## DR. McPHERSON SPEAKS TO VOCATION CLASS

Dr. J. L. McPherson gave a very interesting lecture Thursday to the vocation class. He spoke on the general outlook for professional training students and then gave a very interesting history of the dental profession, tracing it back to Egyptian times with its crude but successful practice. He evaluated the profession, gave approximate cost, requirements and advised courses to be followed.

He said the coming line of dentistry would be along lines of preventive and correctional work. There is a great opening for dentists and the field is opening rapidly for women.

Mr. Blunt is making a great effort to give the students a chance to look into a number of professions as to what they offer the students and what they require of them. Mr. Eberhard will talk on law at the meeting next Thursday.

## No - Decision Debate Featured

The debate club at its regular meeting Wednesday debated the questionResolved: That inheritance is a greater factor in crime than in environment. Roy Fishman and Hugh Bunten were the leaders in a no-decision debate. Others who spoke were Donald Jasper, Yudah Victor, Carl Baum and Ellen Torrence. Owing to the vacancy in the presidency of the club due to Glenn Victor going to the C. C. C. camp, a special election was held and Carl Baum was chosen for the remainder of the year. Next week the question of government ownership of public utilities will be discussed.

## DA III Class Work on Designs

The D. A. III class has been spending the last few weeks on applied design problems and embroidery. Lunch-cloth sets, pillow cases, pillows and table runners made up the biggest part of the work. This involved block printing, stippling, crayon work and embroidery.

One of the most attractive sets was a white set with a green and red country design with the girl's initials worked in. Another very attractive set was a bridge set, yellow linen stenciled in green and white.

Restaurant men say Miami, Fla. has more eating places than any resort center in the world five times its size.

## Campaign Now Underway For Student Body Officers; Election Today

The nominating committee, appointed by President Ralph Foberg and approved by the executive committee, was composed of Norman Hogenen, chairman, Ois Mae Hough, and Ray Wilson. The chairman reported to the student body Thursday morning in a general assembly.

The nominees for president were Bob Robertson, Jack McClay and Gilbert Stein; vice-president, Edgar Draper, Knox Parker and Dell Kennedy; secretary-treasurer, Lois Jean Davis, Helen Melville and Sylvia Hodgson; song queen, Laveta Millering, Ois Mae Andrews and Mary Ellen Stoddard; yell leader, Wayne Goodenham and Albert Hughes.

Those nominated from the floor were Wayne Goodenham for president, and Bob Webb and Merrill Alworth for vice president. As it was necessary for Wayne Goodenham to decline one of the offices, he declined the nomination for yell leader.

Monday morning, the campaign speeches were given. It had been necessary for the nominating committee to meet again and nominate more candidates for yell leader, so it

## Through The Keyhole

This week we have another little diary that might be dedicated to Walter Dahl, Lawrence Greiner, Jack Parra, Eldon Waite and the Allen brothers.

The Ford is my car; I shall not want another. It getteth my goat; it maketh me to be down in wet places; it soleteth my clothes; it leadeth me to the garage and in the parts of ridicule for its nameake. It preparate a breakdown for me in the presence of mine enemies.

Yea, though it goeth like heck in the valley, it getteth the hiccough on the hill. I fear great evil when it getteth its dying gasp; they disconcert me.

It annoyeth my head with oil; its radiator leaketh; and botheth over surely goodness and mercy shall follow me in all the days of my life or I shall dwell in the bygone forever.

Again Cupid has gotten in his dirty work. Myron Wheeler and Rosie Zaugg are the latest victims.

It seems that ever since the opera Norma Hogenen has had a teapot complex. It is rumored that he sometimes trods the halls with a queer look in his eyes mumbaling things about teapots under his breath. He also has an aversion to

globe paint. It gets in his hair.

Marion Boyes had better be more careful about her correspondence after this. It seems that one of her notes was intercepted by the teacher who very kindly answered it and returned it her. Was her countenance crimson!

Emily Beery says that she has learned a lesson about passing notes since she had to sit with a boy back in the third grade for doing it.

Kathleen Pearce has an enthusiastic admirer in the person of Bob Dunn. He applauded so vigorously when she received her award at the assembly the other day that Miss Osborn was forced to call time out until he finished.

We have been told that Florence Lilly is that way about Claude Matlock. We wonder.

You can seldom find Bill Johnston, rook around the streets after dark. He has grave forbodings as to the outcome of a meeting with upperclassmen.

Bob Beuter must be losing his grip. He couldn't persuade Corinne McWilliams to go riding with him.

Mr. Loney must indeed have been having a good time during spring vacation. He got so absent-minded that he left his trumpet in Portland.

## CARL BAUM HEADS VOCATION CLUB

At the last meeting of the Debate Club, Carl Baum was elected president for the rest of the term. The vacancy occurred because Glenn Victor, the former president, left last Thursday morning for Zig-Zag camp to join the C. C. C. organization.

Carl Baum was elected unanimously by the club.

A discussion was held principally by Roy Fishman and Hugh Bunten on the question of Heredity and Environment. At the next meeting a debate will be held on Resolved That: The government should own the public utilities.

A meeting has been called for next Wednesday at 3:45 at which all members of the program committee are urged to be present.

