

Leader of Brunei Invasion Dies

WASHINGTON, June 20 (UP)—Rear Admiral Forrest Betton Royal, 52, commander of the recent amphibious operation in Brunei Bay off the northwest coast of Borneo, died June 18 of natural causes, the navy announced today.

The Borneo landings which he directed occurred on June 10 and 11. Royal visited the battle area on June 11 with Gen. Douglas MacArthur, commander of army forces in the Pacific.

Announcement of Royal's death was made by Secretary of Navy James V. Forrestal. Other than the fact that death came from "natural causes" no details were available.

The umbrella was invented by Jonas Hanway, an Englishman.

Strike Jeopardizes Chicagoans' Health

CHICAGO, June 20 (UP)—Prescription supplies in Chicago drug stores dropped dangerously low today as big trucks stood idle in warehouses of wholesale drug firms.

The army announced it was bringing 10,000 steel-helmeted combat troops into the city to alleviate the paralyzing truck drivers strike that disrupted transport of essential civilian goods and war materials.

Drug houses said the "situation is critical." In several cases drug store operators said their prescription supplies were "close to the vanishing point."

Grocery stores reported a shortage in perishable vegetables and fruits but said dry grocery supplies still are ample.

Ten thousand truck drivers went on strike Saturday.

Markets

Rails Feature New Advance in Stocks

NEW YORK, June 20 (UP)—Railroad shares advanced one to more than three points today to feature a generally higher, though quiet stock market.

Demand for the rails followed a session in which moderate profit-taking brought an average decline. The group more than made up this loss today and set a new high for more than eight years.

The whole steel section rose fractions to more than a point. Motors firmed on light turnover. Utilities made a new top since March 20, 1937, and liquors moved ahead with gains running to three points in Austin.

PORTLAND LIVESTOCK

PORTLAND, June 20 (UP)—Livestock:

Cattle—salable 150, calves 35, market rather slow, about steady with late Tuesday; most cows fully 50 cents lower than last week, some cutters dollar lower; bulls slow; common-medium grass steers 13-14.00; heifers 11-13.00; canner and cutter cows 7-9.00; fat dairy type cows 10.50; grass fat feed cows 12.25; good beef bulls, 12.50; good-choice vealers 15-16.00.

Hogs, salable 50, market active, steady, barrows and gilts 15.75, sows 15.00; light feeder pigs quotable to 22.00.

Sheep, salable 600, spring lambs fairly active, other classes slow but general market steady; good-choice springs 13.50-14.25; medium grades 12.50; old stock lambs 10.50-11; good ewes 6-6.50.

CHICAGO GRAIN

CHICAGO, June 20 (UP)—Rye futures broke the full five-cents permitted on the board of trade today. Exchange action increasing margin requirements and the strained technical position of this grain prompted the reaction. Other grains weakened.

Rye finished the day off 3/4 to 5 cents a bushel; wheat off 1/4 to 2/4; corn unchanged to off 1/4; oats off 1 to 1 1/2, and barley off 1/4 to 1/2.

Hedge selling outpaced mill-buying in wheat and prices sagged.

Arab Delegate To Security Parley Raps French Acts

SAN FRANCISCO, June 20 (UP)—Egyptian delegate Abdel Hamid Badawi Pasha, speaking in behalf of the Arab league at a public session of the United Nations conference, today denounced France for recent "acts of aggression" against Syria.

The French delegate, Maurice Le Jean, tried in vain to have the Egyptian delegate called to order but commission chairman Wilhelm Morgenstierne of Norway declined to do so on ground it would unduly delay proceedings.

The intra-family row among United Nations broke into the open during consideration of the world charter chapter which assures France a permanent seat on the proposed world security council.

Spain Denied Seat

It was the second successive day that contemporary world problem overshadowed the technical work of drafting a world charter. Generalissimo Francisco Franco of Spain was roundly denounced last night before a commission which voted unanimously to blacklist Spain from membership in the United Nations while France is in control.

Badawi brought up the recent French-Syrian crisis by asserting that the Arab states would have been justified in opposing elevation of France to the role of a great power.

Australian Foreign Minister Herbert V. Evatt was standing firmly against accepting the new Russian proposal to narrow the powers of the general assembly to talk, but the big five were confident of winning a solution of that issue very soon—possibly before tonight's public session of the commission on the assembly.

Three Powers Close 'Trieste Incident'

ROME, June 20 (UP)—The "Trieste incident" was settled amicably today with the announcement of an agreement providing for joint occupation of the disputed Italo-Yugoslav border area by American, British and Yugoslav troops pending final disposition of the territory at the peace conference.

Allied headquarters announced that the three-power accord was concluded in Belgrade and that all military details in connection with the pact have been completed.

Under the agreement, the western half of Venezia Giulia province—the northeastern corner of Italy—will be occupied by American and British troops, with the eastern part under Yugoslav control.

Security Parley Speedup Sought By President Truman

OLYMPIA, Wash., June 20 (UP)—President Truman, resting in the northwest, today sought to have the United Nations conference at San Francisco end Saturday on schedule, but he appeared to be having little success.

In fact, the president was prepared to extend his visit here until sometime early next week while he awaits the completion of a vast, last-minute pile-up of paper work at the conference.

If the president remains on the west coast until next Monday or Tuesday—which now seems to be the most likely date for the conference to end—it will mean the postponement of his date in Washington next Monday with Gov. Thomas E. Dewey of New York, the 1944 Republican presidential candidate.

It also will mean that the president will go direct from San Francisco to homecoming celebrations at Independence, Mo., and Kansas City on June 27 and June 28.

The president was in frequent contact with San Francisco and was constantly urging that the conference be brought to an end because he is anxious to present the final charter to the senate for consent to ratification as soon as possible.

The president's schedule today contained only two brief engagements—the presentation of the congressional medal of honor to a hero to the northwest, and a reception for state officials. Otherwise, he was taking it easy.

LIQUOR CONTROL TIGHTENS

PORTLAND, June 20 (UP)—Oregon liquor control commissioners are tightening law enforcement.

The board ordered arrest of operators of clubs, night spots and other places serving drinks

without license, and suspended 10 licenses, canceled one and revoked one.

The commissioners said they are determined to stop sale of beer to minors by imposing levying suspensions where evidence shows this violation.

It's a picnic... Have a Coke

... a friendly way to keep everyone happy

Have a Coke is a friendly phrase right in the carefree picnic spirit. There's friendliness in every sip of ice-cold Coca-Cola. There's life, sparkle and goodness that bring out the sunny side in everybody. Yes, Coke always makes picnic time, or any time, refreshment time.
