Baker Bulldogs Will Play Here Friday Evening

Successful in last week's games against two strong basketball teams on their home floor, the Tigers of La Grande High were preparing this week for another weekend of strong opposition.

Friday night will find Baker playing in La Grande and Saturday night the Tigers go to Pendleton. If a double win can be chalked up, La Grande fans generally will be convinced of the blue and white hopes of retaining their 1933 championship are well founded.

Generally, local fans are picking the Tigers to defeat the Bulldogs Friday, although a close score is indicated. But the game at Pendleton is another story. If the Bucks play

WILL ROGERS says:

BEVERLY HILLS, Cal., Feb. 6.—You know a couple of days ago I said that what our treasurer, Mr. Morgenthau, needed when he went out with this two billion to gamble with these money exchange "japs," was not a pack of professors but a Chinaman. Well this morning I got a mighty nice wire from Mr. Morgenthau and he agreed with me and appointed me a committee of one to dig up the Chinaman. So I am in the market now for a keen minded Chinaman, kind of a cross between Confucius, Alexander Hamilton and Barney Baruch. So if you see me dashing into laundries and chop suey joints you will know I am working for the government. Yours, Will Rogers.

DISCUSS NORMAL SCHOOL STATUS AT ROTARY CLUB

Present and future status of the Eastern Oregon Normal school in La Grande was discussed before members of the Rotary Club at its regular luncheon meeting this noon by H. E. Inlow, president of that institution. Need of the erection here of the proposed training school building at the earliest possible moment was impressed upon his hearers to considerable extent by the speaker. So much so that upon conclusion of Dr. Inlow's remarks, motion was made and carried unanimously that the club intend itself most heartily in effort to obtain favorable settlement of the training school program now before the committee at Washington, D. C. People of Eastern Oregon during the past two years are rapidly becoming aware of the fact that their children may come to the Eastern Oregon Normal here and secure almost identical courses for the first two years of college that they would

ARRESTED

Admitting that he had represented aviation companies seeking air mail contracts, William P. McCracken, a former Assistant Secretary of Commerce for Aeronautics, now a Washington lawyer, told the senate committee investigating ocean air mail contracts that he had severed professional relations when appointed to office. McCracken, shown here on the stand, refused to submit his letter files for inspection "because it is my duty as a lawyer." He and three others were arrested.

LEWISTON FIVE BEGINS 2-GAME SERIES TONIGHT

Lewiston Normal school's basketball team, already with two victories over the Eastern Oregon Normal quintet, will furnish the opposition for Coach Bob Quinn's erratic Mountaineers here tonight and tomorrow night. The games are scheduled for 8 p. m. in the L. D. S. Recreational hall. Ira Woodie will referee. Quinn, following the disappointing display his players staged against College of Idaho Monday, is hopeful that they will stage a comeback tonight and revert to the type of basketball they displayed in the Monmouth series here in January, when the E. O. N. played some excellent ball, both offensively and defensively. The starting lineup has been revamped somewhat. Conklin, center, and Beers and Peterson guards, will be at their usual positions, but Crawford will start at Worthley's place, and Halverson for McCully. Worthley's ankle will keep him out of the lineup. Quinn may shift the lineup further after the game begins if the new combination doesn't click. Preliminary games, between gym classes, will be held at 7 p. m. both nights.

UNION FISH PLANT WORK GOING AHEAD

All Materials Purchased—Crew of C. W. A. Workers Busy on State Project.

With announcement today by Ernest Crockett, assistant supervisor for the state game commission, that all the materials—both those bought by the game commission and by the civil works administration—had been purchased for the improvement of the state hatchery at Union, Eastern Oregon sportsmen fears that something might go awry with the project were definitely quieted. Work is progressing on the hatchery project and the original project, involving some \$2,000, is practically completed, with work already started on the second project, involving \$15,500. Seventeen men worked last Friday and Saturday and a like number will be on duty this weekend, all these from C. W. A. ranks. The game commission employees, of course, also are busy on the project. Completion by May 1. Under present plans, it is certain the hatchery project will be completed by May 1, and there is a strong possibility that it may be finished before that time. This will enable the commission to pursue its plan for increasing the Rainbow hatch this year. Materials purchased for both projects amount roughly to \$9,500, of which between \$6,000 and \$6,000 were

PIERCE ASKS FOR INQUIRY HOSS FUNERAL TOMORROW WITHDRAW GRAZING LAND ASK THREE INDICTMENTS

WASHINGTON, Feb. 7 (AP)—A group of representatives from western states today urged the house rules committee to approve the Carpenter resolution calling for a sweeping investigation by a special house committee into the federal land banks and farm credit administration. Representative Pierce (D-Ore.), said the country was "seething with discontent" because of the farm credit operations and "the only way to reach or teach the officials here is through a congressional investigation."

