WALLACE IS HINTED AT IN WIRT WIRE

(Continued From Page One)

"I regret indeed that Dr. Wirt's spasm of pugnaciousness was so short-lived." A summons was in preparation today for Wirt to come to Washington and tell the whole story. Representative Bulwinkle (D., N. C.), whose resolution for an investigation was adopted late yesterday by the house, said Wirt would get an invitation to appear before a special committee probably late next week.

Prior to receipt of the Wirt telegram, Wallace smiled when newspapermen asked him his reaction to the hoosier schoolmaster's statements that some members of the "brain trust" were planning a revolution.

"It is amazing," said Wallace, "the state of mind that newspapers can create at times."

GARY, Ind., Mar. 30 (AP) — Dr. William A. Wirt, Gary school superintendent, said today the names he has been urged to make public as "brain trust" planning a revolution in government have been "fired in a safe place" for disclosure "when necessary."

Explaining that he hoped to stop rumors that he had already divulged the names to anyone, Dr. Wirt issued a statement. It said: "I have not given names to anyone."
