

SATURDAY PAGEANT AT STADIUM TO CLOSE JUBILEE

Thrilling and Colorful Drama to Be Unfolded Before Great Crowd.

With Hugh E. Brady casting the characters to present the Saturday pageant, to be held at the La Grande stadium Saturday, July 21, at 3 p. m. sharp, final work on this colorful, interesting event of the Semi-Centennial U. P. celebration here next week, is being done.

The committee is not announcing all its features as this would detract from the charm of the performance, but enough has been given out to reveal that the pageant will be of unusual interest, incidentally both the coronation Thursday night, July 19, and the pageant Saturday will be free of charge. The parade will start at 8:30 a. m.

Fifteen different types of horse drawn vehicles already are ready for participation in the Saturday pageant, including a dump cart hauled before the coming of the railroad, and an old-fashioned stage.

The band is rehearsing now for its numbers in the pageant, which will include several Indian selections. The La Grande band has become famous over the northwest for its rendition of folk music, and these numbers will include some of the band's best selections.

Mrs. George Birtle and Oscar Warnick, in charge of the equestrian section, announce that they will have 30 riders in the costumes of the gay 60s.

A freight wagon in the pageant will be escorted by a cavalry detachment hauling the Goodspeed third piece from Union. This cannon was made in England 100 years ago and later dropped in the Columbia river, presumably by an English merchantman. Later it

FAIR MAIDS VIE FOR CELEBRATION QUEEN HONORS

Here are four of the fair maids of La Grande who are contesting for selection as queen of the Semi-Centennial U. P. celebration. Left to right they are: Lorraine Dodge, sponsored by the Brotherhood of Railway Trainmen; Marian Pitcock, sponsored by the Ladies Society of the Brotherhood of Locomotive Firemen and Engineers; Faye Walker, sponsored by the Eagle lodge, and Dorothy Wall, sponsored by the Brotherhood of Locomotive Engineers.

was straggled from the river and found a permanent home at Union.

Captain Walter A. Bean will command a company of militiamen garbed in uniforms of the times, and will give a demonstration of capturing the stage coach robbers.

The script for this pageant has been completed and the episodes are self explanatory, with the loud speaking equipment at the stadium to give explanations. Only characters who actually were in this section in early times appear

in the pageant. Characters such as Lewis and Clark, Sacajawea and others who did not come through the Grande Bonde valley, will not be included.

INCH OF SNOW IN 2 MONTHS

Only one inch of snow fell in January, 1934 in La Grande, and no snow fell in February. Both months were the warmest on local records for this time of the winter. December, 1933, was the warmest December in local history.

NEWS FILMS OF JUBILEE TO BE "SHOT"

Outstanding scenes of the Semi-Centennial Union Pacific celebration to be held here July 19, 20 and 21 will be recorded by motion picture cameras and shown throughout the nation later in news reels. This was definitely announced

here by Mark Corey, manager of the RKO exchange in Portland and distributor of Pathe News in the Pacific northwest, who visited this city this week and assured Don Meyers of the Liberty theatre, that a Pathe news cameraman would be here to take pictures of the railroad celebration.

PLENTY OF FISH HERE

There are 8,476,943,812 fish in Union county streams. If you don't believe this, count 'em yourself.

We Have Seen La Grande Grow -

... from a small village of the 'fifties' days with wooden buildings, board walks and dirt paths.

We Are Proud

... to have participated and helped in the building of the fine modern city we now have and to thereby have shown tangible evidence of our faith in the community and its future progress.

Proud, too.

... that, coming here shortly after the railroad, we have conducted in the same location for over 40 years, a business enterprise that has held the good will of many, many friends throughout nearly half a century of time.

ULRICH LOTTES
LUNCH & REFRIGERANT PARLOR
1135 Jefferson Ave.

In those "good old days" when every parlor boasted a romantic dust catcher upon which sister entertained her beau — and when the evenings entertainment consisted mainly of bringing out the archaic stereoscope with its fly-specked views of Pompeii and Niagara Falls —

They Didn't Know Then The Thrill of a Ride in

THE NEW

DODGE

With its big 117-inch wheel base of luxury from one end to the other — with its safety all-steel body — hydraulic brakes — patented floating power engine mountings — modern ventilation — quiet, easy riding mad soft, gorgeous upholstered interior.
