Church Programs For Next Friday Announced Today

Interesting Sermons and Musical Services Are Scheduled For La Grande Churches.

Church programs for Sunday in La Grande and nearby communities include the following: Zion English Lutheran Church (M Avenue near Fourth) The morning worship begins at 11 o'clock Sunday morning. The pastor, Rev. Edwin Bracher, will direct attention to the Early Christian church in his sermon, "In Common Determination." A cordial invitation is extended to all to enjoy this service.

Sunday school meets at 9:45 a. m. Children will find classes in this school in which to study the Bible. The Christian life course of Sunday school lessons is being used in this school. At present the beginners' class is studying "The Heavenly Father's Little Ones;" the primary lessons are "Our Friends;" the juniors study "God's Book;" the intermediates have "The Story of God's People;" and the seniors are considering "Life Problems." All are welcome to attend these classes.

Presbyterian Church (Sixth and Washington) "Unless the religious way of living gives more than which is obtainable in any other way, the religious groups will fail. But if the religious methods are mastered, religion will release more energy than can be found in other men. The first step must be to master the methods of the mighty yet meek Jesus, who lived them before," said the minister, Rev. J. George Walz, announcing his sermon topic for Sunday morning, 11:00, "Meeting a Crisis." The invitation is extended by minister and congregation to all not attending worship elsewhere, to attend this service.

A fine musical program is announced: The quartet, Miss Ruth Gebel, soprano; Miss Corinne Baker, alto; Loree Anderson, tenor; and Ralph Geibel, bass, will sing the anthem, Mrs. C. C. Long presiding at the organ console. By special arrangement Mrs. M. J. Jackson, of the Jackson party now holding special tent meetings in our city, will play a number, "Living for Jesus," on the Victrola Celesta, an instrument of exceptional beauty of tone and volume.

The Sunday Bible school at 9:45 a. m. offers much of real interest and profit. All ages are welcome.

Central Church of Christ Bible school at the Central Church of Christ will begin at 9:45 and will continue until 10:55 at which time there will be a general assembly for the observance of the Lord's Supper. This communion service will be led by the elders of the church. Let us not neglect the "assembling of ourselves together" on this Lord's day. The public is cordially invited to attend these services.

Baptist Church (Spring and Sixth) At the Baptist church Sunday morning, the subject of the pastor's sermon will be "Jesus." The choir will sing a special number. In the evening service following a song service, the pastor will speak on "Stop, Look, Listen." The topic for the young people's discussion is "The Sacredness of Marriage and the Home."

The Bible school picnic Tuesday evening at the city park was well attended and all apparently had a most enjoyable time. Under the able leadership of the superintendent, J. Jordahl, the school is maintaining a high grade of excellence and anyone not attending elsewhere will find a cordial welcome and a suitable class here. The orchestra is increasing in numbers and efficiency. Anyone playing a suitable instrument will be welcomed into the organization.

Hours of service are: Bible school, 9:45; morning worship, 11:00; young people's meeting, 7:00; evening worship, 8:00; Thursday evening prayer meeting, 8:00.

The Salvation Army (211 Fir street) "Life asks of each person three questions: First, What do you know? second, What can you do? third, What are your habits and objections?" "Reader, if I were you, I'd think up three honest answers to those questions, and be ready to repeat them where they would do the most good," says Capt. Body.

"Where and When Are You Going?" will be the captain's text for Sunday night. Other services include: Saturday, 8:00 p. m., a free and easy meeting.

a. m. Wednesday evening meetings are at 8 p. m. and the reading room in the West Jacobsen building is open from 1:30 to 5 p. m. daily. The subject Sunday's service will be "God."

The golden text is "Blessing, and glory, and wisdom, and thanksgiving, and might, be unto our God for ever and ever" (Rev. 7: 12).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Be thou exalted, O God, above the heavens; let thy glory be above all the earth" (Ps. 67: 5).

