NUMBER 11

TIGER HI-LIGHTS

Two Generations Represented In Present System

Class of 1910 Included Clerk and Board Members; Other Well Known La Granders Also Represented

Although no high school annual was issued by the class of 1910 the following information was furnished the Tiger News by a member of the class and is believed to be correct. Many of La Grande's prominent business men are numbered among the graduates of 1910, including bankers, doctors, merchants and men of high position.

Two of La Grande's school board are graduates of 1910 they are Dr. J. L. Ingle, prominent osteopathic physician and Edward O. Moon, proprietor of Moon Drug Co. Raymond O. Williams, school clerk, is also a member of the 1910 class. Central school faculty also has two members of this class—Miss Effie Sinter and Miss Nell Mahaffey.

Dr. F. L. Ralston, eye, ear, nose and throat specialist; Lowell Williamson, local real estate and insurance man; Herman Stein, Grande Ronde valley farmer; Mrs. Lynn Bohnenkamp, formerly Nellie Pickens; Mrs. Hal Bohnenkamp, formerly Lillian Baker; Mrs. Claire Crossen, formerly Ruth Harrison; Mrs. R. N. Harris, formerly Elizabeth Wheatley; and Mrs. Lynn Hill of Elgin, formerly Etha Huffman, are also graduates of the 1910 class who have chosen to make La Grande or the Grande Ronde valley their home.

In addition to those just mentioned four other residents of La Grande are claimed as members of this class, they are David I. Stoddard, president of the First National Bank of La Grande; Dr. William Pearce, local optometrist and an enthusiastic supporter of L. H. S. athletics; Waldo Geddes, manager of the Pay and Takt grocery; and Mrs. Hugh Brady, formerly Ann Rosch all of whom started with the 1910 class and completed all but their last high school year in La Grande High.

Other members of the 1910 class are: Virgil Bolton, Medford, Ore.; Stanley Curry, Tacoma, Wash.; Harold Grady, Sacramento, Cal.; William Hamilton, Portland, Ore.; Frank Earle, Boulder City, Nev.; Elsie Couch, Mrs. C. K. Smith, Oakland, Cal.; Zazel Eaton, Mrs. Hugh Olive, California; Opal Claire Rice, Mrs. R. Norvell, Helix, Ore.; Marjorie Silverthorne, Mrs. Archibald Clark, Portland, Ore.; Sarah Smith, Mrs. Alfred Harding.

Registrar For Next Semester Now Under Way

An assembly was held Monday morning for the purpose of explaining the changes in schedule for the next semester. Mr. Gralapp announced the program of assemblies for the next two weeks: Friday, December 15, a pep assembly for the game with Union Friday night; Tuesday, December 19, a play to be presented by the expression class; Friday, December 22, the Twelfth Night program. Janet Binger led the student body in songs, and Wayne Gooderham led the yell for a short pep meeting which concluded the assembly.

'TWELFTH NIGHT' WILL BE GIVEN BY SENIOR CLASS

The senior class is giving a Twelfth Night program which will take place at the annual Christmas play. It is being directed by Miss Osborne, Mr. Loney and Miss Pettigrew. In England, Christmas was celebrated for twelve days, and the last day was called Twelfth Night. It is that day of the Christmas season that is to be represented by this program.

'BOX AND COX' TO BE PRESENTED

Sometimes in the near future a one act play, "Box and Cox," will be presented to the student body. It is a romance of real life by Madison Morton and was first given in the Olympic theatre in London in 1847. Miss Sartain is directing the play which will be presented in modern dress by the following cast: John Box, a journeyman printer, Carl Douhan. James Cox, a journeyman hatter, Robert Bouncer. Mrs. Bouncer, May Darnielle. Although "Box and Cox" is a comedy of an earlier period it is just as entertaining as a modern comedy.

Hastings on the Hudson, N. Y. No information could be secured concerning the following: Ruth Louise Corley, Frances Farquharson and Etta M. Owens.

One member of the class B. Roy Rice is deceased. A number of the students now attending high school in La Grande are sons and daughters of members of the 1910 class among these are: seniors, Dave Stoddard; juniors, Mary Ellen Stoddard; sophomores, Kathleen Pearce and Bill Bohnenkamp; freshmen, Jane Williams, Leta Stein, Grace Helen Bohnenkamp, Stella Jean Ingle and Kathleen Williamson.

Many other interesting features concerning the 1910 class were known. They were the last class to graduate from the building now known as Central grade school. Many of the members of this class started to school in the old white school which used to stand on the lots diagonally across from the southwest corner of the present athletic field. Their first teacher was Miss Bessie Westall who is now Mrs. Bessie Gebel, a teacher in Central school.

