City Schools Are Being Placed in Shape For Coming Term.

1 MORE TEACHER IN HIGH SCHOOL

Hulda Anderson Transferred From the Grades — Two Other Changes in Faculty Personnel.

A little more than a month, and the grade school children and high school students in La Grande will begin another term of instruction. The opening day of school here is scheduled for Monday, Sept. 10, it was announced by Herbert Evans, superintendent.

Supt. Evans will be in his offices at the high school building from now on, and Principal A. L. Gralapp, of La Grande High, will be in his offices probably after next week.

Total registration for schools here during the 1933-34 year amounted to 2,142, with 1,492 enrolled in the grade schools — Willow, Central, Riveria, Greenwood and Ackerman — and 650 in the high school. Whether the enrollment for the 1934-35 term will exceed this remains to be seen.

There will be one addition to the L. H. S. faculty, Supt. Evans said. Hulda Anderson has been transferred to high school from the grades and will teach American history. The personnel of the faculty will be the same as last year with two other exceptions — Jean Williams, of La Grande, will take the place left vacant by Jean White's resignation, and Rosalind Van Winkle, of Salem, will

Grouse Season Will Open Here 20th of August

There has been some discussion locally as to when the grouse season opened in Union, Baker and Wallowa counties. Some, through erroneous reports reaching them, believed it was scheduled to begin on August tenth. The season will open—as the Observer stated earlier this summer—on August 20 and remain open until Sept. 20, both dates inclusive, according to state policemen. The bag limit is four such birds in any one day or eight in any seven consecutive days.

The grouse season is the first to open in Union, Baker and Wallowa counties. The pheasant season does not open until Oct. 15.

47 RED CROSS TESTS GIVEN

Forty-seven Red Cross swimmers and beginners tests were given yesterday at Crystal Plunge as a result of the instruction following the playground weeks. Friday afternoon the junior lifesaving tests will be given and any who wish to take the swimmers or beginners tests may do so at that time, according to Miss Margerie Horton who is in charge of the tests.

CARS COLLIDE; NO ONE HURT

TROPHIES WILL BE AWARDED YOUTHS IN WALLOWA CAMP

Harvey Carter Announces 75 Already Signed to Go—More Expected

A number of trophies will be awarded to those who make outstanding records during the Wallowa Lake boys' camp, which begins next Sunday, Aug. 12 and continues until Aug. 26, it was announced today by Harvey Carter, camp director.

The Observer is donating two trophy cups for camp. One will be given the best all-around camper under 12 years of age, and the other to the best all-around camper over 12 years of age. These two awards are to be determined by a vote of the staff, tent leaders and the boys.

Lee Reynolds is giving two Scout axes and sheaths for the most outstanding Boy Scout work in camp, and B. F. Wyde is donating two medals for the best all-around swimmer.

URGES UNITY IN DEVELOPMENT OF HUNTING, FISHING

Favoring inauguration of an effort to obtain development of game and fish resources in Northeastern Oregon as a section rather than by counties, S. H. Burleigh, La Grande attorney, gave an interesting talk at the noon luncheon today of the Rotary club in the La Grande hotel. Formerly of Enterprise, Mr. Burleigh

INCORPORATE PLAYGROUND ASSOCIATION

Success of Movement Here This Summer Results in Permanent Organization.

Final steps were taken last night at a meeting of the members of the playground association for making the La Grande Playground Association a permanent organization. Papers of incorporation have been drawn up by H. E. Dixon and are to be filed with the corporation department of the state within the next few days.

This move has resulted from the very successful two months of directed play which has been conducted this year by Miss Margerie Horton and Harvey Carter at the High school and Greenwood school. Reports were given last night by both these leaders on the total attendance during the entire period. It was also reported that a total of \$30 was left over from this year and will be used as a nucleus for the fund which will finance the playground next summer.

Resulting from the request of numerous parents and interested persons, the matter of continuing the directed play until the end of this month, was discussed. Because of the fact that interest was so high and the playground work has been so successful this year, it was decided that the work next year would be benefited by closing as scheduled. However, some of the volunteer workers will continue to give instructions at the swimming pool as long as it remains open this season.

