

LISTS SOME OF STARS OF 1933 IN SPORT WORLD

By Alan J. Gould (Associated Press Sports Editor)

"Please list some of the outstanding performers of the year in various sports," writes one of those interested in scanning the field for answers to our annual sports poll.

Perhaps it has been true that team performances have served to keep some of the individual lights under the bushel, but here are some of the conspicuous performers, listed by sports:

Baseball — Carl Owen Hubbell, southpaw ace of the world champion Giants and baseball's pitcher of the year; Jimmie Foxx, first baseman of the Athletics, No. 1 slugger of 1933, so far as either major league is concerned.

Golf — Johnny Goodman, amateur winner of the national open championship; George F. Dunlap Jr., new national amateur titleholder, and a semi-finalist in the British championship; Virginia Van Wie, women's champion for the second straight year.

Three Great Runners Track — Jack Lovelock, whose marvelous triumph over Bill Bonthron at Princeton in the world record one-mile time of 4:07.8 stands out as one of the great foot-racing performances of all time; Glenn Cunningham, beaten only once at home or abroad during a remarkable year of middle distance running.

Boxing — Max Baer, knockout winner and leading heavyweight challenger for the crown won by Primo Carnera; Tommy Loughran, hero of a remarkable fistic comeback; Barney Ross, two-time winner over Tony Conzoneri in lightweight championship matches.

Felo — Cecil Smith, Texan who played a star role in the West's victory over the East; and Elmer Beseke Jr., lanky Californian who has not played on a losing team in competition on two continents within the past year.

The team accomplishments that stood out against a brilliant background included the sensational performance of the New York Giants

Champagne Flies to White House

First legal champagne to leave California after repeal was this case, shipped to President Roosevelt, Florian Turner is shown delivering the case of 18-year-old sec to E. L. Remlin, United Air Line pilot, just before his departure from San Francisco.

under Bill Terry's leadership, the triumph of the British Davis Cup team, ending France's six-year reign, the victory of Louisiana State's track team over Southern California in the national collegiate, the West's polo conquest of the hitherto invincible East, and the return of Princeton's football team to power in the East.

Slender Waists Get Accents In New Frocks

By Rita Ferris (Associated Press Fashion Editor)

PARIS (AP) — Belts catch the eye on the new frocks.

Designers vary their models. Some make them large, some make them small, but all give a touch on some of their frocks to call attention to the trim slender waists.

Varied Belts Shown Swathed velvet girdles, slender silver link chains, narrow string belts finished with a wooden clip and trim leather belts are all seen.

In color they often contrast with the frock, matching the hat or some other accessory.

Lavin gives an effective flash to the waistline of a black velvet afternoon frock by putting two big sparkling finestone buttons just to the left of the waistline in back.

She shows a gray wool frock with a wide crushed belt of the same fabric studded across the front with applications of silver kid, coral and black crepe and she adds silver links to the narrow leather belts worn with wool sports frocks.

Some Match Hats Molyneux likes velvet belts in a tone matching the hat which accompanies the frock.

To a brown velvet frock he adds a narrow belt of henna velvet in the same shade as the accompanying toque and with a mist gray crepe he shows a crushed velvet girdle in a subtle shade of bois de rose to match the feather toque which completes the ensemble.

Maggi Rouff prefers narrow belts in a vivid tone contrasting with the sober hue of the frock. To one dress of black and gray ribbed silk she adds an inch-wide belt and buttons of brilliant red leather.

Augustabernard takes smoothly grained leather belts about three inches wide and cuts them in slow scallops to give a finishing touch to dark winter frocks.

Cricket Flat Personal T. E. Parks is having his share of misfortune. Last week he suffered with a carbuncle below his eye.

A few days later he mashed his finger quite severely while hobbling a cow. The community enjoyed a very good Thanksgiving program at the Hindman school Wednesday, Nov. 29, when Lois Witherspoon presented a community program.

A depression box social was held in connection with the program to raise money for Christmas treats. The affair netted \$19.65. A large bon-fire was built and the young folks enjoyed the remainder of the evening playing games around it.

The new curtains are up at the Hindman school house which makes a great improvement. A pie social was given at Halloween time and the proceeds used to buy the curtains, rods and stage curtains.

Those from here attending the Rebekah party at the Odd Fellow hall were Mr. and Mrs. Luther Hindman and family, Mr. and Mrs. Leo Roulet and family, Mrs. Ida Gordon, Mrs. Mary Waelly, Stanford Gilkie, Amos Dalgleish, John and Arnold Waelly.

Mrs. C. E. Cameron has been quite ill for the past few days. Dorothy Baxley is doing the work during her illness.

John Waelly, who is having sinus trouble, has been receiving treatment from Dr. Halston of La Grande.

Dale Myrick has been absent from the Hindman school for several days on account of illness.

The honor roll for the Hindman school the past six weeks were: 1st grade—Jack Hug; 2nd grade—Norma Jean Roulet; 3rd grade—Billy Hindman, Mr. and Mrs. Roy Knight and daughter, Verna, of La Grande, Mr. and Mrs. John Richards, of Cove, and George Chandler, of Elgin, spent Thanksgiving with Mr. Knight's and Mrs. Richards' father and sister, W. B. Knight and Mrs. Lucy Allen.

More Miles Per Gallon—More Power, Speed and Efficiency with Dual Carburetion—Greater Oil Economy

The performance and economy of the 1933 Ford V-8 have been the talk of thousands of motorists. Owners said: "Leave it alone, don't change it!" Dealers said: "Impossible to improve it!" But we have improved it—in every direction.

We started with the engine. The Ford V-8 for 1934 is more powerful, more efficient, easier to start in cold weather, yet it is the most economical Ford to operate ever built—largely because of the new Dual Carburetor and Dual Intake Manifold.

Even in the coldest weather the V-8 engine warms up quickly and maintains an efficient operating temperature because of new thermostats in the waterline.

Added engine refinements—get the details about all of them from the nearest Ford dealer—reduce oil consumption and further reduce operating and maintenance costs.

2 Clear-vision Ventilation—and the Windshield Opens There's nothing to obstruct the view in the new Ford system of Clear-vision

Country Club Lost in Flames

The exclusive San Gabriel Country Club, pioneer golf club in southern California, lost its buildings and its aged secretary, Legrand Betts, lost his life in a fire sweeping the property. Photo shows ruins of clubhouse.

SCHOOL CHILDREN You can get scratch paper for school at the Observer. Now 3 pads 5c. 9-14-5 f.

Pacific Coast Conference Ends Annual Meeting

SAN FRANCISCO, Dec. 12 (AP)—The Pacific coast conference was on record today as opposing the playing of professional football in any stadium, where college football tennis compete.

A resolution to this effect was passed at yesterday's closing session of the annual winter conference meeting, on the motion of Los Angeles representatives who said professional interests are trying to lease the Memorial coliseum in that city.

The University of Southern California and the University of California at Los Angeles both play their games in that stadium.

Priest Lake, Idaho, was chosen as the place for the conference summer meeting and it was assumed that business meetings would be held in Coolin, on the lower end of the lake.

Election of officers will be held in June when consideration will be given to awarding a contract for broadcasting next year's football games.

No coast conference football champion was officially recognized for 1933.
