

Hope of Reviving Dead Human Being Remote, Says Mayo

OKLAHOMA CITY (AP) — While the dog brought back from death at Berkeley, Cal., ate a meal of milk-soaked dog biscuits, Dr. Charles Mayo, noted Rochester, Minn., surgeon, said here, he believed revivification of humans never would be possible.

"We know a lot about reviving life in the lower brain cells, those that govern organs in animals," Dr. Mayo said in an interview. "We know that they can be dead and revived under certain conditions or that part which gives the human a mental side, has something in its composition that defies revival after a few minutes."

"It is my belief that science will never find a way to revive a dead mind,"

illustrated the need for more power. He said that state and local jail methods were "disgraceful."

"Some local jails and prisons are stews from which prisoners can escape," he added. "This situation does not exist in the federal prisons."

TO PRESENT "IN OLD BRAZIL"

Through this charming old-world gate, which opens on a tropical garden, these three NBC stars will lead their listeners when "In Old Brazil" goes on the air for the first time, Friday night, May 4, at 8:45 o'clock P. M.

Ned Tollinger, left, is the flying master of ceremonies who flies down out of the skies to the coffee plantation of Senor Garcia, played by Cameron Prudhomme; and his pretty daughter, Senorita Rita, portrayed by Rita Lane, soprano. South American rhythms by Senor Garcia's orchestra will add brilliance to the program. "In Old Brazil" will be heard twice weekly starting May 4, on Friday nights from 8:45 to 9:00 and Monday nights 9:00 to 9:15 Pacific Standard Time, over NBC stations KFI, KGO, KGW, KHQ, KOA.

SET DATES FOR GUARD TRAINING

SALEM, Ore. (AP) — The annual summer encampment of the Oregon national guard will open at Camp Clatsop June 12 and continue for two weeks, Major-General George A. White announced from the national guard headquarters here. The encampment provides drill practice annually for the 3,676 members of the guard in Oregon.

Special trains will transport the troops and supplies to the camp, where about \$50,000 worth of new buildings will be available for use this year.

A historian has disclosed that a proposal for a project similar to the All-American canal, near the California-Lower California border, was investigated by the war department in 1853.
