BULLETS DO NOT VOTE IN A DEMOCRACY

However great the weaknesses of democracy may seem in a time of crisis, it is hard to escape the impression that the bloody troubles of Europe today arise in large part because of the denial of democracy. Austria, swept by the repercussions of an assassination ominously similar to that of Franz Ferdinand 20 years ago, is simply the most recent example.

For the underlying cause of such disorders is the fact that ordinary democratic processes have been suspended. Racked and torn by cross-currents of passion, resentment, and despair that have been in the making ever since the war, the central European peoples have no way of expressing themselves but with guns.

Germany furnished an object lesson a few weeks ago. Discontent with the way the Nazi policies were working out came to a head and demanded expression. No peaceful means of expression was possible.

Men could not argue their cause, they could not propagandize by means of newspapers and magazines, they could not look forward to a chance to use ballots. The machine gun and the revolver became their only recourse—and so, inevitably, the government had to use the same implements in replying to them. Now it is Austria's turn, and the same kind of thing happens. Instead of a political campaign, with speeches, pamphlets, advertisements and so on, there must be a "putch" with bombs, gunfire, assassinations, and all the rest. There is no other possible outlet for discontent. One does not need to look at these tragic happenings very long to get a new realization of the inestimable value of democracy.

Democracy has its weaknesses, to be sure—great and glaring, some of them, for which we often pay a heavy price. But it does provide a safety valve for public discontent. It does make it possible for people to get rid of a government, a party, or a policy which they do not like, in peaceful and orderly way. It lets every man have his say about the state of affairs about him; it makes the appeal to force unnecessary.

We need to keep this constantly in mind. There are people in this country who profess an admiration for dictatorship—whether proletarian, fascist, or whatnot—on the ground that democracy is inefficient and unwieldy. One look at the woes of Germany and Austria is enough to show that democracy's benefits are almost infinitely greater than its drawbacks.

DISPLAY TO BE TAKEN TO FAIR

The White Satin Sugar Co. display that has been attracting a great deal of interest in a downtown show window here, is to be taken out tomorrow or Saturday and then taken to Chicago, where it will be utilized as a display at the World's Fair.

Submits Spring Avenue Report

(Continued from Page One)

of a sidewalk on the south side of the street, and also suggested building of a sidewalk through the Holmes property on the north side, and cutting of shrubbery. The other plan was suggested as an alternative and called for strict traffic regulation in the Spring avenue "narrows" and recommended cutting down of shrubbery which the report indicated would add to safety. In any event, the report said, there should be traffic restrictions to make the "narrows" safer for pedestrians. The commission filed the report for later consideration.

The question of vacation of a street in Mummy's subdivision of the city, the street in question never having been opened to traffic, was approved by the commission and a resolution was passed setting Sept. 12 as the time for public hearing.

Bills for the month of July, amounting to \$4,291.32 were ordered paid by warrant. The city manager's report showed cash on hand at \$10,702.65, divided as follows: La Grande bank \$5,854.49; Portland bank \$113.03; cash \$4,328.97, remainder in warrants.

BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexion, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonsful of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve ALL-BRAN as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

Wednesday: Maximum 96, minimum 47 above, Clear.
Today: Minimum 55, 7 a. m.—41 above, Clear.

URGES CITY REHABILITATE ALL OF DEBT

(Continued From Page One)

Starkey suggested this would be a more equitable plan, since it would treat all bonds alike and not place one group in a preferred payment class. To obtain a court hearing under the Sumner-Whitely act, it would be necessary for \$1 per cent of the bond holders to agree to such a step. Then a temporary order could be issued, and if 24 per cent more bond holders agreed, making a total of 75 per cent, permanent readjustment would be approved and made operative.

Starkey questioned the possibility of obtaining 100 per cent co-operation of bondholders for the proposed improvement bond refunding plan the city tentatively has authorized.

The matter was discussed at some length before adjournment.

BEND, Ore., Aug. 9 (AP)—A Republican party nominating convention will be held here Aug. 18 to provide a nominee to succeed Jay H. Upson, state senator, who today resigned in order that he might devote his attention to his campaign for congressman from the second Oregon district.

TREES SHOW RECOVERY

THE DALLES—Trees on the farms of H. A. Walter and Fred Wetle treated with zinc sulfate a year ago for control of little leaf, are now showing practically 100 per cent recovery from the trouble, reports W. Wray Lawrence, county agent. Because of these encouraging results other trials have been started this month, he says. The first application was made by boring holes in the base of the trees and injecting zinc sulfate. This method requires considerable work and time, and this year some trees were treated by spraying the zinc sulfate on the foliage. Others were given the treatment in the base of the tree for a check on results from the two methods. Careful records are being kept of these demonstrations, Mr. Lawrence says.

