She Shudders Now When She Thinks Of It!

PORTLAND, Mar. 29 (AP) — Glimping from her window, Mrs. W. J. Sheridan discovered with amazement that apparently only three or four plants remained in a plot she had planted to panicle the day before. Suspecting vandals, she hurried to the spot in her backyard.
She gasped as she stopped short of the brink of a circular cavern, 4 1/2 feet across, and 52 feet deep. In the center of this plot Mrs. Sheridan and her 5-year-old granddaughter had spent an hour the previous day planting the flowers. There had been no indication that this section of the garden had rested on a rotting board floor covering the packed soil. Scores of times each year she and her family had walked over the spot. Neighbors recalled, however, that many years ago a brick yard was operated where the house now stands. A hard rain yesterday was believed to have caused the cave-in. A contractor said 30 or 35 large wagon loads of earth would be necessary to fill the hole.

TWIN BROTHER OF A. MILNE PASSES AWAY

Alfred Milne received the sad news of the death of his twin brother, John, Klamath, this yesterday. He was born in Peterhead, Scotland May 13, 1881. He lived in The Dalles for 26 years and moved to Klamath Falls less than a year ago. The after effects of flu caused his death. Survivors include his widow, three sons and one daughter, two brothers, A. S. Milne, of The Dalles, and Alfred Milne, of La Grande, and a sister, Mrs. Thomas Low, of Fruitdale.
Funeral services will take place in The Dalles Saturday at St. Paul's Episcopal church, of which he was vestryman for a number of years. He also was a member of the Masonic lodge.
Alfred Milne will leave for The Dalles tonight to attend the funeral.

It used to be sulphur and molasses but now it's delicious

Kellogg's ALL-BRAN

WILL you ever forget the sulphur and molasses "spring tonic"? But times have changed. Today, we know that much of the listlessness of spring days results from common constipation.

This condition can be corrected by including plenty of "bulk" with meals. So today, instead of getting an unpleasant "spring tonic," you go to your grocer's for a package of Kellogg's ALL-BRAN.

Two tablespoonfuls of this delicious cereal daily furnish the "bulk" needed to help promote regular habits.

ALL-BRAN also provides vitamin B, as well as a generous share of the iron you need in spring.

People who are really ill after the winter, of course, should consult their physicians. ALL-BRAN is simply recommended for common constipation—and is not a "cure-all."

The labels of bran cereals tell, now, whether they are all bran or only part bran. Get Kellogg's ALL-BRAN—and avoid disappointment! At all grocers. Made by Kellogg in Battle Creek.

Keep on the sunny side of life
