BEVOS WIN FROM SEALS AS TURNER ACTS AS MANAGER

By The Associated Press

President Tom Turner of the Portland Beavers has joined Sacramento's Earl McNeely as the coast league's second owner manager.

The Portland president made his San Francisco debut yesterday as acting manager in place of Walter McCredie, the regular pilot who is ill in Portland, and guided the Beavers to a 7-5 victory over the Seals.

It wasn't so much Turner's master minding as a fusty fourth inning homer by Second Baseman Gilbert English, a snappy four hit rally in the seventh that accounted for three runs and drove Pitcher Jimmy Zinn to the showers and consistently good fielding that brought Portland its win. The Beavers work at the plate and in the field prevented the 11 San Francisco hits off Hal Turpin from doing too much damage.

The circuit's other owner-manager likewise had a winning day. McNeely's Sacramento Senators upset Hollywood 3-1 as Otho Nitcholas hurled four hit ball.

Los Angeles boomed along towards another pennant, nosing out Seattle 8-7 in the series opener at Wrigley field. Seattle tied the score in the fourth when Mike Hunt lifted the ball over the left field fence.

Hal Haid returned to the Oakland mound yesterday to hold the Missions to five hits as the Oaks batted out a 6-1 victory. Jimmy Welsh and Stanley Keyes, Oakland outfielder, walloped four baggers. The defeat dropped the Missions 15 games behind the Angels.

U. S. Women's Golf To Lose Helen Hicks And Glenna Collett

By Bon Cavaganaro
(Associated Press Sports Writer)

NEW YORK, June 20 (AP) — Helen Hicks' surprise exchange of her amateur status for a commercial career and Mrs. Glenna Collett Vare's rapidly approaching retirement from competition have seriously weakened America's front line of women golfers.

In the absence of these two stars the burden of carrying the banner has been placed squarely on the shoulders of Virginia Van Wie, the soft-spoken Chicagoan who holds the national championship, and blonde-haired Maureen Orcutt of New Jersey.

Two veterans, Mrs. Opal Hill and Mrs. Leona Cheney, and a pair of youngsters, Charlotte Glutting and Lucille Robinson, are likely prospects to fill the berths vacated by the two stars.

In forsaking her amateur career to become America's first "business woman golfer," 23-year-old Miss Hicks, who started playing golf when she was a chunky lass of 13 years, has followed in the footsteps of two other prominent sportswomen.

Mannassa Mauler Is Sent to Hospital With Injured Digit

NEW YORK, June 20 (AP) — Jack Dempsey today was in Polyclinic hospital for treatment for an infected finger on his right hand.

He entered the hospital at 9 a. m. and probably will remain there two days, the hospital superintendent said, for treatment and observation. No operation was performed nor is there any immediate prospect of one being necessary.

Ford Factory Blast Takes Fourth Life

DETROIT, June 20 (AP)—The number of deaths due to a blast Monday in the foundry department of the Ford Motor Co. plant was increased to four with the death today of Martin Kayuk of Dearborn.

Walter Titsworth, John Meah and John Gross of Detroit, and Dearborn also suffered fatal burns when a naphthaline tank spilled onto hot metal and exploded.

A Pressing Problem for Il Duce

Among the things Italy's war veterans want these days is a "howdy-do" from Mussolini himself. Here's how they rushed to greet Il Duce (shown center, in light suit) when he arrived to attend their Congress in Rome.

TVA WORKERS IN 4 SHIFTS SPEED NORRIS DAM JOB

By Pugh Moore

NORRIS, Tenn. (AP) — Under blistering sun and glaring floodlights, four shifts of men are working 22 hours a day in preparation for June 10—the date set for the first concrete-pouring at Norris dam.

The dam, with its $37,000,000 reservoir and power house, is the largest single construction project of the Tennessee valley authority.

About 5,000 TVA employes and a like number of CCC boys are at work at the dam site and nearby. The gigantic project is expected to be completed by the last of 1935. Original calculations were that the job would be finished in four years, but good progress caused engineers to shave a year and a half off the estimated working time.

Each of the four shifts works five and a half hours daily and the remaining two hours out of each 24 are given to adjusting and oiling the ponderous machines.

The scene is in noisy contrast to the countryside, only recently as quiet as a rural churchyard. Throughout the day and most of the night the surrounding hills echo to the din of hammers, saws, dynamite, the roar of machines and shouts of overalled men.

Only 1,200 of the workers are employed in the actual construction of the dam, which will tower to the height of a 22-story building and impound 3,600,000 acre-feet of water that will form a lake with an 800-mile shore line. The number will be increased, however, with the installation of more machinery.

