"Quilt Club" Is Announcing A Quilt and Hooked Rug Display At Hackman Home On May 29.

There is actually something new under the sun. Not that quilt making is new. But a group of La Grande women have gone about it, at least in a different fashion. Four years ago, or thereabouts some of the friends of Mrs. Frank Heasty who is skilled in the art, received quilt-making inspiration from her and the products of her needle, and organized a quilt club with Mrs. Heasty as "club mother." Four years have intervened when the club members have been exceedingly busy in this fascinating branch of needlework with the result that they have some marvellous quilts. With quilt-making so very popular now, and such a large percentage of the women busy on quilts of wide varieties of beautiful patterns, the group has decided to do a generous thing. They are announcing a quilt display and a hooked rug display and to this all the women—and men too, of La Grande and the valley are invited.

The display is to be held at the home of Mr. and Mrs. Ed Hackman, 407 Main street. The date is Tuesday, May 29 and the hours are to be from 2:00 to 5:00 o'clock in the afternoon. There is no admission charge. Members of the club are—Mrs. Frank Heasty, C. N. Palmer, Pete Thies, Hibbets, Carl Lynch, Claude Lynch, William Pearl, Cora Joel, Merrill Akin, Hackman and Miss Mary Taylor.

A Parade That Turns a Page in Italian History

A pompous ceremony which most Italians thought they were looking on for the last time is here recorded as King Victor Emmanuel was borne in state through Rome's flag-be-decked streets to the Chamber of Deputies for the inauguration of the 29th session of the Italian Parliament. Mussolini's plan for a National Council of Corporations is expected to doom Parliament.

Poppy Money To Be Used To Aid Disabled Vets

Continuation of the extensive work for the welfare of disabled World War veterans and their families, carried out by the American Legion and its auxiliary, will be made possible by means of the memorial poppies which will be distributed throughout the nation next Saturday, according to Bertha Flanery, rehabilitation chairman of the local auxiliary unit. Contributions for the poppies will form the principal source of support for the legion and auxiliary's welfare work during the coming twelve months, she said.

"Even before the curtailment of governmental benefits for the disabled, a vast amount of relief and rehabilitation work was left for the Flanery explained. "Federal economy measures last year increased this greatly. Because of the inflexibility of laws and the necessary technicalities guarding governmental expenditures, the government was never able to reach all the needy disabled, and now the number left without government aid is larger than ever before.

"Here in La Grande our unit of the American Legion auxiliary has a constant relief and rehabilitation problem. Disabled veterans are under a severe handicap when they complete with able-bodied men for employment, even in good times, and under present conditions their situation is frequently desperate. The American Legion and auxiliary always have been their friends in need and with the help of those who wear the poppy Saturday, we will continue to be during the coming year."

The auxiliary women who will distribute the poppies will work as volunteers and all of the money contributed for the little red flowers of remembrance will go to the rehabili-

tation and child welfare funds of the legion and auxiliary.

50 YEARS A MARTYR TO CONSTIPATION

But Kellogg's ALL-BRAN Brought Welcome Relief

Read this splendid letter from Mrs. Haynes:

"For 50 years I have been a martyr to constipation. Have tried every remedy under the sun.

"One day I read an account of some one who had been relieved by ALL-BRAN, but I thought 'What was the use of me trying anything more when all else had failed!'

"A while after, I read it again. That time I thought I would try it, it would do no harm anyway.

"I began with a small dish of your ALL-BRAN for breakfast, and wonderful to say, I never need to take any physic at all now. How I wish other poor sufferers from constipation could be persuaded to try it!"—Mrs. Sarah Haynes, 138 Cedarwood Terrace, Rochester, N. Y.

Tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regular habits. Also iron for the blood.

This "bulk" in ALL-BRAN is much like that in leafy vegetables. It's so much safer than taking patent medicines! Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Severe cases, with each meal. If not relieved this way, see your doctor.

Get this delicious ready-to-eat cereal from your grocer. In the red-and-green package. Made by Kellogg in Battle Creek.
