SEA-GOING "COVERED WAGON"—The odd-looking craft, above, is the newest thing in wooden life-rafts, made fire-resistant by a new process developed by engineers at Pasadena, Calif. Built of unsinkable balsa wood, encased in chemically-treated plywood, the boat is equipped with compass, oars, signaling devices and enough food and water to last 20 men a reasonable length of time.

Perishable Food Supply Cut Off By Chicago Strike

CHICAGO, May 19 (UP)—Saturday shoppers at most of the 4,000 "strikebound" Chicago grocery stores were unable to buy perishable foods today as 6,500 striking truck drivers continued their refusals to haul food, merchandise and war materials. Spokesmen for the city's three largest grocery companies said the strike of the independent Chicago truck drivers union in an attempt to enforce wage demands, had completely stopped deliveries of fruits, green foods and other perishables. They reported stocks of meat, poultry, fish and butter comparatively un-affected by the walkout because most part by members of American Federation of Labor unions not on strike. Smaller grocery dealers reported that supplies of milk and bread also were being delivered by AFL drivers. Dealers for the city's chain stores said their staple back-room stocks probably would hold out for a week.

Four Die in Crash Of Roosevelt Car

MIDDLETOWN, N. J., May 19 (UP)—Four persons were killed and two injured today when Mrs. Eleanor Roosevelt's convertible automobile struck a truck near Wann village on the southern slopes of Sugar loaf, but they later withdrew. A command post on a small hill between Wann and Dakeshi was captured. The 77th infantry division northeast of Shuri captured a small hill twice yesterday, but each time was forced to retire under heavy Japanese artillery and mortar fire. Still another small height known as Carbone hill in the center of the line was captured, and held. The Japanese were using every trick in the book to defend their positions, even rolling hand grenades down hills into American fox-holes.

Restriction on Fuel Oil Use Is Lifted

WASHINGTON, May 19 (UP)—The office of price administration said today fuel oil rations will be available this summer for all oil cooking stoves and hot water heaters. The order lifted a restriction which denied oil for cooking and heating hot water from May 1 to Sept. 1 if adequate "stand-by" equipment was available.

Utilities Spark Stock Mart Gains

NEW YORK, May 19 (UP)—Utilities made a new high on average since April 16, 1937, and other sections of the stock market list approached their highest levels in eight years. Activity centered in the utility section with National Power and Light leading the whole market in turnover. Hudson led its division in turnover and made a new high. Baltimore and Ohio equalled its high and its preferred made a new high on active turnover.

Recent favorites made new highs, including ACF-Brill Motors, the American and foreign power preferreds, Boeing Airplane, Braniff Airways, General Foods, International Paper, Paramount, Sears-Roebuck, and Texas Pacific Land Trust.

American Telephone equaled its high and steel had small gains in the leaders.

CHICAGO GRAIN

CHICAGO, May 19 (UP)—May and July rye futures climbed to new seasonal highs on the board of trade today influenced partly by the strong tone at Winnipeg where all rye deliveries scored new seasonal records. Wheat slumped independently under profit-taking and hedge-selling.

Rye was up 3/4 to 1 1/2 cents a bushel; wheat off 1/4 to 3/8; corn unchanged to up 3/8; oats up 3/4 to 1 1/4; and barley up 2 1/2 to 4 1/2.

May rye sold as high as \$1.44 a bushel, a new 20-year peak. Wheat displayed a heavy undertone counter to rye. Cash interest were liberal sellers of December contracts and the local trade sold in other deliveries.

Furious Defense Of Okinawa Halts Marine Advances

(Continued from Page 1) Marines have tried nine times unsuccessfully to dislodge them in the past week. The crest changed hands four times yesterday alone. Complete conquest of the hill well might open up a corridor that would enable the Americans to envelop both Naha and Shuri.

Withdrawn from Village The seventh regiment of the first marine division advanced 250 yards and sent patrols into Wann village on the southern slopes of Sugar loaf, but they later withdrew. A command post on a small hill between Wann and Dakeshi was captured. The 77th infantry division northeast of Shuri captured a small hill twice yesterday, but each time was forced to retire under heavy Japanese artillery and mortar fire.

ORLANDO HAS BIRTHDAY

ROME, May 19 (UP)—Vittorio Orlando, former Italian prime minister and the last of the allied "big four" who drafted the treaty of Versailles after world war one, celebrated his 85th birthday today. He put in an appearance at a private birthday party to refute rumors that he had died.

Home is said to be the safest place, but statistics show that about one-third of all accidental deaths occur there.
