Team Given Big Send-Off To State Tourney

At 9 o'clock Friday morning a pep assembly was held to give the basketball team a send off to the state championship tournament, which will be staged at Salem on Wednesday, Thursday, Friday and Saturday of this week.

The La Grande High team earned the right to represent this district in the state playoff at Salem by overwhelming victory in the district tournament at Union a week ago. This is the second straight year for La Grande High to send a district championship team to Salem, and the general feeling is that if La Grande plays a good game of going a long way in the tournament—maybe to the championship.

Bill Peare and A. W. Nelson, two outstanding athletes at La Grande High school in years gone by, gave inspiring speeches in behalf of the team.

Earl Peterson, a member of the team, Jean Paddock, manager of the team, and Coach Woodie gave their prediction as to the outcome of the tournament.

Student body cheering and singing were participated in with Wagon Gooderham and Janet Bing doing the directing.

The songs and lines are interspersed with dances, providing much variety. The Black and White Revue, features Marian Chausse. The chorus is composed of Lorraine Dodge, LaVeda Milling, LaWanda Cantrell, Lois Robertson, Orville McWilliams, Roxie Zaugg, Lillian Schubert, Mary Free, Lucille Thompson and Georgiana Lockwood. Other dances are the Arabian one, featuring the girls' sextette, a boys' Arabian chorus, a tap dance by John Williams and Bob Robertson, a solo dance by Judy Siegrist, and a London chorus, with the girls dressed for stormy weather.

Those in the chorus are Winifred Scott, Ella Engle, Marjorie Spencer, Jean Salkield, Marianne Boyles, Yvonne Baxter, Betty Hendrickson, Mary Ellen Stoddard, Sylvia Turn, Betty Bohnenkamp, Josephine Cochran, Gloria Swan, Natalie Samuelson, Owen Hertzog, Retha Kull, Rosemary Alexander, Zelma Sirrine, Henry Stoddard, Kenneth Eagan, Billy Gebel, Bob Hogenson, Knox Parker, Lloyd Davy, Ben Grandy, Eugene Schutte, Leonard Cline, Glen McKenzie, Donald Higgins, Robert Spencer, Robin Alexander, Alfred Berry, Bob Foster, Steve Lakson and Bob McWayne.

DR. AGER TO ADDRESS CLUB

Dr. Ager will address the Vocational Guidance club at its next meeting—Thursday, March 22 at 3 o'clock in room 2. Dr. Ager will speak about the medical profession.

JEAN WHITE FIVE YEARS AT L. H. S.

Miss White has been an inspiration in the Freshman classes for five years. She has had supervision of the Freshman English classes almost exclusively during this period. That is exclusive of those that enter school at mid-year. However, during this period, Miss White has had one class of Sophomore English students. The present enrollment in English II is approximately 150 students.

The Freshman class is greatly indebted to Miss White for its excellent showing in the pep contest. At present they occupy second place with a very small margin between them and the Seniors. As head class advisor, she also supervises and directs Freshman talent assemblies and studies.

PULMOTOR SEEN AT FIRE STATION

Members of the Senior First Aid class, which meets every Tuesday evening in the city building, were highly pleased to see more than half of the class's personnel answer a fire alarm last Tuesday night. All of the firemen are taking the course and the other members have been wanting to see them answer an alarm. They slid down the poles very nicely, and left the class in a turmoil, but with a gratified desire. While they were gone, one of the remaining firemen demonstrated the use of a pulmotor.

Skit From "Jewels of The Desert" Given; Operetta Promises to be Good

Thursday morning at 9 o'clock an assembly was held for the purpose of allowing the operetta cast to present a skit advertising the operetta which is to be staged Thursday and Friday of this week.

If the cleverness and entertaining ability showed by the cast in presenting the skit means anything, everyone may rest assured that the Thursday and Friday performances will be of an excellent nature.

The proceeds from the operetta are used to finance the band in its trip to the state band contest.

Through The Keyhole

Ohboy Ohboy Ohboy! If this isn't the grandest feeling standing around and listening to your guys trying to figure out who we are, and chucking up the well known sleeve. Keep it up, you're doing fine.

Shirley Zion seemed to be puffed at not having her name in this column. Well, we don't blame her, but the only thing that we can find out about her is that she has been trying lately to draw the attention of one Homer Sailer in G. B. S. Watch out, Bethel.

Whilst nosing around in the Right Honorable M. E. Huffman's desk the following articles were discovered. 2 screws, 8 rubber bands, 1 plug for electrical outlet, 1 Red Cross button, 3 pieces of string, 4 paper clips, 2 stickpins, 1 nut, 1 eraser, 4 rulers, 1 piece of eversharp lead, a worthless check, and other unmentionables.
NOTE: This desk is open for public inspection.