Laying Out Streets

Meanwhile, 1,800 TVA workers are clearing trees and underbrush from land that will form the lake basin, and 2,000 others are laying out streets, installing waterworks and electric lights and building 250 homes for workers in the town of Norris. The CCC boys are assigned to reforestation and soil erosion work on land surrounding the reservoir area.

Besides its activities in the Norris district, the TVA is operating the Muscle Shoals generating plant on the Tennessee river at Florence, Ala., and is building the Joe Wheeler dam 16 miles above Florence.

Through a contract with the Commonwealth and Southern corporation and its subsidiary utilities, the Authority has obtained a market for all of the power generated at Muscle Shoals. At present one municipality, Tupelo, Miss., is using TVA current exclusively and 11 other towns have negotiated contracts with the Authority.

GALE SWEEPS SOUTH DAKOTA

MITCHELL, S. D., June 20 (AP) — A severe 60-mile an hour wind storm that struck Mitchell about 9 o'clock last night, demolished the municipal airport hangar and destroyed two airplanes, blew down the towers of a radio station and caused considerable damage in the surrounding vicinity.

Reports from Lake Mitchell, a summer resort near here said six cottages were destroyed.

Some linguists believe that part of the language of the Tule Indians of Panama derives from the Scandinavian tongues.

Many Mississippi farmers have abandoned cotton production in order to devote all their time and acres to the raising of livestock and hay.

"Happy Birthday, King George!"

Resplendent in glittering dress costume, King George and the Prince of Wales ride in majestic stateliness from Buckingham Palace to the Horse Guard Parade for the trooping of color ceremony to celebrate the King's 69th birthday.

GENERAL DECLINE SHOWN IN MARKET

NEW YORK, June 20 (AP) — The stock market lapsed into extreme dullness today and support was lacking for most of the leaders. While there were scattered rallying tendencies displayed in the final hour, most recoveries did not get very far. Some of the alcohols developed heaviness. The close was easy. Transfers approximated 550,000 shares.

Bowen, 440 Ace, "Changes Gears" For Olympic Try

ERIE, Pa. (AP) — Fleet-footed Pete Bowen intends to "take the 1936 Olympics in stride" — a different stride, however, from the one which carried him to many victories in the sprints and quarter-mile for the University of Pittsburgh.

Pete, one of the nation's best 440 men two years ago, intends to make himself over into a long-distance runner between now and the time for trials for the Berlin games. Always a sprinter through a bright scholastic and collegiate career, he's grooming himself now for the mile run or its Olympic counterpart, the 1,500-meters.

Bowen's change of heart (or change of pace) is inspired largely by advancing age — athlete's age, that is. "I'll be 29 years old when the next Olympics rolls around," he says, "and I want to be entered in the event where I'll have the best chance of making that team."

A taste of middle distance work while at Pitt gave Bowen the idea he might "grow up" into a star at longer yardages. He once ran the 880 in 1:53 flat in practice, only 2 1-10-seconds off the world record.

Bowen was national collegiate A. A. quarter-mile champion in 1932 but in the Olympic trials was eliminated when he drew the same qualifying heat as "Blazing Ben" Eastman of Stanford.

PORTLAND LIVESTOCK

PORTLAND, June 20 (AP) — Cattle: 50; calves 10; steady, unchanged.

UNDER THE WIDE AND SPREADING SKY

SUMMER is the season when the possibilities for enjoyment are multiplied about you. Under the wide and spreading sky there is room for much happiness.

You don't need great wealth, and you don't need to fasten all your hopes for happiness on a short vacation. Whether you live in the city, with all its modern means of tempering the climate to your needs, or in the country where the good earth responds so beautifully to your touch — there is much to do, pleasantly and happily.

But there is art in enjoyment. You should dress properly for each occasion. You should have within easy reach the things that make hospitality inviting and gracious. You should have the means of refreshing and beautifying your person and improving your sense of well-being. You should be comfortable.

It is not so hard to do all this. It is not accomplished in one frenzied and expensive effort. Comforts should grow about your home, as flower and fruits blossom and ripen.

Read the advertisements, and acquire the things you need from what you learn there. Fresh light summer wear. Foods and beverages that keep crisp and cool in modern refrigerators. Gas and electricity that cook and brighten without heating your rooms. Electric fans, perhaps. Soaps, cosmetics, and heaps of fresh towels for frequent showers.

And read in the advertisements where to go and what to do in order to make Summer the golden season of your life.
