Liner in Thrilling Race for Port With Hold Aflame

With flames racing in her hold, the passenger liner, President Lincoln, above, sailed distress signals while eight hours out of Honolulu, and four destroyers, a coast guard cutter, and other vessels raced to the rescue. The stricken ship, with a capacity of 244 passengers, was built at top speed for port, with steam built the same with stream of her steam.

The liner is a Delmar line craft. The left New York May 18 for the Orient.

Dance. Mon., Wed., and Sat. Men 25c. Ladies Free. Cash Beer Garden. 6-20-12.

Lamp Shades. A new shipment of the latest things in lamp shades, to fit every style of lamp. Floor, Bridge, Table, Boulder, End Table and Radio. Has just been received by Richardson's Art and Gift Shop. These shades are

Most Amazing Proof of Extra Strength, Safety and Dependability Ever Known! World Record Broken!

It is almost inconceivable that human ingenuity could build tires that would withstand the terrific punishment of the 500-mile grind at Indianapolis, May 30.

Round and round the blistering track they streaked, hour after hour, under the blazing sun... the low rumble of powerful motors—grinding, pulling, pounding around treacherous tire-destroying curves faster than they ever dared before.

Thirty-three demons of speed—thirty-three cars equipped with Firestone High Speed Tires—all protected by Gum-Dipped High Stretch Cord—entered the Annual Speed Classic. Every tire was hough by the driver or owner of the car.

What a tribute to the Extra Strength—Safety and Durability built into Firestone High Speed Tires.

WHAT THIS MEANS TO YOU The amazing record of Firestone dependability at Indianapolis was made possible by the Firestone patented process of Gum-Dipping.

There is greater adhesion between the plies of the Gum-Dipped Cord body and between the body and the tread. As a result of this patented process of Gum-Dipping Firestone engineers have been able to build a wider tread of flatter contour, with more and tougher rubber and deeper non-skid, giving you more than 50% longer non-skid mileage.

Don't delay! Call on the Firestone Service Dealer or Service Store in your community today and equip your car with the new Firestone High Speed Tires for 1934. Drive with security and peace of mind.

THE NEW FIRESTONE HIGH SPEED TIRE FOR 1934

Table with tire sizes and prices: 4.50-20 \$7.85, 4.75-19 8.65, 5.50-17 11.30, 6.00-17 H.D. 15.10, 6.00-20 H.D. 16.40, 6.50-17 H.D. 17.50.

Getting His Goatee

You've heard tell that Uncle Sam's sailors keep in the trim, of course. Well, Miss. Van Dine just thought she'd find this out for herself at the National Navy Club Ball in New York.

Second insurance of building and loan shares becomes effective almost immediately a percentage assessment on each building and loan association will provide the insurance fund.

Fourth, national mortgage associations will be incorporated under federal charter. Funds for them will be largely furnished by private sources, and they will deal in mortgages. They may buy a group of mortgages and then issue to lenders' notes secured by the mortgages.

Less than 100 miles from the Central Zone, an explorer recently found a whole mountain range that was on no existing map.

After all, he concluded, "we are a democracy. I like it. We are going to continue to be a democratic government."

Electric Rug Washing Service. Hamilton Beach Process. Intended by leading rug weavers. Rugs washed, disinfected and moths eliminated in your home.

DISCLOSE NAMES NEW PARTY HEADS

SALEM, June 20 (AP) — The disclosures on the invitation to delegates to the independent convention to be held here next Monday, it was learned by the Associated Press today, will be L. M. McEwen, Dallas; C. E. Wagon and Warren Gray, Salem; George Hester, Dayton; and J. L. Steinbock, Tillamook.

The invitations will be mailed out tomorrow to more than 300 persons designated by the sponsors of the movement as delegates. The cards carry with them the voting privileges of the delegates.

Morton Tompkins announced the convention would be for the sole purpose of electing a gubernatorial candidate. Stimulating proposals from some quarters for other candidates, particularly for representation, he placed in the field Tompkins, an officer in the state guards and a professional chemist for members of the house from Tillamook county, emphasizing he was not speaking for the group or any other organization, but merely as an individual "interested in the future welfare of the state."

NEW BRANCH WILL HANDLE HOME LOANS

(Continued From Page One)

idea that any property owner may borrow up to \$1,000 to reconstruct his building. The money will come from a bank or other private source—not the government except in distress cases—but the United States will guarantee 50 per cent of the loans. A campaign to acquaint lenders and borrowers with this opportunity is part of the plan.

Second, insurance of building and loan shares becomes effective almost immediately a percentage assessment on each building and loan association will provide the insurance fund.

Third, various divisions of the FHA will be set up. One will insure mortgages on new homes up to 80 per cent of their appraised value. The insurance fund will be subscribed to by home owners as a regular portion of their payments on mortgages. The mortgages may run as long as 20 years. Another division will set up a similar insurance fund for low cost dwellings, such as large apartment houses. Still another division will supervise a fund for insuring old mortgages. In this case an old mortgage may be refinanced if it represents 70 per cent of the appraised value.

Fourth, national mortgage associations will be incorporated under federal charter. Funds for them will be largely furnished by private sources, and they will deal in mortgages. They may buy a group of mortgages and then issue to lenders' notes secured by the mortgages. Thus, officials say, funds will become available to localities which have money frozen in mortgages.

Fourth, national mortgage associations will be incorporated under federal charter. Funds for them will be largely furnished by private sources, and they will deal in mortgages. LA GRANDE TOWN TEAM POSTPONES IMMIGRANT GAME

The baseball game scheduled to be played at the high school athletic field next Saturday afternoon between the La Grande town team and the OOO High Immigrant team from Immigrant Park, was postponed this morning due to the visitor's inability to have a full squad on the field.

According to present plans the game will be scheduled for some later date and announced as soon as the date is definitely known.

Completion of this game makes the next game for the La Grande town team, the Rose Mountain league team to be played here at the high school athletic field next Sunday afternoon at 2 o'clock, when the strong Pleasant Grove Grange nine will invade La Grande.

Comparative scores of the two sides from the Grangers' side on the local squad. Six weeks ago the La Grander triumphed the Pleasant Grove Grange nine with the regular lineup in the field. Last Sunday, with five regulars missing from the Pleasant Grove Grange lineup, the Grangers whipped the lumberjacks 15 to 7.