The lesson-sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"God is infinite, the only Life, substance, Spirit, or Soul, the only intelligence of the universe, including man. Eye hath neither seen God nor His image and likeness. Neither God nor the perfect man can be discerned by the material senses. . . . Allness is the measure of the infinite, and nothing less can express God" (pp. 330, 336).

Church of Our Lady of the Valley (Rev. Thomas J. Brady, A. M., Ph. D., pastor) There will be two low masses Sunday, at 6 and 8 o'clock in the morning by the pastor, who also will give short sermons. Following the 8 o'clock mass there will be benediction of the Blessed Sacrament.

GOD CARES FOR ELIJAH I Kings 17:1-24; 19:1-8. By Carlos A. Plummer

Elijah was a prophet bold, A mighty man in prayer; He bravely faced Ahab of old God's message to declare.

His faith in God was great, indeed, Through drought and famine sore, And God supplied his daily need From His abundant store.

He had a secret place secure Where God bestowed His care; He drank of Cherith's waters pure And ravens fed him there.

And when the brook had ceased to flow Because no showers fell, The Lord commanded him to go To Jarephath to dwell.

There God in wondrous way increased A widow's scant supply Till there were fed till famine ceased And years of drought passed by.

When in discouragement he fled, Of life itself despairing, And even wished that he were dead, The Lord for him still cared.

When in the desert's solitude In trouble deep he lay, God's angel brought him drink and food And sent him on his way.

CAMPBELL'S NEW SPEEDER MAY BE FINISHED SHORTLY

LONDON (AP) — The new "Blue Bird," Sir Malcolm Campbell's car in which he hopes to raise his own land-speed record of 272 miles an hour to over the 300 m.p.h. mark, is reported progressing well in a secret workshop at Weybridge, Surrey, and is expected to be completed some time in July.

Sermonette

Edited by Harriet R. MacDonald

I will instruct thee and teach thee in the way which thou shalt go. I will guide thee with mine eye. Psalm 32-8. "May we ask (Divine) guidance in more sure learning the ancient truth that greed and selfishness can never bring lasting richness or good to the individual or to his neighbors. May we be grateful for the passing of dark days; for the new spirit of dependence one on another; for the closer unity of all parts of our wide land; for the greater friendship between employers and those who toil; for a clearer knowledge of all nations that we seek no conquests and ask only honorable engagements by all peoples to respect the lands and rights of their neighbors; for the brighter day, to which we can win through by seeking the help of God in a more unselfish striving for the common bettering of mankind." President Roosevelt.

Pioneers Parade On Opening Day of Jubilee

(Continued From Page One)

train must be at Island City at 8:30 o'clock. Those who are selecting the passengers for this trip are making every endeavor to find the oldest pioneers and they will be the first choice with the others chosen in point of years of residence here. The tickets are not being sent out, but Mr. Reynolds will be at the Island City depot to give them out personally in plenty of time before the train starts. The hour of starting is 9:00 o'clock, the train to reach La Grande at 9:30 where there will be reserved seats for those who come in on the train.

The program to be given upon the train's arrival will occupy about 30 minutes. "Young" Ben Grandy, of Grand Junction, Colo., will represent the mayor of 1884 in giving the address of welcome, with the response by the Hon. Dunham Wright. Immediately following the program, the pioneer parade will form, and headed by Clint Haynes, as marshal, George Scribner, of Union, and Aug. J. Stange, of La Grande, as aides and all in proper attire, will move to Riverside park for the annual pioneer program. This parade will also be accompanied by the Geden U. P. Old Timers band, which will play at intervals during the day.

The committee wishes they understood that all pioneers and their friends are invited to the exercises at the park. For the dinner at noon, while coffee and cream will be furnished by the association, all must bring their own lunches and the suggestion is made that each family, or each group bring an extra plate or two with food for one or two extra who may come as visitors from a distance.

CHICAGO POLICE "PROTECT" SPOONERS IN PARKS

CHICAGO (AP) — All a fellow needs to make love in Chicago this summer is the girl and the time — the police have provided the place.

From now on, say police, the city's numerous parks will provide suitable settings for the whispered-sweet-nothings of couples without fear of the family's "listening in."

