ACCIDENTS Aren't Rationed!

Gas and tire rationing have curtailed the use of automobiles but accidents still are happening with increasing regularity. Automobile parts are difficult to obtain and cost of repairs have risen with other costs. We recommend the obtaining of insurance that will provide protection for every form of a loss. The 80% collision form is a good one to have.

Change to Summer Oils and Grease!

STOP HERE FOR GENUINE TEXACO LUBRICATION JOB!

WE RECAP TIRES WITH HAWKINSON TREADS

Old winter lubricants should be removed and replaced with summer lubricants for warmer weather driving. This saves wear and tear on engine and all moving parts. Have us give your car a Texaco lubrication job! Then you know it was properly done.

FLYING Is The Future Mode of Travel

Now is the time to do it! You have a conveniently located airport that the government spent \$500,000 to build. It is capable of handling the largest planes. Expert instruction is provided at low cost. Modern planes are used to teach you how to fly.

Take Lessons Now for That Plane You Will Buy Later

Call us at the airport or stop and see us for any information about flying. We are always happy to talk with people interested in planes.
