

GRANADA THEATRE WILL RE-OPEN AT 6:45 P. M. TONIGHT

The Granada theatre will be re-opened tonight, it was announced today by J. Donald Meyers of the La Grande Theatre, Inc., and will continue in operation on Fridays and Saturdays as long as the patronage warrants its operation. There is a possibility that later on the show will be opened on Sundays also.

The doors will be open tonight at 6:45 p. m. with the show starting at 7 o'clock. Tomorrow the doors will open at 2 p. m. with continuous performances until closing time at night.

Beginning next week the show house will open at 7 p. m. on Fridays and at 1 p. m. on Saturdays.

with a special children's matinee from 1 to 3 p. m. Saturdays. Largely western pictures will be shown at the Granada, which has been extensively redecorated for its re-opening. Meyers pointed out that Penelope, The Dalles and Baker are supporting more than one theatre, and expressed confidence that La Grande's gains in business also were sufficiently great to warrant operation of the Granada.

NO LACK OF MUSIC FOR CELEBRATION

(Continued from Page One)

The celebration at La Grande, Oregon state champion, and Enterprise, one of the finest corps in the inland Empire. The bands to play here include the famous Ogden and La Grande bands.

Two former La Grande legionnaires are now playing with the Spokane drum corps, Pete Russell and Ed Stephenson, and will be with the Washington state championship organization when it arrives here early the morning of July 20. The corps will remain here two days, leaving for home at 9:15 p. m. Saturday, July 21. Garity, who is drum major of the La Grande corps, also is chairman of the celebration committee in charge of the drum corps portion of the three-day program.

Award Decoration Contract The contract for decorating the streets of La Grande during the celebration, has been let to Plisk and Plisk of Hillsboro, Ore. The agreement is that the company will furnish all decorations for the streets, intersections, etc., free of charge and solicitations will be made only for the store front decorations.

Decorations will include lights across intersections, banners at frequent intervals across the streets and the decorations for the store fronts. Mrs. Peggy Plisk, representing the company, is in La Grande today and will begin immediately contacting the merchants with regard to the decorating of the individual stores.

Is Here— Mrs. Peggy Plisk, who is representing the company which was awarded the contract for street decorating for the celebration next month, is registered at a local hotel from her home at Hillsboro.

Tonsillotomy— Miss Valette Harer, who is spending the summer vacation with her parents, underwent a tonsil operation the first of the week and is recovering nicely.

Johnson Springs section of the highway, and will be spent during the fiscal year beginning July 1.

At present there are two contracts under way on the highway out of Elgin, and it is believed this new appropriation will provide sufficient funds to partially complete the highway between Elgin and Tollgate. News of the allocation was taken to assure an early continuing of the work now under way, and also will assure many men in this section of employment during the coming year.

GERMANY STUDIES PROTEST OF U. S. ON MORATORIUM

(Continued From Page One)

Secretary of State Hull's declaration. Asked whether Hull's criticism would be published in the German press, a government official replied indefinitely, but said, "undoubtedly the gist of the American note will be given out for publication."

He appeared to doubt whether any change of attitude on either side was likely at this time.

WASHINGTON, June 29 (AP)—The United States protested today against Germany's moratorium on \$1,500,000,000 in obligations held by Americans, blaming the reich's financial plight on Nazi policies. Secretary of State Hull handed the

- For fifteen consecutive years have been on the winning cars in the 500-mile Indianapolis Race. THIS MEANS SLOWDOWN PROTECTION!
- For seven consecutive years have been on the winning cars in the Pikes Peak climb where a slip means death. THIS MEANS NON-SKID SAFETY AND TRACTION!
- For three consecutive years have been on the 131 laps of the Washington (D. C.) Railway and Electric Co. covering 11,557.810 bus miles without one minute's delay due to tire trouble. THIS MEANS DEPENDABILITY AND ECONOMY!
- Were on the Neiman Motors' Ford V-8 Truck that made a new coast-to-coast record of 61 hours, 45 minutes, 30 seconds actual running time. THIS MEANS ENDURANCE!

THE New Firestone High Speed Tire for 1934 was built to give you the same dependable service it provided for the 33 drivers who started in the torturous 500-mile grind at Indianapolis May 30.

This new tire has a wider tread of flatter contour, deeper non-skid, more and tougher rubber, giving you more than 50% longer non-skid mileage.

Besides being Safety Protected on the outside it is Safety Protected on the inside. Eight additional pounds of pure rubber are absorbed by every one hundred pounds of cords.

This additional rubber is so placed that it surrounds every cotton fiber inside every cord in every ply. This is accomplished by soaking the cords in liquid rubber by a Firestone patented process. This patented process, Gum-Dipping, is not used in any other tire built.

Heat caused by internal friction of cotton fibers destroys tires—causes separation and blowouts.

Gum-Dipping counteracts friction and heat—provides greater adhesion and binds the cotton and rubber together into one cohesive unit of greater strength, assuring car owners of the greatest Safety, Protection and Economy that it is possible for human ingenuity to build into a tire.

The most amazing proof of this extra strength, safety and dependability is the fact that every one of the 33 drivers at Indianapolis chose and bought Firestone High Speed Tires. Race drivers KNOW tire construction—they will not risk their lives or chance of victory on any other than Firestone.

At terrific speeds the cars plunge into the treacherous turns—tires are braced against the scorching brick track—so hot the tires fairly smoke at times—they give—yield and stretch—every conceivable force works to tear the tire to pieces, yet Firestone High Speed Tires "come back" on the straightaways. Not once during the entire race did a tire fail.

Surely this is the most amazing proof ever known of Extra Strength, SAFETY and dependability. Call on the Firestone Service Dealer or Service Store nearest you TODAY. Equip your car with New Firestone High Speed Tires for 1934.

Rubber has advanced 442%! Cotton 190%!

Yet you can buy this amazing new Firestone High Speed Tire at our present low prices and save money.
