Japs Deny Peace Moves; Homeland Invasion Awaited

SAN FRANCISCO, June 19 (UP)—Japanese spokesmen denied again today that Japan is putting out peace feelers and said only an American invasion of the home islands can end the war.

Radio Tokyo read a speech prepared by Dr. Kosaku Tamura, Japanese authority on international relations, predicting that an American landing will be made in Japan "within a few months" on a scale comparable to that in Normandy.

"The Japanese-American war can only be terminated through the ghastly landing operation of the American forces on the homeland of Japan, where they will bury mountains and rivers of Japan with their dead bodies and paint the beaches of Japan crimson with their own blood," Dr. Tamura said.

Dr. Tamura answered President Truman's demand for Japan's unconditional surrender with an assertion that the country ever will make peace on those terms.

Abruptly contradicting earlier Japanese propaganda assertions, Dr. Tamura conceded that unconditional surrender would not entail either the destruction or enslavement of the Japanese people.

But, he said, Germany provides an example of what would happen to Japan should she throw herself on the mercies of the allies. He said Germany no longer has an administrative rights and now cannot be called even a nation.

Gen. Buckner Dies Of Wound from Jap Shell on Okinawa

(Continued from Page 1 in the chest. That was at 1:15 p.m.

Col. Clarence B. Wallace, Arlington, Va., commander of the eighth regiment, and his operations officer, Maj. William Chamberlain, Chicago, Ill., got Buckner's body down from the rock.

But the Japanese shells kept pouring in, so Wallace and Chamberlain had to carry the general a distance to the rear. They put him behind the shelter of a cliff, while the cry "corpsmen" went up. Someone fetched Lt. (jg) Fred C. Wallace, a navy medical officer from Oakland, Miss.

Wallace quickly injected blood plasma into the dying general. He worked frantically. But it was too late. At 1:25-10 minutes after he had been hit—Buckner was pronounced dead.

Thus, just a month before his 59th birthday, Buckner became the first American army commander to die in action. He was the second three-star general killed in action. Lt. Gen. Leslie J. McNair was killed on the Normandy front.

Lt. Gen. Millard F. Harmon was reported missing on an inspection flight.

NEW WASHERS DUE SOON WASHINGTON, June 19 (UP)

Consumers will have a chance to buy washing machines in September at prices equal to or lower than they paid before the war, Stanley B. Adams, director of war production board's consumer durable goods division, predicted yesterday.

BLAMES NAZIS—Emil Jannings, Europe's greatest pro-war film star, is pictured right as he insisted that the nazis forced him to act in anti-British films.

Brooklyn-born Jannings, taken to Germany as an infant, became a great favorite in German films and returned to America in 1926 to make such films as "The Way of All Flesh" and "The Last Command."

MODEL STORE BURNS VANCOUVER, Wash., June 19 (UP)

The Safeway chain's "model store" of the entire system, built in 1943 in a new federal housing area in Vancouver, burned today with losses totaling over \$125,000, including \$30,000 stored in the grocery safe.

MORE SOCKS DUE WASHINGTON, June 19 (UP)

The war production board acted today to provide more work socks for civilians by removing the freeze on circular hosiery knitting machines above 72 needles.

SPLINTERY LANDING—A Wildcat fighter plane's propeller splinters the wooden flight deck of a U. S. Pacific fleet aircraft carrier, leaving a trail of flying kindling. The pilot was unhurt and only minor damage was done to plane and deck. Navy photo.

TANKS FOR THE BOAT RIDE—When Sgt. Donald E. Hudson, 21, left, of DeKalb, Ill., was given access to a salvage dump in Italy, he combined discarded airplane gas tanks with an air compressor motor and a propeller fashioned from scrap metal to make the tricky little catamaran pictured above. His companion is Pfc. Eric H. Staples, 32, of Sanford, Maine. Both are ordnance workers in the 15th air force.

Calendar of Coming Events

June 19—Union county Grocers' association, Sacajawea hotel, 3 p. m.

Enemy Nations Banned from New World Councils

SAN FRANCISCO, June 19 (UP)—The Big Five agreed today to support a proposal designed to bar the enemy nations in this war from membership in the new world organization for many years.

Meeting in the perhouse apartment of Secretary of State Edward R. Stettinius, jr., the heads of the Big Five delegations agreed that the official report of the conference should contain a clause prohibiting enemy participation in the United Nations until the security council approves. Each of the Big Five would have a veto over such approval.

The issue originally was raised by the Greek delegation which wanted such a specific amendment in the charter. The Big Five decided it would not be well to place such a clause in the charter, but agreed that the rapporteur's report—the official interpretation of the charter—on the appropriate section should carry a statement to this effect.

The Big Five did not discuss the one remaining obstacle to Saturday adjournment—dispute over the powers of the assembly. Word is awaited from Moscow on a proposed compromise.

U. S. Subs Sink 11 Japanese Vessels

WASHINGTON, June 19 (UP)—American submarines have sunk two light combatant ships and nine other Japanese vessels in far eastern waters, the navy announced today.

In addition to two medium patrol vessels, the submarines sank three cargo vessels, four merchant vessels and two medium tankers.

These latest sinkings, the first announced in nearly three weeks, bring total Japanese vessels sunk by American submarines to 1,153. This includes 138 warships and 1,015 non-combat vessels.

This latest bag announced by the navy is smaller than average and apparently indicates an increasing scarcity of targets.
