

Trying Something New In Political Organization

The Oregon State Association of Women, which has been active in the political field for many years, is now trying something new in its organization. It has decided to hold its annual convention in a different way from the usual one. Instead of holding it in a large hall, it will be held in a small room, and the members will be asked to bring their own chairs and tables. This is a new idea, and it is hoped that it will be successful.

Dillinger Guard Held for Escape

Charles Dillinger, the famous gangster, is being held in a guard house in the city of Chicago. He is being held there because he is suspected of having escaped from prison. The guard house is a small building, and it is located in the city of Chicago. Dillinger is being held there until he can be taken to court.

MORE FEAR THAN HOPE IN MARKET

The market is in a state of confusion, and there is more fear than hope. The prices of stocks are falling, and the market is in a state of panic. The investors are not sure what to do, and they are all looking for a way out. The market is in a state of confusion, and there is more fear than hope.

It's a Racket, Mayor Tells New Yorkers

The Mayor of New York City has told the people of New York that it is a racket. He has said that the people of New York are being cheated, and that they need to know the truth. The Mayor has said that the people of New York are being cheated, and that they need to know the truth.

about Cigarettes

Practically untouched by human hands

WED like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobacco is the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4 minutes.

When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to us an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspector examines Chesterfields as they come from the cigarette making machines and throw out any imperfect cigarettes.

Chesterfield

the cigarette that's Milder

the cigarette that TASTES BETTER
