TIPPING LEGALIZED

The Chinese consider it legal and good form to "squeeze" a tip or commission of from 5 to 10 per cent from any person for whom they do a favor. Servant labor is cheap in China partly because of this reason.

There are no two places on earth today more than 60 hours apart, if you travel by air.

Markets

Trading in Stock Market Irregular

NEW YORK, April 25 (UP)—Anticipation of a sharp hike in margin requirements—possibly to 100 per cent—brought an irregular decline in the stock market today.

The utility group managed, however, to retain a minute gain that sent its average to a new high since July 31, 1937. A few special issues gained 1 to 2 points. The main list lost fractions to more than a point.

Wall Street believed that a rise in margins would have nothing more than temporary psychological influence on prices because most of the buying in the market at the present time is for cash. However the trading element ran up caution signals and remained aloof from the list.

PORTLAND DAIRY

PORTLAND, April 25 (UP)—A serious shortage of poultry is being felt on the Portland dairy market and hardly enough chickens are coming to wholesale plants to establish a price, although OPA ceilings continue.

Producers are reported unwilling to sell their chickens through established market channels. Few turkeys are on the market. Prices remained unchanged.

Prices on dairy products:
Butter—Cube, 93 score, 42 3/4c; 92 score, 42 1/4c; 90 score, 42c; 89 score, 41 1/2c pound.

Eggs—Prices to retailers: AA large, 44c; A, large, 42c; medium A, 39c; small, 35c dozen.
Cheese—Oregon triplets, 27.2c; dairies 27.7c; Oregon loaf, 27.9c; jobbers pay 1/2c below quotations.

CHICAGO GRAIN

CHICAGO, April 25 (UP)—Grain futures failed to recover after an early decline on the board of trade today. Profiting, combined with bearish reports of the wheat carry-over and excellent crop reports influenced sentiment. Grainmen also showed a disposition to hold off commitments pending immediate developments on the war front.

Wheat finished the day off 3/4 cent a bushel; corn off 1/4 to 1/2, oats unchanged to off 1/2, rye off 1 1/2 to 2 1/4, and barley off 2 1/2 to 2 3/4.

Weakness in wheat centered in July delivery with the local trade active on the selling side.

High School Group Will Stage Spring Program Friday

(Continued from Page 1)
Don Jordahl, trombonist, James Bennett, trumpeter, and Irvin Wright, violinist.

The musical portion of the program also will include selections by the junior string ensemble, orchestra, girls' chorus, and mixed chorus.

One of the comedy features will be presented by the "intellectual horse," whose name, according to the program is Marquis-Dart.

A "cowgirl special" also is listed as one of the highlights of the program.

'Big Four' Confer As Nations Meet To Seek Peace

(Continued from Page 1)
ing," to an inquiry whether it might be assumed that the conferees had discussed the Polish question.

FBI agents mingled with the 100 reporters and photographers outside the conference suite. Soviet Union secret police sat outside the hotel in a large black limousine.

One of the last to leave the meeting was Andrei A. Gromyko, Soviet ambassador to Washington.

After the big four meeting Stettinius conferred for 10 minutes with Mexican Foreign Minister Esquivel Padilla.

"Every delegate is concerned with his own duty today," Padilla said. "Tomorrow they will work together."

Asked upon leaving whether the Argentine question had been discussed, Padilla said "no."

Improvements Are Planned at Scout Summer Camp

Representatives from La Grande, Baker, Pendleton, Walla Walla and Pasco last night attended a meeting of the executive board of the Blue Mountain district of Boy Scouts at the Kiwanis cabin near Pendleton.

A mulligan stew supper, topped off with pumpkin pie and all the trimmings, with Kenneth Higgenbottom in charge was enjoyed before the large fireplace.

The business meeting that followed was both a review of the past, and a discussion of the policies for the future. C. R. Portch gave the treasurer's report, and camping for the summer, beginning with Camporees this spring followed by the three big camps at Pendleton, Wallowa Lake and Anthony Lake were discussed.

A new water front will be built at Wallowa Lake, the dining room enlarged, a new unit of four tents added, the water system remodeled and a boiler for heating water for the showers are among improvements planned.

The district Camporee was set for May 26 and 27, on Catherine creek. The Wallowa camp will be from July 1 to August 19.

An application for a national charter of the "Order of the Arrow" was authorized and all scouts attending camp will have an opportunity to join.

The advancement program was discussed with Claire Cahill as the leader, and all districts were reported showing improvement in the advancement of the scouts as well as an increase in the number of tenderfoot members.

Leadership training for all scouts will be held this fall and winter. The Scouts part in the Seventh war loan and the Green Thumb project was discussed and approved.

President B. B. Horrigan of Pasco was in charge of the meeting and was assisted by Chief McDermott.

Hitler's Bavarian Retreat Smashed In Bombing Raid

(Continued from Page 1)
directly into Hitler's house.

"I saw one terrific flash right on Hitler's house," Cutting said. "It was a 12,000-pounder all right."

