Many, O Lord my God, are the wonderful works which thou hast done; if I would declare and speak of them, they are more than can be numbered.—Psalm 40: 5.

A NEW CHANCE FOR TOURIST TRAVEL

A new opportunity for La Grande and the Willowa country for added tourist travel from California was explained to the La Grande chamber of commerce here Tuesday by Editor George K. Aiken of the Ontario Argus, who as mayor of his city headed a group of business men on a visit to the Grande Ronde valley in building up interest in the projected highway. The route would go from Ontario south to McDermott, on the Oregon-Nevada line, and thence into California, tapping what is probably the greatest source of tourist travel in the nation today.

It would open a new route of north and south travel that should be particularly appealing to Southern Californians who have little of the Eastern Oregon type of scenery in their own back yard. Already, Californians head the list of tourists going through La Grande, and with this additional route opened to travel, the number would undoubtedly increase tremendously.

La Grande should give wholehearted support to this highway, as should Baker and other points in this section. Pendleton already has grasped an opportunity for a north and south route that would drop down through Central Oregon into California, and if both routes are completed, La Grande would be in a position where it would benefit from both as many motorists would make a "loop drive" into the northwest, going and coming on different routes in all likelihood because of diversity of scenery offered.

Tourist travel and the large sums of money left in communities en route is becoming of greater importance each year to all parts of Oregon on widely travelled highways, and besides this fleeting business, it also often results in permanent settlement and injection of new and outside capital into local communities. La Grande must become awakened to the situation, and do her utmost to develop her possibilities. With Willowa lake and its marvelous scenic attractions including the Grand Canyon of the Snake river next door and with the other attractions this section has to offer—such as hunting, fishing, camping, etc.—this city should leave no stone unturned in an attempt to not only capitalize on its highway possibilities, but also upon the upbuilding of a "tourist-mindedness" that would go far toward making visitors "at home" in this section and creating within them the desire to return again at some future vacation time.

PROCESSION TO BE OPEN EVENT IN '34

(Continued From Page One)

The best turned-out young cow-boy and cow-girl, under fifteen years of age, \$3 each first prize and \$1 second. The appropriation of \$1250 by the state of Oregon has made it possible to greatly enlarge the premium list for this year's show, with not only a larger list of classes, but higher premiums being offered. The official classification book is now being prepared, and will soon be distributed among prospective exhibitors in all parts of the state.

Mrs. H. H. Cleaver Again Head of Presbyterial

NELSON MAKES TENNIS TEAM

Roy Nelson transfer at Whitman college from the Eastern Oregon Normal school, is one of four men selected for the Missionaries varsity tennis team. The first intercollegiate match for Whitman was to take place today against Gonzaga university. Nelson may see action against his former school, as the Mountaineers will meet the Whitman tennis team later this spring. His home is in La Grande.

BEAVERS SNOWED UNDER BY REDS YESTERDAY 26-3

By The Associated Press
A crop of Pacific Coast league scores that looked more like football than baseball results, the surprise removal of George Burns as manager of the Seattle Indians and the rise of LeRoy Herrmann of the San Francisco Seals and J. Millard Campbell of Los Angeles to a first place tie for individual pitching honors held the attention of fans today.

Leading in yesterday's free scoring interlude were the San Francisco Mission, who ran wild to trounce Portland 26 to 3. Next came the Hollywood Stars with a 13 to 3 win over Seattle, then the first place Los Angeles Angels who defeated Oakland 9 to 1. The only close battle was fought last night when the San Francisco Seals pined out Sacramento, 3 to 2.

Bill Klepper, business manager of the Seattle club, said he let Burns go because in Tuesday's game he allowed Bill Radonits to pitch to Sneed Jolley, hard slugging star, "when the bases were filled and the count was three balls and no strikes." Walter (Dutch) Ruetter, former big league pitcher was named to succeed Burns. Campbell turned in his fourth win of the season when he hurled the Angels to their 13th victory in 16 starts. Herrmann also chalked up his fourth victory this season for the Seals with the score knotting 2 to 2 in the ninth inning. Catcher Larry Woodall hit a single with the bases loaded to bring in the winning run. The Mission piled up their total of 26 runs at the expense of four Portland pitchers. They made one more tally than they did hits, but the Beavers contributed 6 errors, four of which were made by Third Baseman Steve Coakart. The San Franciscans scored in every inning but two, reaching the climax in the fifth inning with 7 runs on 6 hits. Outfielder Oscar Eckhardt hit a homer.

