**NEW PERFUME IS MADE AVAILABLE BY SOAP COMPANY**

Women with a fondness for perfumes will welcome the announcement of the White King Soap company in this issue of the Observer that a beautiful new fragrance has been created, and that they may participate in its introduction without cost. After many months of experimenting with oils of perfume flowers, gathered from all parts of the world for the creation of a distinctive bouquet to be used as a perfume for toilet soap, the chemists of the White King Soap company developed a blend so unusual and rare that it was decided to give it to the world of fashion and beauty in its original form—as a perfume.

In presenting this new perfume, Princess Nadj, the White King Soap Co. expresses its pleasure in being able to make this novel offer in order that the women of La Grande may have the opportunity of trying the perfume. The White King Soap company has arranged to send, without charge, and postpaid, a regular \$1.00 size (flacon of Princess Nadj) in return for 7 wrappers from the famous White King toilet soap. Co-operating with this plan, all White King dealers are featuring a special low price on White King toilet soap in units of 7 cakes, thereby enabling their customers to take a saving on their favorite soap and at the same time obtain the necessary wrappers immediately, as the introductory offer is made only for a limited time.