Miss Sartin was a guest and she gave us several pointers on how to debate effectively.

## GRANDMA TIZALYE

[Anyone who has a question concerning grades, love, drama, frunks or fortunes, write the question on a piece of paper, sign your name, and put it in the Hi-Light box in room 4, where it will receive the attention of the Grandma, who hears all, knows all and sees all.]

Dear Grandma Tizalye: Why can't we find the word airplane in these new dictionaries around school? Bobby Johnson.

Dear Bobby: Have you looked on the fly leaf?

Dear Grandma Tizalye: What is the number on the rear of an automobile for? Mary Jane Johnson.

Dear Mary: To show how many people they have killed.

Dear Grandma Tizalye: Why does a watermelon have so much water in it? Anna Mae Whiting.

Dear Anna Mae: Because the seeds are planted in spring.

Dear Grandma Tizalye: Why did Rubinoff leave Russia? Frederick Ringman.

Dear Frederick: Because he couldn't take it with him.

Dear Grandma Tizalye: What is the most dangerous time of the year to go into the country? Vern Gillespie.

Dear Vern: In the spring because the trees are shooting and the billiards out.

Dear Grandma Tizalye: Why is Homer Snider keeping track of Bethel Baker? Curious.

Dear Curious: Curiously killed the cat. Beware.

Dear Grandma Tizalye: What do you consider the greatest? Dear Wonderer: I'll bite.

## Dr. Bossing Delivers Address

At an assembly held Thursday morning at 9 o'clock in the music room of the High School, Dr. Bossing, of the University of Oregon, addressed the senior class.

Dr. Bossing is acting as field representative of the system of higher education in the state of Oregon. He is visiting the different high schools of the state, and explaining to the seniors who are about to graduate from high school, the system of higher education in the state of Oregon.

Dr. Bossing in his address to the seniors painted a vivid picture of a man or woman who is well educated. Not only educated in the way of books and knowledge, but an individual who is so well rounded out and equally balanced in his preparation for life that he can meet and master successfully the problems of this life.

The characteristics of an educated man or woman are summed up in four fundamental features:

1. The ability to think quickly and accurately on problems.
2. Segregate facts and apply them to the problems that must be met and solved.
3. An absolute integrity of character—(Honesty is the best policy).
4. A profound conviction of the purposefulness of life.

## HAROLD BORINE GIVEN SURPRISE

A surprise party was held for Harold Borine, commemorating his 17 birthday. Games were played and after the games refreshments were served, consisting of home made ice cream and delicious cake as only Mrs. Borine can make them. The age old custom was preserved by spanking the unlucky Harold. About 11:30 the party broke up and the joyous revelers went happily but reluctantly on their way home. The ones who enjoyed the party are:

Mina Newman, Connie Finley, Margaret Hale, Verma Borine, Sigrid Borine, Harold Borine, William E. Gunn, Leighton Johnson, Cecil Hale, Jean Paddock.

achievement of the Romans! Patsy Jesse.

Dear Patsy: Speaking Latin.

Dear Grandma Tizalye: Why was the fire engine speeding up the street the other day? Yudah Victor.

Dear Yudah: It must have seen Sam Southall's red hair.

Dear Grandma Tizalye: Why did Glen McKenzie paint his car such a bright color? Norman Hogenen.

Dear Norman: So Marianne Boyes can see it farther away.

Dear Grandma Tizalye: What is the difference between you and a man who has teeth? A Wonderer.

Dear Wonderer: I'll bite.

## F. H. B. CONVENTION TO OPEN ON FRIDAY

La Grande High school is very fortunate in having the first F. H. B. convention ever to be held in Eastern Oregon. All previous conventions of this sort have been held in the coast towns and it hasn't been possible for Eastern Oregon to be represented. This convention will be held April 16th and 20th.

There will be quite a number of delegates from the different high schools of Eastern Oregon. Pendleton has sent word that she will send a group of fifteen girls in order to put on an initiation ceremony. Ontario is sending five representatives and Imbler, Elgin and Milton Freewater are each sending three representatives. The F. H. B. officers are expecting several other delegates from high schools who have not yet sent word.

A very interesting program has been planned for the convention. Registration will be held Friday from 4:00 to 6:00 and at 6:30 a banquet will be held at the La Grande hotel. A special speaker from Oregon State college and Mrs. Jonasson, state supervisor of home economics, will speak at the banquet. Saturday will be devoted to speeches, discussions and exhibits. The officers and advisors plan to make this convention as interesting as possible and the public is cordially invited to attend.

## TAG SELLERS CAMP ON TRAIL

If you have never had anyone camp on your trail, I suppose those days are gone now.

It was tag day last Thursday and Friday and half the student body was trying to sell tags. The tags were sold at a minimum price of ten cents, although one could pay any price above that which he wished.

The money raised will be used to help pay the expenses of the band's trip to Corvallis where they will compete in class A of the state band contest.

This proved a successful experiment.

## MRS. HAYS' CLASS PLAYS CARDS

Anyone going past the door of Mrs. Hays' fifth period class last Wednesday might have been somewhat surprised, to say the least, for the students were busily engaged in shuffling cards. However, they were not playing bridge, as one might have supposed, but merely preparing their filing cards so that each student would have a fair chance in the test for speed in filing.