Some Operators Held Violators Of Lumber Code

PORTLAND, Aug. 9 (AP)—Citing what he described as violations of the lumber code by small operators in certain sections of Oregon, J. B. Fitzgerald, secretary of the joint committee on labor, outlined the requirements all mill owners must meet.

Wages of lumber employes under the lumber code, Fitzgerald said, must be paid in full when due and in cash or check, less any proper and legal deductions such as board, room and commissary furnished by the employer.

Fitzgerald emphasized that workers cannot be required to accept lumber or fuel wood, or other considerations as full or part payment of wages, nor is it permissible to withhold part of their wages and let the remainder accumulate on the books as credit.

Under the lumber code a worker must be paid at least the minimum of 42 1/2 cents an hour.

St. Marys, Santa Clara Patch Up Grid Difference

SAN FRANCISCO, Aug. 9 (AP)—St. Marys college and the University of Santa Clara announced today they had patched up all their athletic troubles.

An amicable settlement was reached at a conference here last night and a three year contract signed providing for resumption of relationships in football, baseball and basketball. All athletic relations were suspended after their annual football game here last year, one of the high spots in San Francisco bay fall sports.

TURKS THRIVE ON HOPPERS

KLAMATH FALLS—Some 25,000 turkeys ranging on the grasshopper infested areas of Klamath county are reported to be making remarkable growth, with very few losses, according to C. A. Henderson, county agent. In addition to the grasshopper diet, they are fed large quantities of grain, and on August 1 weighed from five to eight pounds each, depending upon date of hatch. Approximately 80 per cent of the hoppers were killed by poisoning, and the turkeys are expected to control the remaining 20 per cent. There is some talk of the various owners pooling their birds for marketing this fall, Mr. Henderson says.

FRIEDA BROWN GETS POST IN UNION OFFICE

Miss Frieda Brown, daughter of Mr. and Mrs. Fred Brown of Union, and who recently completed a course in Spokane business college, has been appointed assistant postmaster at Union by postmaster Lee Chensuth. It was learned here today, Miss Brown began her new duties this morning.

COTTON CROP BELOW AVERAGE
WASHINGTON, Aug. 8 (AP)—An indicated cotton crop of 9,195,000 bales this year was announced today by the department of agriculture in the first official forecast of the season. Last year 13,047,000 bales were ginned.

CAN 4,000,000 Jam Makers BE WRONG?

CERTO GIVES YOU WONDERFUL JELLY, TOO... AND SAVES YOU MONEY AND TROUBLE, AS WELL!

4,000,000 women are making all their jams these days with Certo—the time-saving, money-saving aid for jam and jelly making—Why not try it now?

WHAT a thrill to have your cupboard overflowing with delicious jams and jellies! Blackberry, peach, apricot, raspberry... all so easy to make with Certo!

Why not get your berries, fruits, sugar and Certo now? Then use the prize-winning recipes you get with every bottle of Certo to put up a good supply of the most wonderful jam and jelly you ever tasted!

Most of the State Fair Champions throughout the country use this marvelous aid to jam and jelly making to win their prizes!

They would tell you what Certo does... How you can expect half again more glasses from the same amount of fruit... How you can finish your jam or jelly in one third the usual time... And how you get a marvelous extra flavor—the full flavor of the fresh, ripe fruit itself!

With Certo you boil jams or jellies only a few minutes. The fruit juice does not boil away—you never get that "boiled-down" taste that comes with long, tedious boiling. You save lots of time and trouble, too.

Certo—the pure fruit pectin—is sold by all grocers. It is a product of General Foods.

HOW TO MAKE THE BEST BLACKBERRY JAM

4 cups (2 lbs.) prepared fruit
7 cups (3 lbs.) sugar
1 1/2 bottles Certo

To prepare fruit, grind about 2 squares jelly ripe berries, or crush completely, use lather at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hot fire. Stir constantly before and while boiling. Boil hard 5 minutes. Remove from fire and stir in Certo. Pour quickly. Prudette hot jam at once. Makes about 10 glasses.

Note: This product may take a week or more to reach an ideal set. W. 104, T. P. Gen.

FRUIT BARGAINS—AT YOUR GROCER'S NOW

Certo lets you use fruits as their ripest and best—and when most economical. Attached to every Certo bottle is a booklet of 30 prize-winning recipes for making these marvelous jams and jellies.
