

PERSONALS

On Vacation—
Orval Davis left this morning for Roseburg and vicinity where he will spend a week fishing and hunting. He expects to return about the first of June and will be accompanied by his wife who has been visiting friends in Southern Oregon for some time.

Here Yesterday—
W. S. Wade, district traffic manager and K. M. Hawke, traffic toll line engineer both of the Pacific Telephone company, who make their headquarters in Portland, were visitors at the local Pacific office yesterday.

Recovering—
Miss Edna Towery who has been confined to her home because of illness for the last several days, is reported to be making satisfactory recovery and will soon be able to return to her work.

Stop Here—
Mr. and Mrs. George Braylock and daughter, Thelma, stopped in La Grande for a short time today to visit her sister, Mrs. Robert Dixon, and her aunt, Mrs. J. J. Belden. The Braylocks have been in Walla Walla visiting her mother who is ill, and are now en route to their home at Bend.

To Portland—
Mrs. Walter Palmer left this morning for Portland where she will spend several days visiting friends.

Leaves—
B. E. Hill, who has been transacting business in La Grande for the last several days, left this morning en route to his home in Lincoln, Nebr.

From Tacoma—
Peter Martinoff, northwest brewer, has been a business visitor in La Grande the last several days.

Has Chicken Pox—
Master Bobby Hyde is confined to his home because of chicken pox.

Returns Home—
Miss Bonnie Fraser, who has been teaching at Richland this year, returned to her home in La Grande this afternoon where she will spend the summer months with her mother, Mrs. D. P. Fraser.

Tonsillectomy—
Donald Smith of Cove underwent an operation for the removal of his tonsils yesterday and is remaining in La Grande for a few days to recuperate.

Tonsil Operation—
George Perry underwent an operation in La Grande yesterday for the removal of his tonsils. He makes his home at Imbler.

Here Today—
E. J. Davis, of Freewater, was a business visitor in La Grande today. Mr. Davis is inspector for the emergency crop loans and was transacting business in the local headquarters in the county agent's office.

Has Operation—
Mrs. Bessie Fields is recovering satisfactorily from an operation which she underwent this morning at the Grande Ronde hospital.

Condition Same—
The condition of C. G. Brenner, injured critically in an explosion earlier this week, remained about the same today according to reports from the Grande Ronde hospital. Physicians considered his condition as good as could be expected.

Thanks Friends—
In a letter received from Horace K. Walter and addressed to Martin Fitzgerald, Walter expressed his very deep appreciation to the voters of Union county for their support of

THIS CURIOUS WORLD

By William Ferguson

BIG BERTHA'S shells left the gun at a speed of 5500 feet per second. They lost velocity as they climbed through the heavy atmosphere, but gained part of it back as they entered the thin air of the stratosphere. On the descent, they once more were slowed by the heavy surface air, and were traveling only 2450 feet per second when they struck in Paris.

him in the primaries. Walter received the democratic nomination for secretary of state.

From Union—
T. T. Cook, of Union, is spending a few days at the Bouvy hospital where he is receiving treatment.

From Baker—
Mrs. J. C. Shields, of Baker, is a patient at the Bouvy hospital where she is receiving eye treatment.

MAE WALDROFF LEAVES TONIGHT

Mae Waldroff has resigned her position as stenographer at the La Grande chamber of commerce office, and will leave this evening for Portland where she has accepted a position with the Bates, Lively and Pearson Insurance Co. She will report there for work Monday morning.

CLOSING FIRM IN STOCK EXCHANGE

NEW YORK, May 25 (AP)—The stock market enjoyed a creeping advance today and prices of various leaders recorded gains of 1 to 2 or more points. The list was steady throughout and rallying tendencies appeared in the latter part of the session. Notwithstanding the upward slant, however, extreme dullness prevailed. The close was firm. Transfers approximated 325,000 shares.

Closing figures included:

Air Reduc.	94 1/2

NIGHTHART AND BLANTON STAND TRIAL MONDAY

George Blanton and Harry Nighthart, arrested by state police and charged with hunting for and having in their possession deer during closed season, were arraigned Thursday in the justice court, pleaded not guilty and their trial was set for Monday morning by Judge L. Denham.

