Three Hundred People Are Present For Old-Timers Club Meeting Monday

Approximately 300 people attended the meeting of the Old Timers club held last evening at the Sacajawea Inn, a meeting reported to have been most interesting and enthusiastic. Jim McLaughlin presided over the program proper and announced the various features. Tom Bruce, accompanied on the piano by Jack Hiatt, gave two vocal numbers "Hiatt's Wheels" and "Everything That's Mine Is Yours." Clark Wheeler and Loren Blanchard offered two duets, vocal and guitar. Miss Margaret Painter appeared in a tap dance, her accompanist having been Miss Laveda Miller. Miss Frances Clark sang "Alice in Wonderland" and "Just An Echo In The Valley," and Mrs. Florence Lynch Miller accompanied by Mrs. Merlin Batley presented two soprano solos.

Lee Hanford, president of the Old Timers, in a brief address gave some of the history of the local organization. He stated that membership in the group is only open to those who have had 20 years of service and that the La Grande club which was organized in October, 1913, now boasts of a membership of 221, covering a district extending from Reith to Huntington. The club exists for the purpose of creating a closer relationship among those entitled to membership, for care of the needy, and for the cultivation of a closer relationship between the shipper, the public and the railroad. Mr. McLaughlin presented P. N. Finch, of Portland, general manager who praised the club for its activities. Supt. H. A. Connett, also of Portland and J. F. Corbett.

Mr. McLaughlin reported on the progress of the approaching semi-centennial celebration. Already \$4700 of the necessary funds to cover the gigantic affair have been underwritten, he stated. "This is considered very good by those who have the responsibility of this part of the project. A few hours of dancing followed the program."

TO MOVE INTO CABIN SOON

The Misses Jennie Peterson, Thelma Whaley and Florence Day, instructors at the Eastern Oregon Normal, have taken an apartment temporarily at the Sacajawea annex, until they can move to their cabin up the Mill creek canyon in the vicinity of the Birnie cabin. Enthusiastic horsewomen and out-of-door enthusiasts these young women have gone to the hills early each spring and remained as long as the weather permitted. The weather during the spring vacation when they had planned to make the transfer was not satisfactory, thus the delay.

Mrs. Mathilda Anthony and her daughter, Miss Hilda Anthony, and Miss Ida McMeekin arrived in La Grande yesterday afternoon and have taken up their residence in their own home at 1612 Sixth street. The three left Topeka, Kan., where they have been living the past year, on March 9, and have experienced a delightful 4,000 mile motor trip which was free from all mishaps even down to a flat tire. Coming by the southern route they made stops at San Diego, Los Angeles, San Francisco and other points of interest.

Sunny Weather Comes On Heels of Local Storm

(Continued From Page One) Whether other sections of the county suffered frosts last night had not been reported today. Indications were that the maximum today would pass the 60 above mark, possibly to 65. While the northwest was again enjoying mild weather, the east was experiencing mid-summer heat, and floods were threatening in New England. In New York the weather man offered odds that today would break the all time high for April 3—73.4 degrees, set in 1892. That should be

cheering the citizens of Montana and Wyoming as they dig themselves out of ten feet of snowdrifts piled up by a storm last night. The thermometer reached 75 in New York yesterday, while Washington reported 84 and Boston 72. One death was reported from the storm in Wyoming. J. Kent Kiniburgh, secretary of the Casper chamber of commerce, was killed when his car overturned on a slippery pavement. Army airmail ships were grounded at Cheyenne and a United Air Lines passenger was flung down at Laramie and passengers transferred to automobiles.

A storm that raged over Utah and Southern Idaho brought three inches of snow to Salt Lake City. Seven inches was reported at Logan, Utah. Motor traffic out of Great Falls, Mont., was brought to a virtual standstill when drifts blocked the highways.

E. J. Davis, field inspector for the government emergency seed loan office with headquarters at Salt Lake City, was in La Grande yesterday on business in connection with his office. Mr. Davis resides at Preewater and has for his territory eight Eastern Oregon counties.

The trip here was for the purpose of checking up on applications for loans which have been made by a number of farmers of this vicinity.

BIG FINANCING JOB IS FACED BY TREASURY

(Continued From Page One) of 1933.

2. A weekly statement by the federal reserve board that member banks in 91 major cities had made \$4,000,000 more in loans other than those made on securities, although loans on securities dropped \$39,000,000.

3. A recent federal reserve board compilation showing a \$10,000,000 drop in member bank reserve balances. Previously, increases in reserve balances had caused officials considerable worry.

4. A statement by Jesse Jones, chairman of the reconstruction corporation, that with an unused lending power of a billion dollars and loan repayments of \$250,000,000, since Jan. 1 the RFC could finish the year without going to the treasury for more money.

Jones told newspapermen yesterday that business is better and credit easier. He estimated the RFC's requirements would run \$500,000,000 below budget estimates, and attributed this to improved conditions.

Coast Leaguers Begin 1934 Race This Afternoon

By Russell Newland
The Pacific coast league's 1934 season got under way today in a pennant chase that promised revived interest on the part of the fans and the prospects of a red hot baseball battle during the 26-week campaign. The eight clubs of the class AA circuit, first in the country to open, paired off in four California cities as has been the custom for many years. Opening series brought together Portland at Los Angeles; Seattle at San Francisco; Hollywood at Oakland and the Missions at Sacramento.

Every team presented new player faces, some in wholesale numbers. Los Angeles, 1933 pennant winner, was picked by many as the team to beat for the championship again this year. Hollywood, San Francisco's Seals and the San Francisco Missions, were backed by many experts.

Portland, runner-up last year, found less favor at the start of this season because of the sale of many players who were malcontents in 1933. Sacramento, Seattle and Oakland, likewise opened the pennant drive with teams of questionable strength.