John Blanchard, Jim Bruce and Howard Webb have likely been promoted to the exalted position of the official chair-pullers-away of the band. This high honor (question mark) was bestowed upon them for being among the missing at practice.

Three Ribs and a Tiger for Andy Loney. No one deserves them more than he for the splendid way in which he has carried on with the operetta so soon after his illness.

A great many students were enjoying (7) sixth periods with Miss Palmer this week. Among those present were: Bob Arnolds, Verne Gillispay, Sam Southall, Theda Call, Jim Lewis, Don Barker and others.

Pst! Don't tell a soul, but we heard that Fred Gehring was kept so busy making up time for skipping school Friday P. M. that he was not able to walk home with Milady Mary Free. That'll jar ya, you!

Seems to me that Sheldon Hyde has some good competition in Jean Paddock in the manly art of blushing. What you say?

DR. BOUVY TALKS TO VOCATION CLUB

Dr. Lee Bouvy was the principal speaker at the last meeting of the Vocational Guidance club. The subject upon which Dr. Bouvy talked was the special side of medicine.

In building a background for his discussion Dr. Bouvy said "Everything that we take in high school is important." In connection with this fact, Dr. Bouvy says that high school students are moulding their pathway for the future, ie. they are building character which will determine their future pursuit of life.

The principal essentials required in getting an M. D. degree are good health, a good mind and a good character. Without these qualities one cannot expect to succeed as a doctor. In the field of medicine one must continue his study, ie. he must be satisfied with his study and just keep on studying and learning.

Dr. Bouvy spoke of the Mayo clinic, and cited the fact that it is a very important help and most fortunate for an individual going into the practice of medicine to have a brother who will associate with him in the practice. In order to be a successful and efficient general doctor, one must be a very brilliant person.

Dr. Bouvy extends a cordial invitation to any student who is interested in the medical profession, to call at his office and make inquiries about the profession.

GEOM CLASS USE HYPSONETER

The plane geometry classes have been measuring the height of objects with the use of the hypsonometer and the angle mirror. They have just completed the study of circles and the lines connected with the circle. They will now take up the study of similar polygons.

The trigonometry class is studying the oblique triangle. In this study, they are using the law of sines and the law of cosines.

JEWELS OF THE DESERT

"Jewels of the Desert," undoubtedly will be the most delightful operetta ever presented in La Grande High school. With its enchanting desert background this musical comedy will hold the interest of all who attend. It finances the band on their trip to the state contest at Corvallis, so it is necessary that the student body sell as many tickets as possible. The band plays a big part in the student activities each year so we should show our appreciation to them by turning out 100 per cent for the operetta.

Improvement Group Proves Valuable at H.S.

The Student Improvement Association, which was organized or officially begun last week with Bill Smith being elected manager, has already proven that it is a very valuable asset to the student body.

A number of the students met on Saturday at the high school, and did a most efficient job of cleaning up the campus, renovating the building and putting the equipment in proper working order. One feels as though Allah had visited the building and the grounds with his magic lantern over the weekend, the old school has just been completely translated. The student body is responding to the new order in a most appreciable manner; feet have ceased to tread the campus grass, and alas—sweaty hands and dusty shoes, no longer recline against the kalsomine.

The Student Improvement Association is a direct outgrowth of the Social Science department. It is impossible to give the personnel and details of organization at this time as they have not as yet been completed, but they will appear in the next issue of the Tiger Hi-Lights.

SOPHS DEFEAT ROOKS 13 - 9

The Sophs and Rooks wound up the last game of the All-Star series, in which the Sophs emerged victors by a slim margin of 13 to 9. The Sophs and Rooks broke even in their games, each defeating the other once and both winning a game from the Seniors. The teams ended in a tie for last place, winning two games and losing six.

After the Rooks held a 6 to 0 lead at half time, the Sophs came back strong in the last half to score 13 points in the Rooks' 3 and winning the final game of the series by a close margin of 13 to 9.

"Ole" Johnson was the key man for the Sophs, scoring 10 points, while Alvin Stitt of the losers netted 5 to lead his team in scoring. The summary:

Sophs (13)	(9) Rooks
Beck	F
O. Johnson (10)	F
Bean (1)	C
Hanzke (2)	C
Schultz (2)	C
Shirley	C
Chadwick	S

Officials: Orlin Osborn, referee; Williams, umpire, and Willie Torrence, scorer.