Regards Japan's New Policy as Blow at U. S.

(Continued From Page One)

patches from Tokyo—loomed today as a possible major issue in far eastern affairs. No official communication of the text of the purported document has been received at the state department, either through Ambassador Saito or from Ambassador Grew in Tokyo. Pending the actual receipt and consideration of a note, or an aide memoire with full text, state department and other administration officials declined to make any official comment on the document itself, or any of the outstanding points in Japan's claim of a special responsibility and sphere of influence in China.

Unofficial and well informed observers of far eastern affairs, however—on this basis of press dispatches—expressed the opinion that "the new China policy" contained the possibilities of becoming a re-statement of Japan's famous "21 demands on China." If the document is transmitted to Washington and other world capitals as an official Japanese communication, and the text is as purported in dispatches, it would mean—observers said—the beginning of a new and highly important exchange of diplomatic notes with far reaching effects on the foreign policies of the world powers.

WOODIE TO COACH LA GRANDE HIGH BASEBALL SQUAD

Beginning today the La Grande High school baseball squad will be coached by Ira Woodie, who has been track at L. H. S. for several years. Woodie is a former letterman in baseball at the University of Oregon and played with the Salem Senators also, and is well versed in baseball.

Robert Dixon, faculty member in charge of the baseball squad last year and up until Tuesday this spring, decided he would have to give up the baseball work because of his other school duties, which made it impossible for him to devote as much time as he desired to the sport.

Mr. Dixon has done some fine work with the Tiger towers the last two seasons, his last game being at Elgin last Friday when the Tigers defeated the Elgin nine 9 to 5.

Mr. Woodie will have an unusually heavy coaching schedule the remainder of the baseball season, but he arranged so that he will take the track squad from 9 to 5 each afternoon, and then take the baseball squad from 5 to 6 or 6:30. Tomorrow afternoon the Tigers go to Imbler to meet the league leaders.

New Dollar Has Its First Birthday Today

(Continued From Page One)

In the meantime, the silver bloc in congress is agitating for greater monetary use of silver. The administration has been cool to most of the silver proposals, and usually well-informed quarters assert that any mandatory silver legislation of extensive monetary moment would be vetoed.

So, barring unexpected developments in silver, the future of the dollar is widely expected to depend largely upon whether the president decides to cut the gold content further, and upon the adjustment of the general price level to the reduction in the gold content of the currency already executed.

OREGON STATE WINS

CORVALLIS, Ore., Apr. 19 (AP)—

In an 11 inning thriller Oregon State combined timely hitting with good fielding to defeat McMinn Normal 5 to 4 here yesterday.

LA GRANDE HIGH HOLDS SEVEN OF 14 MEET RECORDS

In addition to winning the quad-jump track and field meet at Pendleton two out of the three years it has been held, athletes representing the La Grande High school have succeeded in setting seven of the 14 records.

This year when the meet is held April 21, only one record holder is expected to be among those present. Sims, Mac-Hi, individual, who last year set a record of 2:08 in this event, is expected to participate in the meet here Saturday.

Three members of the 1933 Pendleton relay team, Galloway, Searcy, and Gilchrist, which stepped the distance in 1:37 to the Mac-Hi's record last year, will participate in the meet. If a fourth runner can be discovered on the Pendleton squad capable of maintaining the pace set up by these three men, the existing record may be broken.

Pendleton and Mac-Hi hold three records each, with a tie for the relay record, while Walls, Walls High school, the fourth runner to participate in the meet, has failed to turn in a single record setting performance.