FINISH FIGHT IS THREAT ON LABOR FRONT

(Continued from Page One)

Johnson has warned of the danger of a possible epidemic of strikes so has Miss Frances Perkins, secretary of labor.

From Senator Wagner, D. N. Y., came an assertion that passage of his labor disputes bill, now in congress, was urgent. This would strengthen the hand of the national labor board and strike at company-operated unions. Indications were that Senator Walsh, R. Mass., chairman of the labor committee, would report it to the senate soon, in somewhat revised form. It has aroused much opposition by industry. Chances of its passage this session have been considered problematical.

TORLEDO, O., May 24 (AP)—National guard troops opened fire with pistols late today as they pursued a mob of rioters, between houses and down alleys in Elm street near Michigan street. Two men were shot to death here yesterday.

A crowd of 2000 was congregated in the vicinity when the shooting was begun. The guardsmen also were using gas bombs, the mob was hurling stones, bricks, bottles and other missiles.

Two truckloads of soldiers were dispatched to disperse a crowd of 500 which had striped Stephen Kardox, 29, an Auto-Lite worker, and chased him from the riot zone.

Police rescued Kardox after he had run to the downtown district from the riot area with the mob chasing him.

"We're going back to get help and we'll come back here and strip you," the rioters shouted at the guardsmen as they sulkily departed.

Fifty-one grown men and boys were brought into police court on charges of rioting and loitering. They were required to sign \$100 peace bonds and then were warned to stay away from the armed camp of national guardsmen at the company plant.

COP SLAYING HELD WORK OF DILLINGER

(Continued from Page One)

ently decided to halt the car and investigate.

Just what happened is not clear. The officers' bodies were found slumped in the front seat of their car with a down machine gun slugs in the neck and head of each. The attack must have caught them completely by surprise, as the pistol of each officer was still in its holster when the bodies were found.

Thirteen deaths already mark the trail of Dillinger for the eleven month period in which he has become the nation's most hunted gunman.

Three mad dogs went on a rampage recently in Charlotte, N. C., and bit 17 people.

QUALIFYING ROUND IS SET FOR SUNDAY

The qualifying round for the spring handicap championship tournament at the La Grande country club will begin Sunday, May 27, it was announced today. Golfers may continue qualifying play through the week, if unable to qualify Sunday.

NEW KIND OF INNER TUBE

TOUGHER, BLACK TEAR-PROOF RUBBER TOP

WON'T EVEN TEAR WHEN RUN FLAT AFTER A PUNCTURE

Here's Proof Look at this test!

Goodrich made a lot of special tubes. One half of each tube was made of the new Gold and Black construction; the other half of the best old-style compound. Then they put them on cars and purposely ran them flat.

The old style construction was torn to shreds. Ripped and cut to pieces in less than a mile.

Yet the Gold and Black half was sound and unharmed by this terrific punishment.

Here's positive proof that this new tube is many, many times tougher. Put these new tubes on your car today.

"THE WORLD CHANGES"

COMEDY NEWS

Thrill to the love story of a pioneer American who rose like a rocket tearing the sky until his effete wife and offsprings broke his heart!

"...see my pots shine!"

I cook with clean Electric Heat

NEXT time you're hot and bothered and out-of-sorts from a session of pot scouring, remember this woman.

She cooks the clean electric way. Never has blackened pots to scour.

She cooks in cool comfort, and she spends less time at it. Complete insulation and the elimination of air currents through the oven keep heat in the range, out of the kitchen.

Automatic, her electric range will start itself, maintain proper temperature, and shut itself off at the right time. It cooks a complete meal while she is miles away, driving or shopping, on the golf links or the tennis court.

With the oven reaching baking temperature in ten minutes, with cooking utensils in direct contact with heating surfaces, she finds electric cookery fast.

Economical, too. Roasts shrink very little. Meats retain their juices, vegetables keep their natural salts and minerals. All her foods taste better, and their healthful qualities are greatly improved.

Come in and see for yourself what electric cookery will mean in your kitchen. Witness a demonstration today.