It was also announced that anyone wishing to use the playgrounds for

County Will Get \$733 From State Liquor Revenues

Vouchers for the first quarter apportionment of the unemployment relief fund derived from Oregon liquor revenues, amounting to \$44,096, will be mailed from Salem shortly to the 36 counties, it was learned today from the secretary of state's office. Five thousand dollars was retained by the state relief committee, which allocated the money according to population, for administration. More than \$100,000 of the second quarter funds have not yet been apportioned.

Apportionment to Union county county amounted to \$733, Baker received \$703 and Umatilla \$1,024.

GREENWOOD EVENS COUNT IN SERIES

The Greenwood A. C.'s won the second game of the championship series in the twilight league last night by a score of 7 to 6 over the High School Juniors. This gives each team one game, and the final game between the two will be played this evening. Last night's game was a very close one, the Juniors holding the lead until the last inning when the A. C.'s took a lunge forward and in the last few minutes of play made some hard hits to the outfield that won for them.

In the lower bracket of the championship series, the Suckawaw Barbers won over the Greenwood Juniors by a score of 17 to 8. This is the

F. R. Shares Spotlight With Mayo Brothers

ROCHESTER, Minn., Aug. 8 (AP) — President Roosevelt, the first chief executive to visit this city, shared the spotlight today with Rochester's most famous citizens, the Mayo brothers, as this city combined its entertainment for him with ceremonies honoring them.

Praising the two world renowned physicians, Dr. William J. and Charles H. Mayo, operators of the Mayo clinic, for their medical services, Mr. Roosevelt added that their "true distinction is in the simple fact that you have put

LEAVE MAINLAND FOR HOP TO IRAQ

WASAGA BEACH, Ont., Aug. 8 (AP) — James Ayling and Leonard Reid took off at dawn today in an attempt to fly non-stop to Baghdad, Iraq, and break the world's long distance flight record.

The heavily-loaded plane ran a mile and a half down the beach before soaring away at 6:12 a. m. (Eastern daylight saving time) to the east. Ahead was the dangerous North Atlantic hop, the biggest hazard along the 6,500-mile route to Baghdad. The plane's name is "The Trail of the Caribou."

Wheat Today

The price of local cash new crop wheat stood at about 73c bulk today, according to the Pioneer flouring mills, Portland cash 92c.

CHICAGO, Aug. 8 (AP) — New soaring of all grains to fresh high price records for the season resulted today from late waves of commission house buying that swallowed up profit-taking sales.

Crop damage reports were sensational. Traders estimated the Washington general August report would show the 1935 corn yield to be more than 450,000,000 bushels below official July figures.

Wheat closed strong 1/4¢ above yesterday's finish, Dec. new \$1.13 1/2, corn 1/2¢ up, Dec. 79 1/2¢, oats 1 1/2¢ advanced, and provisions varying from 10¢ decline to a rise of 17¢.

WORLD WAR VOTE ASKED
LINDBERGH LAW INVOKED

LITTLE AMERICA, Antarctica, Aug. 8 (AP) — Mechanical difficulties have defeated the second attempt to reach Admiral Richard E. Byrd by tractor at his advance weather base, 123 miles by train south of Little America. A third attempt to reach the admiral will be made tonight with another tractor.

HOLLYWOOD, Calif., Aug. 8 (AP) — Another of Hollywood's "ideally married" couples — the Conrad Nagels — have separated through the divorce courts. She obtained a Mexican decree.

BERLIN, Aug. 8 (AP) — A world-wide plebiscite to permit the people of forty nations to decide whether they will fight another war was proposed today to the world Baptist Congress here by the Reverend Harold Camp of Oakland, Cal. The suggestion was received with applause.

NEW YORK, Aug. 8 (AP) — The Lindbergh law was invoked today against John Cvaniga, former chauffeur for Col. Harry Huddleston Rogers, after an extortion plot against the Standard Oil millionaire was balked. \$10,000 demanded on threats of violence to Colonel Rogers' third wife.

BOISE, Idaho, Aug. 8 (AP) — Three fires which raged several days in the Idaho national forest were under control today with a force of 300 men watching carefully to prevent wind spreading them into new territory.

BONNEVILLE PLANS MAY BE ALTERED

Deepening of River Channel at Present is Not Favored, However.

