War News Causes Stock Price Drop

NEW YORK, April 5 (UP)—Stocks receded and activity increased today when Russia denounced its neutrality pact with Japan.

First reaction of the list to the Russian action was apathy, but gradually interpretations of the action which ranged to early Russian war against Japan brought increased selling. Traders said such a move would hasten the end of the war against Japan and bring all-out reconversion that much nearer.

War stocks led the downturn. Railroads had losses ranging to 2 points in Santa Fe among the active issues and to 3 points in such preferred issues as Nickel Plate and Pere Marquette.

United States Steel declined more than a point and Inland Steel, 2 points. Coppers eased fractionally. Rail equipments were down fractions to more than a point. Aircrafts declined under the lead of Lockheed.

Oils had losses ranging to 3 points in Superior Oil of California.

CHICAGO GRAIN

CHICAGO, April 5 (UP)—News that the Russian-Japanese treaty had been denounced turned rye weak and nervous and influenced a sympathetic trend in other grains on the Board of Trade today.

Rye finished the day off 1 to 1 1/2 cents a bushel, wheat unchanged to 1 cent; corn off 1/2 to 3/4; oats 1/4 to 1/2 and barley unchanged to off 1/4.

Wheat reversed early advances after the news flash concerning the Russian treaty. Heavy selling followed. Early buying appeared to stem from pessimistic reports concerning the car situation.

German Highways Are Choked With Fleeing Armies

(Continued from Page 1)
ped in Holland. They were less than 30 miles from the Zuider Zee and were striking for Bremen, about 49 miles distant.

The main push of the third army still was toward Berlin along the highways leading through Magdeburg and Leipzig. Their most advanced spearheads were about 70 miles from both cities.

To the south, French first army forces struck for Stuttgart, and Berlin reported that the U. S. seventh army was swinging southeastward from captured Wuertzburg in a bid to outflank the Nazi shrine city of Nuernberg.

Defenses Swept Away
Whatever defenses the Germans had left in front of Berlin appear to have been swept away by the allied drive, on the northern and central fronts at least.

Aerial reconnaissance reports said the roads east of the Weser river as far back as Hannover, 136 miles from Berlin, were jammed with fleeing German transport, suggesting a wholesale Nazi flight behind the Elbe river, which loops back to within 43 miles of the capital.

Cabinet Quits As Jap Crisis Grows

(Continued from Page 1)
and in order to bring a more powerful cabinet" into office.

The Koiso cabinet went into office eight and a half months ago after the overthrow of the extremist government of Gen. Hideki Tojo in a political crisis touched off by the loss of Saipan in the Marianas.

Koiso, like Tojo, was a product of the ruthless Kwangtung army in Manchuria, though perhaps slightly more moderate than his predecessor.

Koiso's ministers, mostly conservative army, navy and business leaders, had been expected to rally the Japanese people and armed forces for new exertions to stem the allied march toward Japan.

But instead disaster followed disaster. The cabinet weathered the furor caused by the Superfortress offensive against Japan the invasion of the Philippines and even the loss of Iwo island, only 750 miles south of Tokyo.

The successful invasion of Okinawa was the final straw, however.

Chamber Backs Proposed Ban On Union Royalties

WASHINGTON, April 5 (UP)—The U. S. chamber of commerce today asked its members throughout the country to support pending legislation to outlaw royalty payments to labor unions.

A royalty on recordings is now collected by James C. Petrillo's American Federation of Musicians and a "participating royalty" in coal production has been demanded by President John L. Lewis of the United Mine Workers.

The chamber asked its membership to vote on a resolution which said that such royalties "if tolerated would represent — a scheme of private taxation" borne by consumers in addition to government levies.

It said that royalties "are not wages but extras going to union leaders or into union treasuries or trusts." The funds, it added, are not controlled directly by the employees for whose benefit they are collected.

Legislation to outlaw royalty payments to unions has been introduced by Sen. Josiah W. Bailey, D. N. C. The chamber of commerce resolution endorsed Bailey's bill.

YANKS NEAR BERLIN LINE—Rushing eastward over comparatively little opposition, U. S. Third army troops today were reported 40 miles east of captured Kassel and threatening a breakthrough into Czechoslovakia. Meanwhile Allied forces in the northern sector are moving toward a junction with the American Ninth army on the Weser river at Minden.

Nurses To Entertain Visiting Field Aide

The District nurses association last night made plans for entertaining Mrs. Germain, Portland, field representative of the American Journal of Nursing, who will be in La Grande Tuesday.

Ten members attended the session held in the Grande Ronde hospital and refreshments were served by Alberta Lloyd and Ava Harper, the hostesses.

Jap artillery concealed in caves and ridges is being wheeled out only long enough to fire. It is then retired again, making it difficult to spot and knock out.

The plain south of Kaniku offers excellent terrain for armored warfare. The presence of Jap tanks in the area possibly foreshadows a major tank battle.

Frontline troops are noticing more enemy attempts at night infiltration but nothing yet has appeared that could be called a counter-attack.

Clothing Is Sought For People Of War-Torn Areas

Those who are unable to deliver their contributions may call the chamber of commerce, phone 6, and contributions will be picked up at their homes.

The co-chairmen pointed out that only clean clothing that is in wearable condition can be accepted, as the committee has no cleaning or repairing facilities.

City's Aid Is Urged
Urging everyone in the community to assist in this undertaking, T. H. Gaither, president of the La Grande city commission, today issued a proclamation designating April as United national clothing collection month.

He pointed out that more than 125,000,000 people in the various allied and liberated areas are in desperate need of clothing, and that the only source from which they can expect relief is the United States.

The proclamation emphasized that many war relief agencies have suspended their own national and local campaigns to concentrate on the clothing collection, in view of the urgent need for America's help to the peoples of the war devastated areas.
