the gold ring

Yes, ladies, you have a chance to catch the gold ring when you ride the merry-go-round. But the percentage is not in your favor. After the thrilling ride is over you may only have a nice lot of black iron rings that can't be cashed in for another ride. And although you have a chance of picking up something specially good as you go round and round the counter of bargain coffees, you'd better not count on it. It may be fun to save a few pennies per pound but you'll be out all you save in what you lose in flavor and strength. Play safe—buy Hills Bros. Coffee. It gives you more flavor and strength in every cup than any "bargain counter" coffee you could "ring." And after all, isn't that the way you drink coffee—by the cup rather than by the pound?

"WAS TAKING EVERY KIND OF DRUG FOR CONSTIPATION"

Then ALL-BRAN Brought Relief

Read this very enthusiastic letter:

"I am 34 years old and as far back in my life I have been constipated. I was so bad that I had one bowel movement every five or six days. I was taking every kind of drug known for constipation.

"Now for the last two months I have been eating a little ALL-BRAN night and morning and I have at least two to three bowel movements each day."—Mr. Frank Piratzky, 40-66 98th St., Corona, Long Island, New York.

Laboratory tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid elimination. ALL-BRAN is also a fine source of iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently, this clears out the intestinal wastes.

Isn't this safer than taking harmful patent medicines? Two table-spoonfuls daily are usually sufficient. Severe cases with each meal. If not relieved this way, see your doctor.

You'll enjoy eating Kellogg's ALL-BRAN as a cereal with milk or cream—sugar or honey or fresh fruits added. Or, to use in cooking.

In the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.