Following is a complete list of records and record holders:

- 100-yr. dash—10.1 seconds, Berry, La Grande, 1931.
- 220-yr. dash—23.2 seconds, Berry, La Grande, 1931.
- 440-yr. dash—53.3 seconds, Hufford, Mac-Hi, 1931.
- 880-yr. dash—2 minutes, 3 seconds, Sims, Mac-Hi, 1931.
- 1 mile run—4 minutes, 45.4 seconds, Sheppard, La Grande, 1931.
- 120 hurdles—15.8 seconds, Nowland, La Grande, 1931.
- 220 hurdles—26 seconds, Kidder, Pendleton, 1931.
- 880 relay—1 minute, 37 seconds (tied) Mac-Hi, Miller, Hufford, Crimmins, Markham, 1931; Pendleton, Galloway, Kincaid, Searcy, Gilchrist, 1933.
- Shot—41 feet, 10 inches, Kidder, Pendleton, 1931.
- Discus—114 feet, 4 inches, Kidder, Pendleton, 1931.
- High jump—5 feet, 7 1/2 inches, Nowland, Knapp, Torrence, La Grande, 1931.
- Broad jump—29 feet, 9 inches, Torrence, La Grande, 1931.
- Pole vault—10 feet, 8 inches, Langley, Mac-Hi, 1932.

Canadian Tax Is Blow To The Gold Market

(Continued From Page One)

stocks of leading gold producers. Brokerage houses were jammed by excited throngs and the galleries of the mining exchange in Toronto and of the Montreal stock and curb markets were packed.

The wild burst of selling under the accumulated overnight orders later steadied, however, and recovery set in before noon.

NEW YORK, Apr. 19 (AP)—Gold

mining stocks in New York security markets weakened today as traders sold on news of a proposed 10 per cent gold tax announced in the Canadian markets.

Losses among the active shares on the stock exchange ranged from \$1 to \$2 or more at the opening.

Only five men have ever driven an automobile faster than 200 miles an hour—Sir Malcolm Campbell and Major H. O. D. Segrave, Englishmen, and Frank Lockhart, Lee Bible and Ray Keech, Americans. Of these, Campbell is the only one still living.

As far as the batter is concerned, a foul tip is no bargain. It will never get him to first base in any league. And when your wife twitters over the fact that she is saving a few cents per pound on "bargain counter" coffee—that's a foul tip—even though her best friend gave it to her. So as a loyal husband, you should put your wife straight on the rules of coffee-buying. Just tell her that you don't drink coffee by the pound, you drink it by the cup. Put her wise to the fact that the sure way to get outstanding goodness in every cup is to buy Hills Bros. Coffee. That's the coffee that tops the league in uniformity, strength and real flavor. And when compared—cup for cup—with other brands, she, as well as you, will notice the superiority of Hills Bros. Coffee right off the bat!

LUCKIES are All-Ways kind to your throat

so round, so firm, so fully packed—no loose ends that's why you'll find Luckies do not dry out

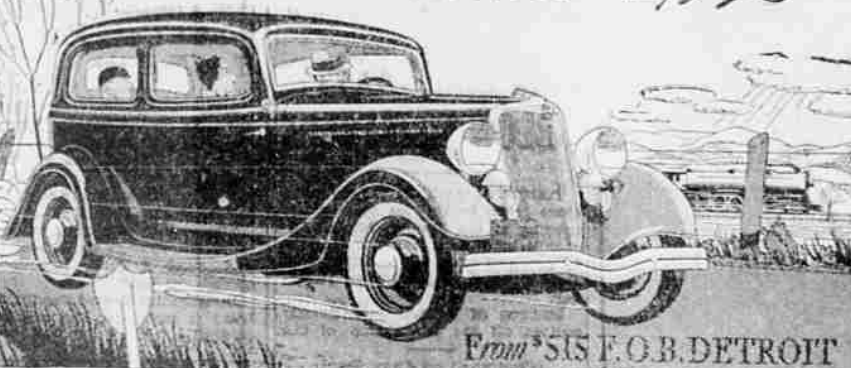

We think you'd be impressed if you saw Luckies being made. You'd see those clean, silky center leaves—and you really wouldn't have to be a tobacco expert to know why farmers use higher prices for them. They are the mildest leaves—they taste better. You'd be impressed by Lucky Strike's famous process—"It's toasted"—designed for your throat protection. And we know that you'll be truly fascinated when you see how Luckies are rolled round and firm, and fully packed with long golden strands of choice tobaccos. That's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. And you'll get the full meaning of our statement that Luckies are always in all-ways kind to your throat.
