Their scries and Pharisees murmured against his disciples, saying, Why do ye eat and drink with publicans and sinners? And Jesus answering said unto them, They that are whole need not a physician; but they that are sick. I came not to call the righteous, but sinners to repentance.— Luke 5: 30-32.

GUARD AIR EXPENDITURES

It sometimes seems as if Uncle Sam couldn't touch airplanes without getting his fingers burned. During the war the old gentleman put a perfectly fabulous sum into construction of airplanes, and announced blandly that the sky of France presently would be darkened by the wings of innumerable American birdmen. The American birdmen did their stuff all right, but not in American planes. About all the country got to show for the expenditure was a headache and a feeling of dazed bewilderment.

The story isn't quite the same today, but once more it looks very much as if some slick city feller had sold Uncle Sam a part interest in the Brooklyn bridge, or something.

We read about gay gentlemen who ran investments of a few hundred dollars into many millions, aided by fat government contracts; about certain companies which enjoyed profits of 30 and 40 per cent on their sales to the government; about a weird tangle of subsidies and exclusive contracts which seem to have kept at least a favored few from knowing anything at all about the secret defense.

It goes without saying, of course, that all this queer business needs to be investigated right up to the hilt. But even more important than finding out who sold our uncle a gold brick is the job of discovering some way in which he can be sure of getting value received when he spends his money on airplanes. For there is more to all this than just the possibility of a big scandal to be aired. Directly or indirectly, the money the government spends on aviation is money spent to advance the national defense. If and when we go to war, our air fleet will be vitally important to us. Its size and efficiency will spell the difference between victory and defeat.

The country has been exceedingly liberal in providing for its aerial defense, and the country is entitled to get what it has bargained for. The man who gips the government on an airplane contract is not simply a swindler. He is undermining the national defense in a vital spot. That is why all this talk about funny business in connection with airplanes must have a complete airing.

E. O. TRAINING SCHOOL OVER ONE OBSTACLE

The 1931 appropriation is a continuing fund and is available although the 1931 appropriation has expired.

Miss Snodgrass, attorney, presented the matter to the board of control. He was accompanied by Chancellor W. J. Kern, and F. C. Callister and El Sammons, members of the state board of higher education.

Auto Strike Settled; Rail Talks Continue

(Continued from Page One)

"It is my hope," said the president, "that this system may develop into a kind of works council in industry in which all groups of employees, whatever may be their choice of organization or form of representation, may participate in joint conferences with their employers."

Another twisted knot, however, is the national wage question, now in the hands of Joseph B. Brothman as arbitrator. He planned to talk to the employe spokesmen today in an effort to alter their plan refused to agree to the president's plan for a six-month continuance of the present pay level.

The bituminous coal industry's wage and hour struggle came up for review about seven days ago. A. J. 1 in the large Appalachian area. Officials of this territory and officials of the United Mine Workers were called together under NLR auspices this morning.

Here are the essentials of the agreement on which the bituminous strike was settled.

A board of three, appointed to be completed today, will advise representatives of worker delegates for collective bargaining to A. F. of L. union, company unions and others on the basis of their membership in each plant.

The division will be made on the basis of union rolls and company payroll lists.

This board will also pass on complaints over discharges and discriminations against union men. The decision in all cases will be final.

These rules need not be turned over to the management, but unless they are discrimination cases cannot be brought.

In laying off men after the strike season the companies will not let out more union men proportionately than non-union. But most 1934 work that preference is given to those who dependents and also to those of long service, high skill and efficiency.

The companies agreed not to discriminate against union men in any way and to bargain with the chosen representatives.

Further details were left by President Roosevelt "to be worked out on the basis of common sense and justice."

TODAY IN BRIEF, IN AND AROUND OREGON

AS CHRONICLED BY THE DAILY LEARNED WIRE OF THE ASSOCIATED PRESS

JUDGE DISQUALIFIES HIMSELF
KLAMATH FALLS, March 26 (P) — Judge William M. Duncan Saturday forwarded a letter to Judge John L. Rand, chief justice of the supreme court, disqualifying himself from presiding at the trial of Horace M. Manning.

