CLOTHING COLLECTION AIDS WAR VICTIMS—War-devastated countries will receive 150 million pounds of used clothing as a result of the United National Clothing Collection drive, which will be conducted throughout the country until the end of April. Singer Irene Beasley, top left, was the first New Yorker to rummage through her closet for cast-off clothing to contribute to the drive. Ragged Yugoslav boys, bottom left, show their pleasure at getting new clothing outfits from America. Needy grow-up boys will benefit from the drive, but even more worthy of American aid are the tiny tots. Other marine units on the east coast cleared the enemy from the shore of Kin Bay and advanced to the vicinity of Kin, 18 miles northeast of Naha.

American casualties for the first four days of the invasion were announced as 175 dead and 798 wounded.

Hong Kong Smashed
Gen. Douglas MacArthur's aerial forces from the Philippines left Hong Kong heaped with wreckage after two days of assaults. U. S. fliers accounted for 33 more Japanese ships through the southwest Pacific.

The raids, part of a rigid aerial blockade being maintained against Japan's life to the south, extended from the China coast to French Indo-China.

American forces on Luzon captured Mabatac and Sinloan at the eastern tip of Laguna Bay, 32 miles southeast of Manila, cutting off Japanese east coast escape routes through the Sierra Madre mountains.

A spokesman at Gen. MacArthur's headquarters said appointment of the general as commander of ground forces in the Pacific was the "green light to close in for the kill."

MacArthur made no comment but it was recalled that when his troops entered Manila he said his command, "tried and proved," was ready to go on to Tokyo.

Their very LIVES depend on you!

THE VERY LIVES of multitudes in war-torn countries depend on the filling of their desperate need for clothing.

The demands of America's armed forces and civilian needs are so great that only a small amount of new clothing can be spared for overseas relief.

But all of us can spare some serviceable used clothing—to provide the 150 million pounds that must be collected this month for that purpose.

In the clothes closets and attics of America's homes is enough usable, spare clothing to help care for the 125 million men, women, and children—in Europe alone—who have given all but life itself toward the same lasting peace we all are fighting for.

Let's get it out—and send it off—NOW!

What YOU Can Do!
Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, slawls, and all knit goods. Also blankets, bedclothes.
