## Rev. Fairweather Delivers Address

Mr. J. H. Blunt, head of the social science department introduced the Reverend B. M. Godwin, pastor of the La Grande Baptist church, who in turn introduced the Reverend William Fairweather, pastor of the Pendleton Baptist church. Reverend Fairweather delivered a very valuable and inspiring address to the students of La Grande High school.

The subject of his address was "The Test of Life."

The error in most peoples' lives today is that they get all they can and share nothing; or they get all they can and share as little as they can. Using athletics as an illustration, Reverend Fairweather, conclusively proved the fact that cooperation and team work is absolutely essential to

## DEBATE CLUB DISCUSS LEAGUE OF NATIONS

The Debate club met at 3:00 o'clock Wednesday for the regular meeting at which the League of Nations discussion was finished. Then most of the members contributed current event topics that would be of interest to all. A report was given on the "Lost Tribe." Their city was found intact several years ago but they are unable to find the remains of any human bones.

The true "Test of Life" is "GIVING" it. You must cooperate with and help your fellow man, you must pull together and work to attain or accomplish the things that are most helpful and approvable in life. Life as we live it, is divided into three realms: physical, spiritual, social. For an individual to be a success or acceptably pass the "Test of Life" he must equally develop and exercise the above named realms of his life. The physical and social realms are temporal that is for the time being, but the spiritual is lasting.

All of life is not simply just to take, but to give. The spiritual realm teaches this, and if you are ever going to accomplish anything, light and noble, lasting or pure; you must develop spiritually.

## INQUIRING REPORTER

What would you prefer paying \$1.25 for a 75 page Mimir or \$1.00 for a 60 page Mimir?

La Wanda Cantrell — "I'd rather have 75 pages for \$1.25, who wouldn't?"

Marjorie Gray — "I could get \$1.25 as easy as I could a dollar."

Janet Binger — "Let's have a \$1.25 Mimir and get more pages for your money."

John Inseth — "For 25 cents we could have more pages for sports."

Louise Walden — "Those who have had annuals before with more than 60 pages know how nice a Mimir makes. Fifteen more pages for 25 cents, sure."

## Through The Keyhole

Lo folks! This is your news hounds Mr. X and Mr. Y or B and C, P and Q, or any thing else you want to call us (which will probably be worse than any of these before we're through) wondering how long it will be before the Letter Girls' new awaters will be bestowed on some members of the stronger sex.

Methinks Hughey Erwin has gone native or was it an Indian practicing a war-whoop at the assembly Thursday? By the way, Hughey's hair is the only known object that can be matched with Sheldon Hyde's shining countenance when asked to make a speech.

Your keyhole correspondents have just discovered that Ella Engel gave specific instructions to Squire Edridge Huffman to keep the eagle eye on the Right Honorable William Corey whilst said gentleman was at the tourney at Union. She did not seem worried about the trip over and back but was much concerned about the time spent in yonder metropolis, TUT-TUT-TUT AND A COUPLE OF TSKS.

How did Muriel Gray come into possession of Stanley Spencer's watch? You guess, Tak, tak.

Does anybody know why Vena Mae Ward was A. W. O. L. fifth period Thursday?

Bend your ears good pipples and hark to the greatest scandal of all. It'll stay with you.

Messrs. Walter Dahl and Bob Helm were observed Thursday p. m. in the company of several very lovely Baker girls in the Baker section at the tournament. They were also quite active among the Baker rooters. Of course this couldn't possibly have had anything to do with young Walter's being ten minutes late for class the next morning.

Much mirth was enjoyed last Friday morning when the afore mentioned Bill Corey tried to do a balancing act on a chair in room 4. After seating himself on the extreme edge, he attempted to raise his feet, which is almost humanly impossible for him to do. A moment later his fellow students were unwrapping the chair from around his neck. After being lifted to his feet, he complained of bruises here and there and expressed doubt about being able to sit through the games that day.

Beware ye industrious students who would do English, shorthand, etc. in M. E. H.'s bookkeeping classes. You may receive a slip requesting you to bring your bookkeeping and make up time after three o'clock.

## Dr. Haun Gives Interesting Talk

Thursday afternoon the vocational guidance class enjoyed a talk given by Doctor Haun. His subject was the medical profession. In the course of his talk Doctor Haun discussed the history of medicine, from the ancient witch doctor or medicine man to the present day doctor of science and medicine. He also told of the different schools in which it is possible to study premedics and medicine; of the initial cost to become a doctor and the monetary reward received by him, and explained the services a doctor renders to his people.

Doctor Haun concluded his talk by telling the class he would answer any questions concerning medicine that the class would like to know.

## DEBATE CLUB MET WEDNESDAY

The Debate club met Wednesday for the regular meeting at which the League of Nations was discussed. The discussion is in preparation for the test to be taken March 24 to choose two papers to compete with the boys and girls of the nation on that topic. The winner of the national contest wins a free trip to Europe. The discussion is beneficial to all whether they plan on competing or not.

With Mr. Loney's return to school, operetta rehearsals have been resumed on a regular schedule. The operetta, which will be given at an early date, will be very interesting.
