, Michigan and Ohio is expected to prepare the way for sale soon.

THIS CURIOUS WORLD

SINCE THE TIME OF ADAM, THE EARTH HAS MOVED 1 ALONG THROUGH SPACE ABOUT 225,000,000,000 MILES FROM WHERE IT WAS AT THAT TIME.

THE AMERICAN INDIAN DOES NOT BELONG TO A BEARDESS RACE. MOST MALE INDIANS COULD GROW A MOUSTACHE AND BEARD, IF THEY DID NOT PLUCK OUT ALL FACIAL HAIRS BY THE ROOTS.

ALLIGATORS, BEFORE THEY HATCH OUT OF THE EGGS, MAKE A LOUD, SQUEAKING NOISE THAT CAN BE HEARD SEVERAL YARDS AWAY.

THE EARTH is being dragged along through space by the sun at the rate of something like 750 miles per minute. If you live to a round 80 years old, you will have been transported some 39 billion miles from where you were at birth.

Remedial Bills Get Legislative Attention

(Continued from Page One) the Bonneville project for cheap power development. Distribution with more equitable costs of navigation and power and construction of super power lines for industrial and domestic uses was also urged.

The farm credit administration was memorialized to make available to the farmer federal crop production loans early in 1934.

The following bills passed the senate and will go to the house: Bill to authorize fraternal organizations to sell burial lots without obtaining a real estate dealer's license; bill to change the date for obtaining license for motor vehicle wrecking cars from June 1 to January 1; bill to provide levying certain irrigation district assessments to retire unpaid operation and maintenance warrants; bill to empower the state land board to invest the irreducible school funds in school district warrants; to authorize lumbering operation suspensions during certain extreme weather conditions (Western Oregon); bill by Wheeler relating to issuance of school warrants and payment of interest thereon; emergency bill relating to suspension or restriction of withdrawals from banks and trust companies; and emergency bill to provide for payment of outstanding warrants of districts becoming a part of a county school district.

The house approved a senate bill that would enable banks to borrow from the reconstruction finance corporation and other governmental agencies. Two other joint banking committee bills were approved by the house.

The senate joint memorial asking President Roosevelt to urge passage of the Prrazier bill, was passed by the house.

MORE C. W. A. PROJECTS UP FOR APPROVAL

(Continued from Page One) laying of water mains and hauling gravel on streets within the city limits. A C. W. A. project for repairing of streets and sidewalks and putting in culverts, to employ 11 men, was approved, also a project from the lumber school district to give eight men work of a repairing and improvement nature. School districts 51 and 59 projects for improving and repairing buildings and grounds were approved.

No word has been received from Portland yet regarding state approval on any of the pending projects from this county.

Floyd Sherwood yesterday was appointed manager and Bruce Hamilton assistant manager of the federal re-employment office in the court house adjoining the county relief office, the two working in co-operation on the C. W. A. projects. It is through the re-employment office that the last half of Union county's C. W. A. quota of men will be put to work.

GOLD PRICE UNCHANGED

WASHINGTON, Dec. 5 (AP) — For the fourth successive day the government kept its gold price at \$34.01 an ounce.

This quotation for the newly mined domestic metal was set last Friday and represented a new high. Just previously the RFP price had been lifted 25 cents.

DEER CROWD PRESERVES IN CAROLINA MOUNTAINS

ASHEVILLE, N. C. (AP) — Deer are multiplying so rapidly in the Pisgah National Game Preserve and the reaches of the Blue Ridge mountains that discussion has been made to ship them elsewhere at the rate of 400 a year.

Already 100 have been sent to national reservations in Tennessee and foresters are now engaged in trapping 300 more.

More Than 71,000 Head Livestock Graze N. P. Dist.

NORTH POWDER: — The North Powder district of the Willamette national forest was the grazing ground during about three months this summer of 21,878 ewes, 15,854 lambs, 371 cattle and 13 horses, according to W. E. Barnett, local ranger, who is now compiling figures for activities of the year in his district. Figured on a per-animal per-month basis this amounts to 71,506, the lambs being counted at only a half unit.

A large proportion of grazing allotments are sheep men of Central Oregon and several of these did not bring on their full quota of animals this season due to heavy losses in the storm last spring when in the Pendleton and Blue mountain country many sheep perished.

Local stockmen also have allotments on the forest but only a few cattlemen use the range.

The last work of the season by the forest service crews in this district was finished last week when the stubbing of the telephone lines from North Powder to the forest boundary was about completed. A crew of four men had been at this job for some time, about 12 miles of line being stubbed.

2,343 Children Of Census Age Now Live Wallowa Co.

ENTERPRISE (Special) — There are 2,343 children between the ages of 4 and 20 in Wallowa county, according to the school census, with two small districts, Camp 10 and No. 13 missing. Last year's census gave camp 10, 9 and 13, 30 which is thought will be about right for this year. This would bring the total up to close to 2,385, a slight loss over 1931-32. The Enterprise district has 960 listed against 511 last year, a net gain of 49.

SHUPPS HAVE BABY DAUGHTER

Mr. and Mrs. W. D. Shupp are the parents of a baby daughter born Sunday morning at the Grande Ronde hospital.

Wallowa People In Thanks Service

WALLOWA (Special) — A union Thanksgiving service was held in the Wallowa Thursday morning at the Nazarene church and the following program given:

Hymn, "Unsearchable Riches"; hymn, "Since Jesus Came Into My Heart"; hymn, "Meditation"; prayer, Rev. L. B. Williams; scripture, Psalm 100; Rev. E. A. Pollock; sermon "Ingratitude"; Rev. C. N. Trout; hymn, "A Child of the King"; benediction, Rev. Josiah Tucker.

Weasel Protection Is Debate Question

WALLOWA (Special) — The Lone Pine Literary society met Friday evening with a large crowd present. The basket social was quite successful with baskets netting more than \$10 to be used as a Christmas fund. Recitations and other entertainment features made up the program.

Notice of Final Account Notice is by this given that the undersigned executors of the estate of Nellie M. Gaskill, deceased, have filed their final account in the County Court of the State of Oregon for Union County, and that said court has set December 14th, 1933, at 10 a. m., at the County Court Room in La Grande, Union county, Oregon, as the time and place to hear objections to, and for the settlement of said final account. FRED D. GASKILL, HARRY A. ZURBRICK, Executors. Nov. 14, 21, 28 and Dec. 5, 1933.

STOP Hard Steering And Excessive Tire Wear

Is your car hard to steer—hard to keep on the road? Have you noticed any tendency to drift to one side of the road—or wander from one side to the other? Do your front wheels ever shimmy? Does either front tire show excessive wear?

All these are definite symptoms of wheel alignment trouble which detract from the pleasure and comfort of driving, are apt to lead to dangerous accidents and are certain to mean expensive repair bills, if allowed to go uncorrected.

Your Car Checked Free To Introduce Our New Weaver Front End Correction System

To enable us to diagnose and correct your wheel alignment troubles with scientific accuracy, we have just installed the complete new Weaver Front End Correction System.

In order to introduce this service, we will give your car a thorough check if you will drive in any time this week. This test requires but a few moments. It enables you to see for your self — to be the judge as to what correction work is necessary.

Please accept this test with our compliments—it may help you avoid a serious accident and repair bills and it involves no obligation on your part. May we expect you today?
