

# RACING'S "MAD MONTH" PROMISES TO BE THRILLER

By Gayle Talbot  
(Associated Press Sports Writer)

**NEW YORK (AP)—**Eastern fans who like their foot races fast are looking forward to one of the greatest indoor seasons in many a year, packed into four wild week ends in February.

Luigi Beccali, Italy's world record holder at 1500 meters, is coming over to tangle right down the line with the best of Uncle Sam's middle distance men, and it promises to be a thrilling series.

Arrayed against the foreign swift will be Princeton's Bill Bonthron, who ran a 4:08.7 outdoor mile against Jack Lovelock last summer; Glenn Cunningham of the University of Kansas, national collegiate champion with a 4:09.9 mile to his credit; Gene Venke of the University of Pennsylvania, who set the world indoor mark of 4:10 two winters ago; and Glenn Dawson, consistently fine miler from Oklahoma.

Only Lovelock Missing  
There's dynamite lying around loose when a group like that gets together. The only thing that keeps the set-up from being perfect is the absence of Jack Lovelock of Oxford, who ran the greatest mile in history—4:07.6—to beat Bonthron in their famous duel. A knee injury has put him out of competition for a time.

The first test will come in the Wanamaker mile of the Milrose A. A. games here February 3, when Beccali matches strides with Cunningham, Venke and Dawson. The following week Bonthron is due to join in the fun at the Boston A. A. games, February 17, the entire troupe will be at it again in the New York A. C. meet here, and they'll wind up the month's battle February 24 in the national indoor championships at the Garden. In the latter two meets the distance will be 1500 meters, where Beccali has ruled supreme since the 1932 Olympics.

Didn't Bother Paavo  
The fact that the Italian flash is unfamiliar with the boards should prove no great handicap, in the opinion of experts. They recall that Paavo Nurmi also was a stranger to the indoor game when he first invaded this country, but you'd never think it from the list of shattered records he left behind.

There probably will be as much interest in the series of tests between Bonthron and Cunningham as in the combined efforts of the home forces to repulse Beccali. They didn't get together last season and the debate between their adherents has waxed loud and long. The Cunningham forces gained a slight edge when their man was awarded the Sullivan Memorial medal for 1933, but admirers of the Princeton star are far from convinced.

Won 29 Out of 33  
The stocky, muscular Cunningham, running anywhere from 800 meters to 33 miles, finished first in 29 out of 33 races last season, and in at least one that he lost he forced the winner to set a new record. He gave Venke a series of trimmings in the indoor events, losing to Gene only in the A. A. U. 1500 meter, where he accidentally was socked in the eye at the start. He did an outdoor 1500 meters in 3:52.3, compared to Beccali's world standard of 3:49.

Venke's indoor mile record of 4:10 which was considered quite remarkable just two winters ago, seems likely to take a beating during the "mad month" of running. Two of his opponents have been under that time outdoors, and Beccali's best time for the 1500 would, if he could hold the pace, put him across the mile mark well under 4:10.

## Administration Wins 2 Tests in Congress

(Continued From Page One)

as it is with dissatisfaction over patronage.

On petition of 28 Democratic congressmen, Representative Clarence F. Lea, of California, had to call a party caucus for late Monday for consideration of patronage matters.

## HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men  
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Moments get hard and constipated. You get yellow tongue, yellow skin, pimples, dark eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Get rid of your bile and only a free flow of your bile juice will stop this decayed poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No other mild vegetable medicine. Only one mild vegetable extract. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.

Refuse "something just as good" for it may bring loose stools or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C. M. Co.
