

### OLDSTERS SCORE THREE VICTORIES IN COAST LEAGUE

**By The Associated Press**

This third week of August is fast becoming a triumphant one for the old timers on the Coast League mound. Yesterday oldsters figured in three victories.

Dutch Ruetter called on two of the circuit's real veterans Rudy Kallio and Herman Pillette, to pitch the Indians to a 4-2 win over the Stars and keep the Tribe in its first place tie with Los Angeles.

After only a day's rest Sam Gibson returned to the Seal box when Wynn Ballou hurt a shoulder in the ninth and held Sacramento hitless in the remaining four innings as San Francisco outlasted the Senators in a 13 inning tilt 4-3.

Clarence Mitchell, spitball star of the major and minor leagues for over a score of years, now with the Missions, rang up the third Thursday victory for the veterans as he beat Portland 4-1. The Beavers nipped him for an even down blow, against the Reds collected off Ed Bryan, but could not burn them for more than their lone run.

Los Angeles used a comparative newcomer to Clois leagué hurling, J. M. Hard Campbell, in upsetting Oakland 5-1.

### Giants Increase Lead; Detroiters Go Into Reverse

**By Hugh Furler Jr.**  
(Associated Press Sports Writer)

The Giants finally have beaten one of the pitching Dean boys from St. Louis—and that, in the light of what has gone before, ranks as one of the season's major achievements.

The feat was enough to give the Empire leaguers a margin of six games over the Cubs and seven over the Cards as they pulled out a last minute 5-3 decision over Paul Dean, the younger of the pair at St. Louis yesterday.

The Yankees reversed the process in the American league by putting Detroit's lead to four games. New York hammered Cleveland pitching for a 9-2 victory behind Charley Burfinger, who made two hits and scored three runs in his own game besides pitching six hitless. The Tigers suffered their second consecutive defeat at Washington, 3-1, when Bob Burke limited them to five blows.

### BOND QUESTION TO BE STUDIED

SALEM, Aug. 24 (AP)—The state board of control will meet here Monday to determine what, if any, action will be taken by the board in connection with the issuance of certificates of indebtedness against the state liquor fund for unemployment relief. It was decided today.

Further consideration of certificates was made necessary following a telegraphic opinion received here Wednesday from a Boston law firm that it had not been able to find any authority whereby these certificates would not be a state debt under the provisions of the constitutional state debt limitation.

### Unemployment Insurance Move May Be Revived

WASHINGTON, Aug. 24 (AP)—Relief Administrator Hopkins, returning from a six weeks' study of European relief methods, said today he had come reluctantly to the belief that "we have got to have a cash benefit somewhere in the picture for persons thrown involuntarily out of work."

The administrator said he was firmly convinced that unemployment insurance must be fitted into the new deal.

He predicted revival of the Wagner-Lewis unemployment insurance bill which was introduced in the last congress. It would have levied a five per cent tax on payrolls to be turned into an insurance fund.

### Searching For Boy Missing For Year

NEWTON, Ill., Aug. 24 (AP)—The nation's legal forces searched on today for 11-year-old Walter Robinson, who vanished from his father's workshop here a year ago.

Somewhere, his parents believe, the lad is a captive of a Gypsy band wandering along dusty, secluded highways to peddle trinkets in small towns.

### 17 Strings Of Horses Entered In Fair Races

SALEM, Ore. (Special)—Entries of 17 strings of horses totaling 83 racers were received the first of this week for the Oregon state fair six-day racing program which opens Labor day.

Greatest sensations of the Longacres track in Seattle are among these new entries, and include Ted Conrad, a three-year-old colt racing for Jim Lillywhite; Marjorie who won two big races in one week; Don Alvaro, one of the fastest horses in the United States up to the five-eighths mile; Bantu, who stole a recent derby in a sensational upset; S. R. Satan, High Color, Blondella, Vera Crofton, Patricia Gray, Slick Boot and others.

William Lake, secretary and clerk of the scales for the Oregon races, has seen these horses perform, and says "they are far above any that have ever raced at Salem, with several of them good enough to win on any major track."

The fair racing program here will see first use of the new mile and three-eighths spiral track, the only one of its kind in the country. Dr. W. H. Lottie, state veterinarian, is superintendent of the races.

Wild horses, Mexican sters and Brahmins from the Rio Grande arrived at the fairgrounds pasture this week in preparation for the fair's night rodeo programs.

**"43% MORE NON-SKID MILEAGE"**

**"You're too modest!"**  
Motorists who got the first G-3's put out—months before the public announcement—say, "You're too modest!" Many of them report 50% to 100% more non-skid mileage. Why, then, do we insist on only 43%? Well, 43% is a definite test-car-proved figure. Very likely it is low for normal use—because the tests which established the 43% average were gruelling: cars speeding up to 50, jamming on brakes, mile after mile, day and night. Very likely most motorists will get more than 43% more non-skid mileage. But we'll string along with 43%—because it's plenty to deliver at no extra cost. Come see the tire that's the talk of the nation.
