HARD FACTS REGARDING AUTOMOBILES
The cash value of all cars will be cut 4% by O.P.A. the first part of July.

The cash value of your automobile today, is the highest that it will ever be. War Production Board has announced that the auto industry is to be given the green light on \$50,000,000 worth of tools and equipment preparatory to reconversion. New truck releases are like fishing licenses, about everyone has one, but trucks are coming thru SLOW.

If you have a used car that you don't have much use for, see us for an appraisal. We'll pay the O.P.A. cash price for it. We'll make out all the papers for you, and you will have all CASH on the spot.

Legal Notices 60

NOTICE OF FINAL ACCOUNT
Notice is hereby given that the undersigned has filed his Final Account and Report as administrator of the estate of William Arley Farris, also known as Sam Farris, deceased, and the County Court of Union County, Oregon, has fixed Tuesday, the 15th day of May, 1945, at ten o'clock in the forenoon at its Court Room at the Court House in La Grande,

Demobilization Plans Revealed By Army Leaders

(Continued from Page 1)
to shipping troops and equipment to the Pacific, demobilization will not be pushed to one side but will proceed simultaneously.

More than half the men to go to the Pacific will go via the United States, the war department said. The proportion will be substantially lower than this among service units attached to air and ground operations, and higher among combat units. The great bulk of combat units will be staged through the United States.

It is expected that all men to be discharged can be brought home from Europe within about a year.

Equal attention is being given to repatriating veterans from the Pacific, the war department said. Every replacement for whom shipping space can be found is being sent to the Pacific so men with long service can be sent home.

Every physically fit soldier in the United States who has not yet served overseas will be assigned to foreign duty when he completes training or, if performing essential administrative duties, as soon as he can be replaced by a returning veteran, the announcement said.

300 B-29s Batter Jap Suicide Bases On Home Islands

(Continued from Page 1)
tudes.

The Japanese made 14 separate attacks with some 70 planes on our fleet in an hour and a half yesterday, with some of the aircraft diving from as high as 25,000 feet.

Fifty-four of the attackers were destroyed—12 by ships' guns, 30 by combat air patrol and 12 in suicide crashes.

Meanwhile, on the southern Okinawa land front, marines were comparing the fighting with the costly battle for Bloody Nose ridge on Peleliu. Marine pilots said the Jap antiaircraft fire in rear areas was increasing rather than decreasing.

Pioneer Resident Of La Grande Is Claimed by Death

Isabelle Snodgrass, 70, of 2804 North Birch street, for 65 years a resident of La Grande, died last night in a local hospital after a long illness.

She was born April 1, 1874 in Iowa, and came to La Grande with her parents when she was five years old. She was a member of the First Christian church and a member of the Grand International auxiliary.

Survivors are four children, Mrs. Barbara Strong, Carl and William Snodgrass of La Grande, and John Snodgrass of Portland, 10 grandchildren and five great-grandchildren and a brother, Charles McCrary of La Grande.

Funeral services will be conducted at 2 p.m. Tuesday, in the Snodgrass chapel. Interment will be in the Masonic cemetery beside her husband, Joseph H. Snodgrass who died in January, 1944.

City News In Brief

Carl R. Lewis of Long Beach, Calif., last night was arrested by city police on a charge of being drunk and disorderly.

Police records today include a report of a minor collision between automobiles driven by Atha Taylor and John Leslie yesterday at Fir and Monroe streets.

Planes, Warships Blast Path for Borneo Invaders

MANILA, May 5 (UP)—Allied bombers and warships blasted a path today for Australian troops driving toward the heart of Tarran city on Taraan island off the east coast of Borneo.

Japanese gun emplacements, ammunition dumps and numerous buildings were destroyed by the dual bombardment as the Australians swept through the western part of the city.

The military barracks and the important water supply installations in western Tarran were captured by the Australian troops, who were meeting desperate Japanese opposition from mortar and machine-gun fire.

Front reports said the Australian drive on the island's airfield, northeast of the Lingkas beachhead, was being hampered by an extensive system of electrically-controlled land mines. The troops, however, secured all high ground around the edge of the airfield.

The Mindanao campaign was rapidly approaching a climax. Troops of the 24th division were rapidly clearing Davao city against resistance described as "not very heavy."

Other American troops also pushed east and north of Davao, with one column reaching Santa Ana, just above the city, and a second at Mintal, two miles from Libby airfield.

In the interior, nearly 50 miles east of Davao, elements of the 31st division advanced another 14 miles northward and captured the road junction of Kibawe, 35 miles above Kabakan.

Filipino guerrilla forces meantime cleared the Japanese from entire Surigao province at the northeastern tip of Mindanao, opening a number of good harbors for allied shipping. The province is just across Surigao straight from American-held Leyte island.

'Capital Strike' Blamed for Drop in Tire Quality

WASHINGTON, May 5 (UP)—Members of the senate war investigating committee charged today that a "strike of capital" prevented expansion in 1944 of the production of carbon black, major ingredient of synthetic tires.

Sen. Hugh Mitchell, D., Wash., said the strike occurred because producers felt they could make more profits from "furnace black," one type of carbon black, than they could from "channel black."

Earl Babeck, director of the Firestone Tire and
