Expectations were evident in other party quarters, nevertheless, that Sanders before long would relinquish the chairmanship. Discussions of a probable successor have been under way for several weeks.

Various men have been put forward as eventual nominees for the national chairmanship.

James E. Watson, of Indiana, former Republican leader in the senate, has been heavily backed by one group, Henry P. Fletcher of Pennsylvania, former ambassador to Italy, likewise has been mentioned, as have Walter Hallahan of West Virginia and Frank Knox, publisher of the Chicago Daily News.

**MARQUETTE FIVE STAGES SUPER LAST-HALF RALLY**

MILWAUKEE, Wis. (AP)—One of the most devastating of the many last-half rallies with which Marquette's powerful baseball team has plied up its fine record brought about the 40-20 rout of Ripon.

The visiting collegians had a 10-0 lead at the five minute mark and still were well in front at the half, 16-8. How drastically different the last half was may be judged from the calculation that Marquette counted 32 points to Ripon's four in the second session!

**AN ENDURANCE CONTEST**

**1** YEARS ago, lack of modern conveniences made housekeeping an endurance contest. And yet, what glory was won? Husbands thought no more of their wives then, than they do today. Women were housekeepers then — not wives.

TODAY, with modern conveniences, men and women are realizing the glories of companionship. They know the true economy, the quality and convenience of our laundry service.

**The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes**

There are many different ways of cutting tobacco.

A long time ago, it used to be cut on what was known as a Pease Cutter, but this darkened the tobacco, and it was not uniform.

The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long shreds.

The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfields burn and how they taste.

Everything that science knows is used to make Chesterfield the cigarette that's milder... the cigarette that tastes better.