SALEM, Ore., Feb. 7 (AP)—From the historic house of Representatives of the Oregon Capitol building, Hal E. Hoss will go to his last resting place tomorrow. Funeral services for the secretary of state who died Tuesday will be held in the house chambers at 2 p. m. Thursday. Instead of a funeral chapel as had been planned. While it was known the governor had under consideration appointment of Hoss' successor, no indications were given out as to whom he would name.

WASHINGTON, Feb. 7 (AP)—President Roosevelt has signed an executive order withdrawing more than 1,000,000 acres of public domain from grazing, all in Western Utah.

WASHINGTON, Feb. 7 (AP)—The Evening Star says indictment of at least three persons, two of them high in the ranks of the American Legion, will be asked of the federal grand jury by the government in connection with the alleged conspiracy to graft on the millions of dollars allotted for motorizing the army.

TAX RATES ARE BEING REVISED BY COMMITTEE

WASHINGTON, Feb. 7 (AP)—The house ways and means committee today revised the bracket and rates slightly in the new revenue bill to relieve somewhat the burden on incomes of between \$8,000 and \$25,000. Brackets affecting such incomes were shifted. Also shifted were some of those on incomes higher than \$25,000, in order to keep the expected additional revenue at \$300,000,000.

Representative Samuel B. Hill (D., Wash.) said the committee probably would report the bill tomorrow but that it would not be ready for house action until next week. By 15 to 9, the committee sustained previous action in voting a 6-cent-a-pound tax on coconut and sesame oils. A motion by Representative Lewis (D., Mr.), to make the tax apply only on oils going into edible

EDWARD F. BAILEY SUPPORTS MARTIN

PORTLAND, Feb. 7 (AP)—Declaring that Charles H. Martin, Democratic congressman, "is the type that Oregon needs today," Edward F. Bailey of Lane county has pledged his wholehearted support to Martin in the latter's candidacy for governor. Bailey, Democratic candidate for governor in 1930, said that "many of my friends have urged that I again make the race for governor in 1934. I have delayed making a definite decision, hoping that a Democrat of the proper type and caliber, and who is so situated as to be better able to make the race, would consent to run." "General Charles H. Martin, who recently announced his candidacy, is such a man."

SNODE ACQUITTED BY JURY VERDICT

Two cases were completed in the circuit court yesterday afternoon and this morning when Del Snode was found not guilty by a jury of assisting a prisoner to evade arrest and Louis May was found not guilty of non-support when Judge J. No more cases are scheduled for trial in the circuit court at present.

Wheat Today

The price of local cash wheat stood at about 51 1/2 cents bulk here today, according to quotations at the Pioneer Flouring Mills. Portland cash 71 cents. No export bid.

CHICAGO, Feb. 7 (AP)—Tumbled down by stop loss selling wheat today fell about 2 1/2 cents a bushel, with other grains also suffering sharp setbacks. Most of the selling came from houses with connections east, and was associated largely with weakness of the stock market. Likelihood of rains southwest, and with prospective imports of rye. The proposed new grain exchange code was also a disturbing factor. Wheat closed unsettled, 2 @ 23c under yesterday's finish, corn 1/4 @ 1 1/4c down, oats 1/2 @ 1/2c off, and provisions showing 7 @ 10c decline.

President Lebrun of France Calls Gaston Doumergue to Service

CABINET TO BE ORGANIZED SOON

Attempt to Change Governments Fails to Appease the Fighting Spirit of the Mob.

PARIS, Feb. 7 (AP)—President Lebrun called former President Gaston Doumergue to head the French government today and, it was understood, prepared a decree whereby Doumergue can dissolve parliament. Dissolution of parliament would be followed by new general election of the legislators. Four more persons died in mob violence today as Premier Daladier resigned and President Lebrun called on a former president, Gaston Doumergue, to guide France through one of the most alarming crises in her history. Unofficial sources said as many as 50 had been killed. The riots continued, with mobs parading the boulevards. Violence broke out in the Place De La Concorde, around the president's palace, around the Madeleine church, and down the Rue royale leading into the Place De La Concorde. But the attempt to change governments, although political observers thought it would succeed, did not appease the fighting spirit of the mobs. Sabres flashed as mounted guardsmen charged against the angry crowds in the Place De La Concorde. In other open spaces of the city Mobile guardsmen and police wrestled in hand to hand combat with the shouting civilians. The list of injured, seriously and slightly, gained steadily throughout the day, and as night drew in, private cars were impressed into duty
