FARM EQUIPMENT NEEDED

DES MOINES, Ia. (AP) — Prof. J. B. Davidson of Iowa State college engineering school, estimates that three-fourths, or 150,000, of Iowa's farmers need \$1,000 of new farm equipment each. Equally distributed, it is declared, this would mean \$15,000 worth of business for each farm implement dealer in the state.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum, and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your downcast-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin does break out in blemishes, your head aches and you feel dazed and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel 'n' all up. They contain wonderful, herb-like, gentle vegetable extracts, amazing when it comes to making the bile flow freely. Don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Request a substitute. Best drug stores. © 1931 C. M. Co.