Season's Opener Scheduled Here For Next Friday

The La Grande Hi hoopsters, who are planning to make a strong bid for the E. O. title, have been showing some fine work in early practice sessions and are seeking a win over the Union Bobcats on the LDS Recreational hall floor on Friday, Dec. 15.

The Bobcat hoopsters are preparing desperately to bowl over the Tigers in their clash Friday. Coach Campbell has a few lettermen with a group of prospective comers with which he hopes to annex a victory over the Tigers.

Coach Woodie has two lettermen, Ralph DeBois and Kenneth Webb for the guard position and Donald Stitt for a forward berth from last year's squad. Along with these, Woodie hopes to build a strong team to send in the fray against the Bobcats. There is plenty of competition for places on the squad for the vacant positions. Vernon Stoddard, Dave Stoddard, Hughie Irwin, Bud Reynolds, Frank Kessler, Otto Klein and Dallas Marshall are trying out for a forward post on the team. Morris Robertson, Fred Gehring, Norman Hogenson, Bill Bohnenkamp, Victor Bean and Tom Zivkovich are working for the pivot berth. Working for guard are Orin Osborn, Sheldon Hyde, Bob Arnoldus, Earl Peterson, Ralph Fibberg and Carl Hansen.

SENIOR CARDS DISCUSSED BY 1934 CLASS

The salesman for the senior commencement announcements has been here discussing details of the cards, but nothing definite has been decided as yet.

FRENCH CLASSES TO CORRESPOND WITH FRANCE

The French classes are preparing to start corresponding with French students in France. This correspondence is being arranged by the International Bureau of Education Association at San Francisco.

Phonograph Used In Shorthand

Mrs. Hays, having acquired some new records, had a phonograph brought into her room. These records dictate phrases that are used frequently in business offices. At first the students found it difficult to take dictation from the phonograph, but after becoming accustomed to it, they are finding the phonograph dictation highly interesting as well as beneficial.

Freshmen Win Contest at P. T. A.; Industry, Commerce & Music Reported

A meeting of the high school P. T. A. was held Thursday at 8:00 in the gymnasium.

Miss Pettigrew, chairman of the program committee, explained about the year's program, stating that the topic for the entire year would be "Keeping Abreast of the Times in Education."

The boys' glee club sang a group of songs which were enthusiastically received by the audience. They were: "Marching Song," a traditional French air arranged by Nobel Cain; "Lo, How a Rose E'er Blooming" by Pratorious, sung unaccompanied; "All Through the Night," an old Welsh air; "The Calson Song," arranged by Nobel Cain. Mr. McEachran and Mr. Dixon discussed industrial arts, Mr. McEachran

LIBRARY HAS ATTRACTIONS

Reading facilities in the high school library, which is located in the study hall, are much better now than they have been previously. It matters little whether the student desires to do research or read for pleasure because a wide variety of books and magazines are available.

Encyclopedias which we have are "The Britannica," "The International," and "The Americana," which was added this year. Other recent additions are a series of nature books, a collection of biographies and a number of research volumes. Magazines which cover the field of science are "The Scientific American" and "The Popular Science," "Time," "The Nation," "Literary Digest," "Forum," "Review of Reviews," "Reader's Digest" and "The New Outlook" are probably the most popular since they carry current topics. Other periodicals are "The American Boy," "The American Girl," "Field and Stream" and "The National Geographic." Mrs. Hall, the study hall supervisor, feels that this group of magazines furnishes more interest to younger students than in the past.

"The La Grande Evening Observer" and "The Christian Science Monitor" are daily papers which adequately cover daily news.

An improved library arrangement allows one to find more easily the material which he desires although books may be secured by the library attendant if it is not convenient for the students themselves to enter the library proper.

This year the library tables, which seat about fifteen students who have library assignments, are in use during every period in the day.

BAN DRECEIVES CONTEST PIECE

The band has already started practice on the contest piece for next spring. By starting early, they are trying to avoid the additional extra practices in the spring.

CLASS HOOPERS READY TO GO

The class series will soon swing into a series of games starting Monday, December 18. With one week left to polish up the teams the various coaches of the class teams which are composed of some of LHS star hoopsters are musing to see their respective teams come out in the lead.

Max Baxter the juniors, Bill Corey the sophomores and Howard Lyman the Bobcats. The seniors are favored to win the series due to their more experience but the Juniors, Sophs and Bobcat hoopsters will be desperately seeking victory over them.

