She was escorted to the seat of honor by Allen Mathews, representing the senior class, who presented Mrs. Buck to William Dittrich, 1945-46 student body president, who placed the crown upon her head.

Being chosen queen of Evensong is the highest honor which can be bestowed upon the women graduates of the college, and denotes her high scholastic standing, leadership, personality, and poise.

The queen and her princesses, Dorothy Bull of Grass Valley, Emily Otis, Adrian, Betty Graven, Richland, and Lois Davidson, Phyllis McLaughlin and Marjorie Snider, all of La Grande, were heralded by two chroniclers with trumpets, as they marched to the coronation.

After the assemblage sang Alma Mater, the queen was escorted in the grand march by Dr. Roben J. Maske, president of the college. The queen's waltz followed the march.

Included in the large crowd were the college faculty, student body and guests.

The second event of graduation week was the senior breakfast yesterday morning in the IOOF dining room at which Dr. Maske was toastmaster.

Lyle Johnson, college registrar, spoke on "Hail and Farewell," complimenting the graduates and wishing them Godspeed. Kay Buck, as honorary president of the graduating class, gave the response.

Two glee club numbers were presented and Evelyn Masten, secretary of the alumni association, welcomed the graduates into the association.

Dr. Maske presented the main address, "Grads for Graduates," and pointed out character and personality traits which will be helpful in the quest for success. The group singing of Alma Mater closed the event.

Present were graduates of the senior class and the faculty.

Baccalaureate exercises were conducted yesterday afternoon at the college, with the principal address by Rev. O. J. Gill of Pendleton.

British Monarch Seats New Cabinet

LONDON, May 28 (UP)—Prime Minister Churchill's new "caretaker" government was sworn in tonight by King George at Buckingham palace.

Churchill attended a session at which the new members of the cabinet were handed their seals of office. This afternoon he was host at No. 10 Downing street to both old and new members of the government.

Italian Partisans, Yugoslavs Clash In Occupied Area

LONDON, May 28 (UP)—A Trieste dispatch today reported an exchange of gunfire between Yugoslavs and Italian partisans in the Udine area of northeastern Italy.

United States army officers were reported investigating the Yugoslav-Italian clash at Podresca, 16 miles east of Udine. It was in this area and around Gorizia and Trieste to the south that the friction between the Yugoslavs and allied occupation forces centered.

The Trieste report said an American sentry suffered a bullet wound in the ankle last night when he was attacked by unidentified assailants near Gorizia.

Tito last night appealed to the United Nations to abide by the Atlantic charter in the Trieste and Carinthia disputes. He added that Yugoslavia is determined to defend her "achievements."

At the same time front dispatches disclosed that American troops in the disputed Venezia Giulia province of Italy have made further withdrawals in their anxiety to avoid "incidents."

State's Supply of Potatoes Dwindles As Demand Grows

PORTLAND, May 28 (UP)—War-time needs have drained the Oregon potato market so rapidly that, although the last carloads were shipped in April there is already a serious shortage, a survey of the state's markets revealed today.

California imports of new potatoes are supplying about one-tenth of the demand in Portland and purchases are being rationed on a one sack to a customer basis. And the situation throughout the state, one of the most important producers in the nation, is already very tight.

Checks to the chief growing areas today showed that despite a good crop during the past season there is reason to expect even fewer potatoes until the new crops can come in from the south in amounts sufficient to meet increasing demands.

The lowly spud is becoming more and more sought after. It is pointless, delicious, and quite starchy and filling, making it an excellent way of padding the menu in point-scarce homes.

Meanwhile, canned sweet potatoes are fast disappearing from shelves in stores throughout Oregon and victory gardeners are thinking about planting more spuds.

IN 'SHE'S' CLOTHING HE NABS WOLF—Sidewalk Lotharios scooting women on the streets of Nutley, N. J., are taking an awful chance when they give the old "Hi, babe" to the pert "miss" pictured above. "She's" really patrolman Eugene Davis (inset), who strolls streets at night garbed in feminine finery. At least one would-be "wolf" has been clipped on the jaw and arrested by the masquerading cop.

President, Hoover Confer on Food Crisis in Europe

WASHINGTON, May 28 (UP)—President Truman conferred for 45 minutes with former republican president Herbert Hoover today, and it was announced that two former GOP presidential candidates, Alf M. Landon and Gov. Thomas E. Dewey, also have been invited to the White House.

Hoover, returning to the White House for the first time since he turned it over to the late President Roosevelt on March 4, 1933, discussed with Mr. Truman the United Nations' gigantic problem of feeding the liberated peoples of Europe.

The White House announcement said today's conference "was a very pleasant meeting" and that "Mr. Hoover had some very constructive ideas which the president was happy to receive."

The former president, who won acclaim for his handling of food problems during and after world war I, came here on President Truman's suggestion to discuss European food conditions. He favors immediate initiation of an emergency army program for seeing to it that some 100,000,000 persons in western Europe do not go hungry.

Big Five Approval Of Security Vote Delays Conference

SAN FRANCISCO, May 28 (UP)—Publication of the big five's interpretation of the Yalta voting formula for the new world organization will be delayed until London, Moscow, Chungking and Paris have approved it.

It was revealed today the delay appears to make highly impossible earlier hopes that the United Nations conference will be able to adjourn on June 6—the anniversary of the allied landings on the Normandy beaches of France.

The big five committee of technical experts has reached full agreement on a final draft, which has the unanimous approval of the U. S. delegation. It has been cabled to the home governments of the big powers and publication awaits replies.

The committee considering the voting formula cannot proceed until the big five answer to the 22 questions of the little nations has been received.

There also is prospect of even further delay on this issue. The big power delegates are discussing the possibility of including in the charter language which will define procedural matters—questions on which only a simple majority vote are needed. This is only in the discussion stage but there is strong argument for doing it here to avoid future arguments on this point.

Soldier Who Hit Prisoners Says He 'Would Do It Again'

FORT DEVENS, Mass., May 28 (UP)—Pvt. Joseph McGee of Worcester, back on army duty today after the revocation of his court-martial sentence, said the German prisoners he hit "deserved it, and I'd do it again."

McGee said he had no complaints against the army and would remain in it at least until the end of the Japanese war.

The 23-year-old soldier, who was dishonorably discharged and given two years at hard labor for striking nine German prisoners of war in France. He spent the evening with his family and friends in Worcester and returned to active duty here at midnight.

McGee said he received a raw deal, but the order that released him from prison and his return to an honorable status made "everything all right."

Sorboe was appointed to succeed O. E. (Babe) Hollingberry who is reported to have refused a \$6,000 salary as grid mentor on a part-time basis. Labor Recruiting Campaign Launched

Employment of Waldo G. Geards and Leslie F. Smith, local school teachers, to recruit summer workers was announced today by Fletcher Milton, manager of the United States employment service office in La Grande.