Manning, prominent Klamath Falls attorney, is charged with the first degree murder of Ralph W. Horan, his former law partner and member of the house of representatives. The trial will start April 15.

ELBERT BEDE NOT CANDIDATE
EUGENE, March 26 (P) — Declaring his "political ambitions" would be satisfied if he retained his old position as reading clerk of the house, Elbert Bede, Cottage Grove editor, today announced he would not be a candidate for the Republican nomination for secretary of state.

Excessive cost of a campaign was given as one of the reasons for Bede's decision. Saturday night after a conference with Earl Small, Arlington, Bede said here either Small or himself would be a candidate. Bede's retirement from the picture was taken as an indication Small would be a candidate.

OLD TIMERS FORM CLUB
MEDFORD, Ore., March 26 (P) — Some 20 persons who have lived in Klamath, Josephine or Jackson counties for at least 75 years gathered here today to form the "three-quarter Century Club." One delegation was led by Captain O. C. Applegate, one-time Southern Oregon Indian fighter.

FEDERAL LAND BANK SCORED
THE DALLES, Ore., March 26 (P) — Negligence, lack of interest in the Mid-Columbia district, use of inexperienced appraisers and 25 per cent limitation on loans were charged against the federal land bank at Spokane during a meeting of some 40 farmers from Wasco, Hood River, Sherman, Skamania and Jefferson counties Saturday.

TO FIGHT SQUIBBLES
PENDLETON, March 26 (P) — The pretty little squirrel may make a nice pet, but he's a fly in the soup to farmers in this area. Moved by the thousands of dollars worth of damage done to crops by squirrels in the past few seasons, Albee and Ukiah farmers will meet here Tuesday to consider wholesale poisoning plans designed to make today the number as efficient as the sick in this region.

THREE BOYS RESCUED
PORTLAND, Ore., March 26 (P) — The "Pratts' Cove" nearly became a Massadonum Sunday for Donald Snide, E. Peter Page, 6, and Teddy Jenkins, 8.

As the Portland boys were busy digging their cave, the sandy soil in the roof gave away and all three were buried under the debris. J. H. Alderson, a neighbor, saw the cave collapse and pulled young Snide and Page out before they were seriously injured. The Jenkins child was rescued some 15 minutes later by police.

FIRE AT CASCADE LOCKS
HOOD RIVER, Ore., March 26 (P) — Fire destroyed two old store buildings and threatened the entire town of Cascade Locks Sunday before an old-fashioned bucket brigade managed to get the flames under control, according to meager information received here.

A call was sent for fire-fighting equipment from Hood River, but the bucket brigade succeeded in checking the flames before the equipment was sent. Damage was about \$4000.

ALL-BRAN MADE HIM REGULAR AS CLOCK

Delicious Cereal Corrected His Constipation

We quote from his voluntary and enthusiastic letter: "After reading your advertisement, I decided to use ALL-BRAN. I had been taking pills right along. But now I don't have to take pills.

"I take ALL-BRAN every morning, and am as regular as the clock. It has done me a lot of good." Stephen Higgins, 51 S. Nein St., South Norwalk, Conn.

Common constipation frequently causes headaches, loss of appetite and energy. Yet this condition can be overcome, usually, by eating Kellogg's ALL-BRAN.

Tests show this delicious cereal provides "bulk" and vitamin B to aid elimination. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently this clears out the intestinal wastes.

Isn't this safer than taking harmful patent medicines? Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Enjoy ALL-BRAN as a cereal with milk or cream. Use it also in making fluffy muffins and breads, etc. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

COUNT THE DAYS TILL EASTER

NOT many days remain — yet some of us have much shopping to do before we'll be ready for Easter Sunday.

There's a way to make last-minute Easter purchases easier, without the usual last-minute fuss. The advertisements in this newspaper will help you buy quickly and to the best advantage.

Whether you are planning a new hat, shoes, or complete spring outfit, the advertisements will save you time and money. For you can choose what you want in the comfort of home or office, avoiding crowds and fruitless tramping from store to store. You can be surer of fresh stocks, authentic styles and honest prices when you buy the advertised goods of reputable stores and manufacturers.
