FCA PROMOTING IDEA OF CREDIT UNIONS OVER U. S.

WASHINGTON (AP)—The farm credit administration has started promoting the idea of credit unions to help the little fellow who needs cash. Under the federal credit union act, it will oversee the organization of such unions throughout the country, Governor William I. Myers announced the appointment of Claude R. Orchard, of Omaha, as assistant director of the credit union section to assist Herbert Emmerich, acting director.

Credit unions, Myers explained, are co-operative thrift and lending institutions organized by seven or more persons. Their chief aims are to encourage thrift and lend money to their members only for provident or productive purposes.

"The law was enacted to permit people of small means to borrow money from their fellow workers, associates, or neighbors, through credit unions formed for the purpose, and to encourage them to save," Myers said.

He said it was not the purpose to set up new banking institutions operating for profit. "Federal credit unions may lend only to their members. . . .

"All profits after provision has been made for losses and reserves are paid to the member-stockholders, whose number include, of course, the borrowers."

Under the law loans of $50 may be made on the security of the borrower's note alone. No one may borrow more than $200 or ten per cent of the union's paid-in and unimpaired capital, whichever is greater.

Members provide capital stock by purchasing shares at $5 each.

Pacific coast offices are at Berkeley, Cal., and Spokane, Wash.

DON'T LET COMMON CONSTIPATION DULL THE JOY OF LIVING

Kellogg's ALL-BRAN Brings Relief

Constipation takes the sunshine out of your days. It may bring headaches, loss of appetite and energy, sleeplessness, sallow skins, pimples.

Fortunately, you can avoid this condition by eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides two things needed to help overcome common constipation: "bulk" and vitamin B. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

How much better than dosing yourself with patent medicines. Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

MERGER OF 3 COMPANIES TO BE EFFECTED

Charles H. Carey, state corporation commissioner, has announced an undertaking to merge the Federal Union Savings & Loan Association, the Prudential Savings & Loan Association and the Western Savings & Loan Association, all of Portland. The three companies, with assets of approximately $2,600,000 owned by 8,800 shareholders, would be merged into the "Consolidated Building and Loan Association," to insure a strong organization without danger of overloading at the start, Carey said.

The merger was authorized under a state court order issued July 30, and carries the approval of a special Advisory Board, building and loan experts throughout the state and prominent business men. Carey declared that he had taken advantage of the federal home owners' loan corporation facilities to convert delinquent mortgages into cash to strengthen the quality of the assets.

According to Carey, liquidation of the three associations as at present conducted in the department is not producing satisfactory results for the members and will require considerable time, owing to the statutory methods employed in liquidation and distribution of dividends. He said the proposed consolidation will bring better results. The corporation commissioner has requested that all shareholders send in their books to the corporation commissioner, 525 S. W. Stark street, Portland at once for identification.

"How long has it been since this gun was used?" inquired Parker.

"Several months — not since the hunting season," she assured him.

"Then how came this sprig of fresh grass in the trigger - guard?" the detective demanded.

The mother took one look at the tell-tale evidence and fainted. In that moment she realized her son was the murderer.

LIQUOR PROFITS FOR JULY SHOW GAIN IS REPORT

SALEM, Aug. 23 (AP) — Although total sales of Oregon's liquor stores and agencies during the month of July, amounting to $254,593, were slightly less than the preceding month, marked reductions in operating costs swelled the profits to $51,654, official figures released here showed.

Net returns of $28,181.86 from the gallonage tax on wines and beers and $1,241.71 on licenses, totaled $81,050, all available for relief purposes.

Total net returns since the state began operating stores and agencies on February 15 of this year, until August 1, was shown to be $411,997, of which $187,919 came from store and agency profits, $133,469 from gallonage taxes and $90,607 from licenses.

A net profit of $1,000,000 from state liquor operations for the first 12 months was named a probable figure by commission officials.

Stores and agencies last month reported 193,435 transactions, sale of 41,668 resident permits and 9,423 non-resident permits. Profits netted 20.5 per cent of the selling cost.

The two new rules would indicate, fans believe, that Tiger supporters will witness more passing than ever before this year, particularly in view of the fact that Buddy Reynolds, one of the best Eastern Oregon high school passers last fall, will be playing his final season with La Grande High this year.