"Eagle's Nest" Hit
Two other targets in the area were attacked — a barracks which was large enough to house a good-sized force of SS men, and Hitler's "Eagle's Nest," the glass and steel pavilion on top of an 1,800-foot tower of rock known as the Kehlstein.

Smaller bombs destroyed many of the buildings of the SS barracks, but there was no immediate indication of what damage had been done to the "Eagle's Nest," which is about five miles from the summer house.

The "Eagle's Nest" has several rooms where the most confidential Nazi documents are believed to be kept.

Railways Bombed

More than 250 Liberators of the U. S. eighth air force bombed rail targets at Traunstein, 25 miles northwest of Berchtesgaden, at Salzburg, 15 miles to the north; at Hallein, 10 miles northwest, and at Bad Reichenhall, 15 miles northwest.

Skoda Works Bombed
Hundreds of Flying Fortresses and Liberators also bombed the great Skoda arms works at Pilsen, probably the last major source of arms for Adolf Hitler's beaten armies.

Just before the big bombers struck, supreme allied headquarters broadcast a warning over the Luxembourg radio to slave workers to leave their benches immediately and remain away until afternoon. The Skoda works, only a little more than 40 miles ahead of American third army spearheads, were the pride of pre-war Czechoslovakia.

PORTLAND LIVESTOCK

PORTLAND, Ore., April 25 (UP)—Livestock:
Cattle — salable 150, calves 25, market active, fully steady, but slaughter steers scarce; good light stock steers, 14.00; common-medium heifers 10.50-13; canner-cutter cows 7-10.00; fat dairy type cows quotable to 11.00; bulls scarce, good-choice vealers salable 15-16.00.

Calendar of Coming Events

April 25—Waste paper and tin can salvage day.
April 25—City commission, city hall, 8 p.m.

Allies Drive To Close Brenner Pass

ROME, April 25 (UP)—Allied armies struck north from the Po river in northern Italy today to within 30 miles of Verona, gateway to the Brenner pass.

Swiftly expanding their bridgeheads across the Po, Gen. Mark W. Clark's forces joined the race to trap remnants of Adolf Hitler's armies in his national redoubt in the Bavarian Alps.

Both the Fifth and Eighth armies were advancing north of the Po toward the Brenner pass, backdoor to the redoubt, against weakening German resistance, allied force headquarters reported.

The Eighth army at Bogoforte was less than 30 miles of Verona and held a 50-mile front along the Po from there to Ferrara.

French First army and American Seventh army units were only 90 miles from the northern entrance to the Brenner pass at Innsbruck, while Third army troops were driving it from the north.

Bavarian Fortress Is Objective Of Third Army Drive

(Continued from Page 1)
miles of Munich.

U. S. seventh army troops on the third army's right flank rolled back stiff German opposition on the northwestern approaches to Munich and the Bavarian mountains. They pushed out from seven Danube bridgeheads to positions only 40 miles from Munich.

Advancing flank to flank with the seventh army, French first army troops rolled down into the Iller river valley, western gateway to the Nazis' Alpine retreat, at a point south of Ulm. There the French were little more than 140 miles northwest of Berchtesgaden.

Far to the north, the American first and ninth armies marked time on the Mulde and Elbe rivers before Berlin, apparently awaiting an imminent link-up with the Red army.

British second army forces battling the big Fockelst Wulf aircraft plant inside the Bremen and field dispatches said they had overrun the port.

It's Time to Lubricate Your Car

A LUBRICATION SPECIALIST HAS BEEN ADDED TO OUR STAFF

Your car now requires heavier summer lubricants that cling to moving parts with a protecting film. This prevents wear and destruction of often irreplaceable parts. Keep it running smoothly... have it properly lubricated by our specialist now. Regardless of mileage your car should be lubricated every 30 days.

Have Us Replace Winter Oils and Grease With Warm-Weather Lubricants

Let Us Save Your Tires!

Get the Finest Recapping Job Money Can Buy...

Firestone Factory — Method RECAPPING

Your tires are inspected according to rigid standards, then carefully buffed and small damages repaired. After the tread rubber is applied your tire must be properly cured. Finally, there is a last inspection to make sure that all work conforms to Firestone's high standards of quality.

PERKINS MOTOR CO.

OPPOSITE THE POST OFFICE PHONE 500

Everyone can be a MEDICAL WAC Recruiter!

MEDICAL WAC's are needed desperately to help army nurses care for wounded fighting men who are being returned to the United States for hospitalization. More than 30,000 wounded men are coming back to hospitals in the United States every month. Army nurses are doing a normal existence. But one nurse can competently care for only ten patients. And, today they are being forced by necessity to care for nearly 30 patients each. That means that 20 wounded fighting men are not getting the care they so rightly deserve... That's why there is such an urgent need for medical WAC's.

Let's not be too late with too little care for our returning wounded fighters!

IF YOU CAN'T BE A Medical YOU CAN HELP!

Women between 18 and 35 may join the Medical WAC's. You can be a recruiter for the Medical WAC's. You can be a recruiter for the Medical WAC's. You can be a recruiter for the Medical WAC's.