\$2,000,000 SAVINGS IS BIGGEST FACTOR

Division Chief, Col. Robins, is "Looking to Future" He Says in Making Announcement.

PORTLAND, Ore., Aug. 8 (AP) — Colonel T. M. Robins, division engineer, announced here today that United States engineers at Portland favor conversion of the large locks at the \$200,000,000 Bonneville dam to ship locks to permit ocean-going vessels to pass into the Upper Columbia river above the high dam.

Col. Robins said, however, he does not favor improvement, at this time, of the Columbia river channel between Vancouver and Bonneville to the extent where it could be used by deep water ships.

"I am looking to the future," the division chief said. "By changing our plans and making the locks large

New Heat Wave Grips Mid-West; 4 Dead In Iowa

By The Associated Press. Scorching temperatures burned again today and mid-continent already had hit by heat waves and drought. The new heat wave extends from the Rocky mountains to the Appalachian highlands, and southward into the gulf states, further damaging crops in sections that have been suffering all summer.

Temperature readings of 100 degrees or more are common throughout the stricken area. Hot winds in some parts aggravate the situation, partly.

MCNARY HAS NOT CLOSED DOOR TO 1936 NOMINATION

By Clayton V. Bernhard. SALEM, Ore., Aug. 8 (AP) — Senator Charles L. McNary of Oregon, Republican floor leader of the United States senate, is not a candidate for the Republican presidential nomination in 1936, but he is not eliminating himself or anyone else as possibilities in that future race.

Senator McNary made this clear in an interview here Tuesday afternoon, as he rested at his country place, "Fireone," in preparation for a trip to Chicago in October to meet with the Republican senate party committee which will direct the strategy in

PICKETS WIN OUT IN PEKIN STRIFE

By The Associated Press. Picket lines prevail today about the American Dittler company's plant at Pekin, Ill., where strikers repulsed a march to work of non-union men. Four men were injured yesterday as about 200 strikers turned back an equal number of workers, and officers gave up their efforts to pierce the lines. Authorities are trying to convene a peace conference.

CORBELL, Ont., Aug. 8 — Oliva Dionne settles herself into the buggy, shakes the reins, and is on his way to Callander.

It is early morning, but Dionne's house is already a-bustle, full of a purposeful and efficient stirring. Dionne has to meet the morning train at Callander—it is bringing him a consignment.

Dionne is the father of the most famous babies in the world, the quintuplets whose birth on the night of last May 28 drew the sympathetic eyes of the world to Corbell. And the precious freight that is coming to

Callander is a gallon of natural mothers' milk, shipped in special containers from hospitals in Chicago, Toronto and Montreal.

When he has received the containers, Dionne drives back over the rough and rocky road to find the day in full swing for his five tiny daughters.

Here, in what had been a plain frame four-room cottage on the edge of the wooded wilderness, is a veritable children's hospital, created overnight by the kindly interest of neighbors, the Red Cross, the Canadian government, and the gifts and encouragement of a world that had seen a wonder and wanted to help the somewhat bewildered and simple people through whom it came.

From dawn to dusk, and often far into the night, hard-working nurses and concerned doctors bustle about. Dr. A. R. Datoe, the "old-fashioned country doctor" whose skill, devotion,

HUFFMAN, PARTNERS FIND "PAY DIRT"

NORTH POWDER, Ore. (Special)—Harry Huffman was showing Powder friends a partially filled vial of native gold upon his return recently from the Eagle creek district above Richmond. He and Charles Evelyn and Ed. Wilcox believe they have a block of pay dirt in two placer claims they have located on Long creek, a tributary of Paddy creek, the North Powder News reports. They discovered gold in the gravel while prospecting one Sunday morning and because of this circumstance they have called their properties the Sunday mining claims.

In addition to the placer ground they have three quartz claims in the

same vicinity, which is not far from the old Cornucopia road, said Mr. Huffman. He passed the big prospective placer operation on Eagle creek, to which a three mile ditch was recently finished, and remarked that it looked like business. Some of Mr. Huffman's friends who had not seen him for some time could hardly recognize his face. The reason was that he had grown a crop of whiskers that probably would resemble those of the hero of Defoe's famous island tale. However, he looked healthy, indicating regular eating habits, which he said was now assured by returns from the placers, even if they failed to make him and his partners rich.
