and route facilities in the post war era.

He said a federal aid plan in the proportion of perhaps 85% from federal funds, and 35% from state, county and local funds, might be worked out to carry out this work.

He said communities with airports should not give exclusive leases on their facilities, as they would then be classed as privately operated fields, and would not be eligible for governmental aid.

Forrest Zirkle, chairman of a club special committee, reported that city manager Ed Ford has taken preliminary action to see what can be done to have certain business buildings put in a better state of repair, to enhance the business section's appearance, and that definite results on this request will be reported later.

Guests of the club were Lawrence Welenko, Leslie Smith, Waldo Gerards, Fred Patton and Ray Williams of La Grande. Wilbur Smith was introduced as a new member.

Increased Benefits For Unemployed Sought By Truman

(Continued from Page 1)

Leaders said they foresee no economic collapse during reconversion but rather a period of expanding civilian economy in which small business will receive every encouragement. The emphasis from now on, they said, will be on easing government production controls to permit the forces of three enterprise and competition get back to work.

A highly optimistic report on the nation's immediate economic future was given by war production chairman J. A. Krug, who said the country is much better prepared for reconversion now than it was in 1918.

Krug predicted that one year from today United States factories will be turning out durable civilian goods at an annual rate of \$16,700,000,000 — 30 per cent higher than in 1939.

Krug said many workers will not even have to shift jobs. Of some 51,200,000 civilian workers now employed, he declared, 46,600,000 are in jobs that will continue regardless of war production.

Markets

Reconversion News Sparks Stock Gains

NEW YORK, May 28 (UP) — The stock market rose to new highs since 1937 today with volume increasing on the advance.

The favorable statement by J. A. Krug, head of war production board, that employment will remain high during the transition period and that government controls will be relaxed aided the rise.

Confirmation of the rise in the rails by the industrial shares also was a factor. The industrial average reached a new high since Sept. 14, 1937; railroad, since May 24, 1937; utility, since April 16, 1937, and 65 stocks — the shares in the foregoing averages, since Aug. 18, 1937.

Stels joined the rise, despite a decline of two per cent in production scheduled for this week.

Highest grade industrials were strong spots.

Portland Dairy

PORTLAND, Ore., May 28 (UP)—A slow trading tone was noted in the butter market today with a decrease in receipts. Although production was gaining locally it remained below that of a year ago. Prices were unchanged.

Liberal receipts of eggs continued to move to market, with prices unchanged.

Butter—Cubed 93 score 42 1/4; 92 score 42 1/4; 90 score 42c; 89 score 41 1/2c pound.

Eggs—Prices to retailers: AA large 44c; A large 42c; medium A 39c; small 35c dozen.

Cheese—Oregon triplets 27.2c; dairies 27.7c; Oregon loaf 27.9c. Jobbers pay 1/2c below quotations.

Portland Livestock

PORTLAND, Ore., May 28 (UP)—Livestock:

Cattle 1,000. Calves 250. Active; fed steers 25-35c higher; other classes strong to 25c higher; bulls slow, steady; vealers 50c higher; good-choice fed steers record high; few stockers 14.00; 17.50-18.00; top 18.00 equal to medium-good headers 13.00-16.00; cutters down to 9.00; canner-cutters 7.00-10.00; medium-good beef cows 11.50-13.50; medium-good sausage bulls 13.00-13.75; good-choice vealers 15.50-16.00; beef type to 17.00.

Hogs 25.00. Steady; butchers 15.75; sows 15.00; feeder pigs 19.50-20.00.

Sheep 900. Steady to strong; good-choice spring lambs 13.75; woolled old crop lambs up to 14.25; medium-good grades 13.50; shorn lambs 13.25 down; good shorn ewes up to 6.75.

Chicago Grain

CHICAGO, May 28 (UP) — Grain futures scored strong gains on the board of trade today with new seasonal highs established in wheat, corn, rye and December oats. Tremendous government demand for wheat and flour coupled with prospects of a hike in the wheat ceiling stimulated the upturn.

Wheat finished the day up 1 1/2 to 1 3/4 cents a bushel; corn up 3/4 to 1/2; oats up 3/4 to 1/2; rye up 1 1/2 to 2 1/2; and barley up 3/4 to 1/2.

Grainmen looked for large quantities of grain to be dispatched to Europe following the talk between President Truman and former President Hoover on European food shortages.

Government buying of flour also stimulated general demand.

Portland Wheat

PORTLAND, May 28 (UP) — Wheat ranges all blank.

Cash wheat: a white hd. wh. app. 154 1/2; s. white hd. wh. no rex 156 1/2; white club 157; western red 158 1/2, hard red winter ordinary 155.

Cash grain: oats No. 2 36 lbs. white \$48.75, barley No. 2 45 lbs. west. \$47.00.

125-mile Cagayan valley which was Luzon's breadbasket, and part of the Caraballo mountains that close in the southern end of the valley. All escape routes have been closed by American troops and Filipino guerrillas.

Perhaps two Japanese regiments still are dug in on the slopes of the Sierra Madre mountains, which rise steeply 10 miles east of Manila and whose water sheds supply the capital.

A third center of resistance is in northwestern Mindanao, where a strong and well organized Japanese force of about the size of a division is entrenched.

Several thousand more Japanese, comprising the fourth major enemy group in the Philippines, have been squeezed into a hard, well-armed little pocket inside Davao city, between the mouths of the Davao and Taloma rivers.

In addition to the main fronts, countless thousands of other Japanese are scattered through the central Philippines, including the principal islands of Leyte, Samar, Masbate, Cebu, Bohol, Negros, Panay, Mindoro and Palawan.