And, what's more, police promise protection as well. Says Capt. James Sammits of the Lincoln park police: "Love-making, within proper limits, is a protected occupation now. Most of it is done in automobiles along the outer drive — up to midnight. After that hour they have to leave. That's the only reasonable. There are other parks where they can park and tuck till 1 in the morning. We keep the park safe for romance."

For a summer afternoon lawn party, try to have food that looks — as well as tastes — cool and refreshing. Orange, lemon or raspberry ice served with angel food or light sponge cake answer these requirements. If beverages are being served, leave the bottles in a bucket of ice until served.

BOARD URGES ACCEPTING OF ARBITRATION

(Continued From Page One)

police as hoodlums and alleged communists, stormed six theaters and restaurants. SEATTLE, July 13 (AP) — Twenty thousand men have been thrown out of work in Oregon and Washington logging camps and lumber mills, and production has fallen far below average largely because of the longshoremen's strike, the West Coast Lumbermen's strike, the Puget Sound timber-

handlers and dock workers in the arbitration plan. Another development of consequence was the release last night of 300,000 gallons of gasoline from picketed oil terminals to farmers in Oregon and Washington for operation of their harvest machinery.

At city hall late yesterday a petition for recall of Mayor Joseph K. Carson was presented on the grounds he "has demoralized the police force and encouraged violent use of public docks during the longshoremen's strike," that he has "broken every pre-election promise, and has not reduced taxation."

The only untoward event of the morning was the wounding of a special officer by a regular policeman. The special, Elmer Newbill, 48, suffered a slight wound in the fleshy part of the arm, after he reputedly pointed a revolver at Patrolman Crisp who drew his own gun and fired.

PORTLAND, July 13 (AP) — A statement that settlement of the waterfront strike controversy here will "be promoted by civic and commercial organizations refraining from urging strikers to accept arbitration" was issued today by the strike strategy committee of the central labor council.

The strategy committee met for three hours this morning in a secret session for discussion of strike developments. At noon there still was no indication when a vote might be taken on the question of submission of union issues to the federal mediation board.

Steamship operators and other waterfront employers have agreed to arbitration by the federal committee. No act of violence was reported last night or this morning and the situation here was apparently being cleared of various issues of importance so far as a general strike is concerned. Late yesterday the agreement reached included the agreement to rein-

IRISH MOTORCYCLISTS TO PICK OWN MOUNTS DUBLIN (AP) — Declaring Irish motorcycleists the best in the world, German manufacturers are offering big inducements to members of the Irish teams to ride their machines in this year's international six-day trial to be held in Germany the last week in August.

The Motorcycling union of Ireland has rejected an English suggestion that their riders should be compelled to enter British machines. Each rider will be free to enter any machine he selects.

FIRST-QUALITY TIRES AT 18% TO 20% LOWER PRICES*

WITH New Precision-Built FEATURES

EXAMPLE: SIZE 29 x 4.40-21 — Only

\$5.20

High Speed Safety Fig. 1 shows how Latex dipping eliminates the cross-threads (Fig. 2) found in the woven cord fabric of most other tires. Cross-threads add nothing to strength and cause friction heat, greatest blowout cause, especially at today's high speeds. Riverside Latex coating makes each cord lie flat, completely insulated with rubber.

Every day more and more value-wise tire buyers are turning to Riverside because they know that these tires are built for still greater speeds, still greater tire strains than needed for cars of today. Built to give this extra margin of safety and mileage . . . backed by the strongest unlimited guarantee ever placed on any tire.

The big broad flat tread that Riverside developed has been made flatter than ever. More rubber has been put into it and on the road by nesting center-traction, non-skid blocks more closely, by combining wider running ribs with heavier side-wall buttresses. And it's all new SUPER-VITALIZED rubber—so much tougher that it alone adds 15% to tread wear.

The carcass is more resistant to fatigue—better cords are used. Far safer too because it is double insulated against heat and friction, greatest blowout cause. First by famous Riverside Latex-dipping, second, by layers of insulating rubber between every ply!
