Meat Shipments Abroad to Halt During Summer

WASHINGTON, June 2 (UP)—The government will cancel all lend-lease and foreign relief meat shipments during July, August and September, it was learned today.

The action is expected to increase slightly the share of U. S. civilians.

Removal of meat from lend-lease for a period of at least three months will affect Russia more than anyone else. During April, May and June the Soviet union was assigned 300,000,000 pounds out of the lend-lease total of 325,000,000 pounds, mostly canned "tushonka," a beef and pork combination.

Officials said the denial of meat for foreign relief would come as a "grave disappointment" to liberated peoples. The only meat exports in July, August and September will be for the U. S. armed forces.

Home Allowance Is Low
The clamp-down on meat exports was seen as a move to ease the extremely tight situation here at home. During the present quarter-year civilians are getting meat at annual rate of 110-112 pounds, a new record low. Officials said improved distribution is expected to make considerably larger quantities available in areas now suffering the worst shortages.

Meanwhile, Price Chief Chester Bowles, announcing a vigorous campaign to prevent "chiseling" in the use of sugar for home canning, announced that henceforth applicants for home canning sugar must sign a pledge agreeing to use the extra rations for that purpose only.

He authorized local ration boards to suspend issuance of sugar canning stamps temporarily and assigned a special staff of investigators to look into illegal use of home canning sugar.

Agricultural experts reported that unfavorable spring weather in the U. S. and Canada might imperil this year's important food production. Warm sunny weather is urgently needed, they said, to overcome the disadvantages of cold and continuous rains which have hampered planting.

SLAYER IS SENTENCED

McMINNVILLE, Ore., June 2 (UP)—Philip John Warren, 29, 345-pound Grand Ronde Indian, today was sentenced to 10 years in the state penitentiary and fined \$1 for kicking to death Henry W. Blair, 56, during a fight on May 13.

Safety Bonus Asked For Bus Operators

PORTLAND, Ore., June 2 (UP)—The Portland traction company today asked the regional war labor board for approval of a bonus-for-safety plan to reward all operators and employes for good records.

President Gordon G. Steele said the carmen's local union had endorsed the program, designed to lower "excessive" costs to the company in repairs to damaged equipment, accident settlements and other liabilities.

The plan carries a bonus of 5 cents an hour to operators who have no chargeable or high accidents during a calendar month.

Market Quotations

Stocks Are Irregular Trading is Active After Opening Spurt In Wool Market

NEW YORK, June 2 (UP)—Stocks advanced under the lead of rails during the first part of today's short session and then turned irregular on weekend realizing.

Railroad issues lost part of their early gains after their average had risen to a new high since May 8, 1937. Utilities also sagged following a rise to a new top since March 31, 1937 in their average.

Canadian Pacific again featured the market in turnover. It made a new high at 17 1/4, up 1/4, the best price attained by the issue since 1934 when it sold at 18 1/4. Other rails backed away from their best levels.

Numerous special stocks had gains running to more than two points.

Oil shares held steady to firm. Several public utility preferred stocks were up a point or more.

Pope Champions Sovereignty of Smaller Nations

ROME, June 2 (UP)—Pope Pius XII, in an implied slap at communist influence in Europe, said today that small nations have a right to reject a government imposed upon them against their will.

They have suffered long in the past and are entitled to refuse the "imposition on their national life of a new political and cultural system" opposed by a majority of their people, he said in a worldwide broadcast.

"What would all the sacrifices be worth if oppression and violence should govern the world again?" he asked.

The pope called for the punishment of Nazi war criminals and said the "sudden, tragical end" of Adolf Hitler had ended the persecution of the Catholic church by nazism.

"We trust the German people will be able to rise again to a new dignity of life after renouncing the satanical shadow of national socialism and after those guilty will have paid for the crimes committed."

While mill buying accounted partly for the upturn, this demand was not aggressive. The flour trade throughout the country have withdrawn from the market in protest against subsidy legislation. Short-covering and scarcity of offerings were largely responsible for the advance.
