Britain Makes New Bid to Bring End To Strife in India

By HAROLD GUARD

LONDON, June 14 (UP)—Britain, in a sweeping bid to end political strife in India, announced today that congress party leaders are being released from internment and proposed to turn over the viceroy's executive council to the Indians except for a single post.

The conciliatory British moves were disclosed by introduction in commons of a white paper on the Indian situation by Leopold S. Amery, secretary of state for India.

Observers view the proposals as Britain's nearest approach to Indian aspirations and demands for a national government since Sir Stafford Cripps failed in his mission to India three years ago.

Amery told the house that Field Marshal Lord Wavell, viceroy of India, recently received the government's authority to try to effect a complete Indianization of his executive council.

War Post is Retained

The only exception to Indian membership of the council, according to the proposal, would be retention of the war minister's portfolio by Gen. Sir Claude Auchinleck.

Amery announced that Pandig Jawaharlal Nehru, congress leader; Maulana Abul Kalam Azad, president of the party; and others interned when a Japanese invasion of India threatened will now be released.

Mohandas K. Gandhi, the guiding spirit of the party, has been at liberty since the middle of last year. As the accepted leader of the party, he will be invited by Wavell to a conference to be attended by other party chieftains, and premiers and former premiers of Indian provinces to discuss proposals and empanel a new council.

Gandhi was believed favorably inclined toward Wavell's invitation.

fer highest market each year.

Bohnenkamp minimized the fruit fly scare, stating that every effort is being made to eradicate the pest; that all growers are urged to take proper spraying precautions and that any grower's crop found to be infected will be turned down at the receiving stations.

Picking is expected to start during the last week in July. No difficulty is anticipated with labor availability as inquiries have already been received from fruit followers who desire to pick again in the valley this year. Wages are expected to approximate those of last year.

Approximately 125 orchardists will benefit from the cherry harvest this year, with acreages from very small to large.

Rail, Sugar Shares Spark Stock Rise

NEW YORK, June 14 (UP)—Strength in rails and demand for sugar shares and special issues lifted the general list of stocks today to a new high for more than seven years. Trading was at the most active pace since early May.

Sentiment was bolstered by a number of favorable items, including a rise in car loadings to a new high since last Oct. 28.

The railroad group climbed to the highest peak in more than eight years. Sugars as a group have responded recently to indications that producers may get more money as a result of current negotiations for the 1946 Cuban crop.

Steels showed some improvement. Airline shares were up moderately.

morrow morning.

The second phase of the evening program will feature an attack on a Jap pillbox in which all the infantry weapons will be used.

The doughboys will fire 3,400 rounds of machine gun and rifle ammunition, and the bazookas will punch holes in the pillbox, while flame throwers burn out the "enemy."

The demonstration will be open to the public without obligation and spectators may enter the stadium at any except the north entrance. This entryway has been closed to provide space for the setting up of the equipment for the demonstration.

Turned into scrap, 833 bureau drawer keys would make enough metal for an army .45-caliber automatic pistol.

CHICAGO GRAIN

CHICAGO, June 14 (UP) — Rye futures rose to new season highs in all deliveries, December and May corn and September and December oats reached season peaks on the board of trade today. Wheat prices slipped from the best levels under profit-taking before the close.

Rye finished the day up 1¼ to 3 cents a bushel; wheat off ¼ to up ⅜; corn unchanged to up ⅜; oats up ½ to ¾, and barley unchanged to up ⅜.

Wheat trade held to comparatively light levels. Cash grain interests were fairly heavy buyers of July deliveries. Conflicting influences held the trend about steady. On the one hand was the bumper crop prospects and the other the car shortage and European outlet.
