High School P. T. A. Has Fine Program

Members of the High School Parent Teacher association who attended the meeting Thursday evening heard an excellent program. It is reported, Robert McMillan opened the program with a cornet solo "Aphrodite" by Edward Frank Rohan. Elmo Stevenson gave a very fine talk on keeping abreast of the times in the matter of recreation. "It is up to us to adapt ourselves to new situations and to set up a program of activities for the leisure time," he argued. He elaborated on the summer playgrounds movement in La Grande, emphasizing the fact that it was important to have such an outlet for the energies of the children when they are not otherwise well employed. Mrs. George Lyman had for her topic "Keeping Abreast of the Times in the Home," and her remarks were timely.

Arnold Graupp substituted for Superintendent Herbert Evans and his talk was along the line of emergencies in long-time education, first, immediate emergency relief and second a long-time program to develop revenue for the schools to be used other than for buildings.
