HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, red, raw skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candles or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Constipation won't help at all. Only a few rows of your bile juice will stop this decay in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No alcohol, mercury or in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today.

Refuse "something just as good" for it may irritate, loosen teeth or sour the rest. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C. M. Co.