ASTRONOMY BOOKS DRAW ATTENTION

Miss Osborne received some very interesting notebooks on astronomy, which is a unit in general science. Several were exceedingly well written, as was Stella Jean Ingle's, which was considered one of the best. At the end there was an original poem entitled "Our Universe." It is as follows:

The stars in the heavens
Gleam down through the night,
Wrapping the world
In a blanket of light;
Lifting our thoughts
To infinite space
When planets revolve,
Each one in its place.
Science still searches,
Discovers, demands;
Yet we feel they are held
By omnipotent hands.

Some of the others that deserve mention are those by Edythe Gibeau, Motier Dodge, Marion Chausse, Edgar Kelly, Don Wilson and Verdine Cummins. Two other very interesting ones were by J. O. Williams—his was exceptional as it was printed and illustrated; Bill Hesse's notebook was the same size as a standard-sized book and bound like a professional book.

MANY TAKE OUTSIDE MUSIC FOR CREDIT

Twenty pupils are enrolled in outside music. The classes are divided thus: Piano, 18 pupils; violin, one pupil, and voice, one pupil.

MISS WHITE'S ROOM FIRST

When the attendance was tallied up for the past six weeks it was found that the freshmen were in the lead. Miss White's room headed the list of freshmen home rooms with an attendance of 98.2%. This record is very good.

REPORT CARDS OUT THURSDAY

Owing to the weekend holiday the report cards were not given out until Wednesday or Thursday but in most cases the grades were received in the same spirit even if they were late. An "A" is the same regardless of when you get it.

MOTHERS' PARTY HELD AT L. H. S.

A mothers' afternoon was held by the Associated Girl Students of La Grande High school on Friday, December 8th.

Florence Doherty took charge and turned the program over to Lois Jean Davis, who then took charge. On the program were:

- 1—Ira Mae Andrews, giving the address of welcome to the mothers.
- 2—Elin Tjornehoj, with one of her well-known readings.
- 3—Mary Ellen Stoddard, who played two well-selected preludes.
- 4—Norma Hankins, with a violin solo.
- 5—Helen Hendrickson, and a beautifully sung semi-classic, "I Love You Truly," which was deeply appreciated—and last, but not least,
- 6—Marion Chausse, and one of her acrobatic numbers. Her timing was noticeable because of its correctness.

After a concluding address made by Florence Doherty, the girls whose mothers came, took them up to room 17, where they were served.

JUNIOR PHOTOS TO BE TAKEN 2ND SEMESTER

The taking of the junior pictures, scheduled to be taken for the weeks before Christmas, has been postponed until January, due to the Christmas rush at the studio where they were to be taken. The seniors' picture-taking has been completed.

CLASS STANDING EXCITING

With four enthusiastic classes endeavoring to win the pep cup this year, all possible ways to win points are given to much competition. This year the class having the largest per cent of parents at the P. T. A. meetings receives four points and at the meeting last Thursday the freshmen were victorious.

MIMIR STAFF IS CHANGED

Due to insufficient time of the students, the Snap department has been reorganized with Tom Zivkovich as Snap editor of the seniors, Dorothy Campbell juniors, Edgar Draper sophomores and Dick Larkin freshmen. Those resigning were Kenneth Webb, Mildred Keagle and Johnny Group.

Radio Club In Second Meeting Of The Year

Monday, December 4, our second "Radio Club" meeting was called in Mr. Wright's room at 3:00 o'clock. This time we had a very successful meeting and a very interesting meet.

Mr. Wright gave an interesting talk on diagrammatic symbols and defining terms a bit of puzzling riddles, also explaining meters and kilohertz and giving a formula for working out wave bands. He also brought for demonstration a three-tube portable set that he made for himself which brought in excellent results in the daytime. Richard Walker brought an Octal-type one-tube set which brought in equal results, logging one station in New Jersey very nicely after that we talked on other small subjects of interest.

Last meeting had only seven members but this time seventeen members were present, the club showing a very nice growth. Next meeting we hope to have a few girls who have all at once become fascinated in this work.

Inquiring Reporter

Basketball or football preferred?
Judy Hegrist, senior: "Football—more grace."
Harry Karus, senior: "Football—because it teaches a person sportsmanship and it is a lot of fun, if you can take it."
Evelyn Ballard, junior: "I like basketball better, because it is at night."
Bob Webb, junior: "I like football better, principally because I can play football better than basketball."
Louise Marie Williams, sophomore: "I like basketball better, because I can see what they're doing."
Howard Zink, sophomore: "I don't know why, but I like football better."
Lois Burnett, freshman: "I like football better because there is more action, and thrill than in basketball."
