**U. S. Planes Based On Okinawa Hit Jap Suicide Bases** (Continued from Page 1)

Japanese were wounded in the campaign, and those who survived their wounds were put to death by their comrades or forced to commit suicide.

It was a different story on Okinawa today, where the Japanese were surrendering by the thousands for the first time in the war. It was estimated the total number of prisoners on the island might reach 7,000 when they're all counted.

A few fanatics, including possibly the commanding general of the defeated garrison, still held out in caves on the southern tip of Okinawa.

The loss of two American light naval units to enemy suicide planes off Okinawa was announced. Three others were damaged. That brought to 10 the number of American naval units sunk and to 52 those damaged in the Okinawa fighting.

**STOVE ORDERS CANCELLED**

WASHINGTON, June 23 (UP)—The office of price administration will cancel all outstanding certificates for purchase of gas stoves on Aug. 1 and substitute a new type of coupon, it was learned today.

**SHADES OF '48—IN GERMANY**—Reminiscent of the days of the California gold rush is this picture showing German war refugees in a train of ox-drawn "covered wagons" as they returned to Bavaria from Pilsen, Czechoslovakia.

### Floating Sea Mines May Be Jap Stab At U. S. Shipping

(Continued from Page 1)

ate enough to attempt to float balloons against the United States, there's nothing startling about attempting to float mines across the Pacific. It's entirely possible," a naval officer said.

The coastguard cautioned all Alaska mariners, and small boat operators not to approach any unidentified floating metallic object.

"It will be very dangerous to handle and spherical or can buoy-shaped object drifting on the surface of the water. If one is sighted mariners are cautioned not to fire at it or attempt to pick it up, but to keep clear and immediately report its location," the warning said.

Naval headquarters at Seattle said it had not been advised whether any of the mines had been located and examined by Alaskan disposal squads.

### Ernie Pyle Ship Launching Delayed

PORTLAND, Ore., June 23 (UP)—Launching of the troopship Ernie Pyle has been postponed until Monday but the itinerary of President Truman does not include the ceremony, it was learned today.

Lt. Comdr. Max Miller, newspaperman-author and a close friend of the Pyle family, will be the principal speaker at the launching. The C-4 troopship will be christened by Miss Babette Johnson, niece of the columnist, of Stillwater, Minn.

Mrs. Pyle is ill in Denver and will be unable to attend the launching.

### Montana Exceeds War Loan Quota

WASHINGTON, June 23 (UP)—For the fifth time in the last five war loan drives, Montana is the first state to exceed its quotas, the treasury announced today.

Montana passed its seventh war loan E bond quota of \$15,000,000 by more than \$200,000.

Secretary of the Treasury Henry Morgenthau, jr., and national war finance director Ted R. Gannett telegraphed congratulations to the people of Montana through A. T. Hibbard of Helena, the Montana war finance committee chairman.

### Oregon Production Of Eggs Declines

PORTLAND, Ore., June 23 (UP)—May egg production in Oregon was 11 per cent below a year ago and 7 per cent below this April.

According to the United States department of agriculture, division of agricultural statistics in Portland, eggs produced in Oregon for the first five months of 1945 are only 246,000,000, compared with 257,000,000 produced in 1944.

Truck crops were hampered in the past month by temperatures too low for best results.

### Justice Black Raps "Prophets" of War

HOLLYWOOD, June 23 (UP)—Supreme court Justice Hugo Black last night charged that persons who talk of an inevitable third world war are "following the Hitler line," and lashed out at predictions of an impending conflict between the United States and Russia.

"I see no reason why America and Russia cannot easily live at peace together," Black told a Hollywood war relief meeting at Hollywood bowl. "We covet none of their territory, nor do they covet any of ours. Our common interests in a peaceful world far outweigh any conceivable conflict of interest between us."

### Calendar of Coming Events

June 25—La Grande Masonic lodge, Masonic temple, 7:30 p. m.

June 26—Eastern Oregon Commandery, Knights Templar; Masonic temple, 7:30 p. m.

### New Government Of Poles to Get British Approval

LONDON, June 23 (UP)—The foreign office announced today that Britain will recognize the new Polish unity government as soon as it is constituted formally and pledged to "free and unfettered elections."

A foreign office spokesman said the Moscow agreement to reorganize the Polish government on a broader basis in keeping with the Yalta pact was "welcome and satisfactory."

The spokesman indicated that United States reaction tallied with that of Britain—a "very satisfactory solution" of the problem, with recognition by both of the western members of the big three to follow establishment of the government in Warsaw and its commitment to unfettered elections in Poland.

Moscow announced early today that a Polish unity conference had ended successfully. The makeup of the broadened government including Polish elements outside the country will be reported within a few days, an official Moscow statement said.

### US Fishing Rights On Alaska Coast To Be Protected

SEATTLE, June 23 (UP)—To protect American deep-sea fishing rights off the Alaska coast, the defense plants corporation has loaned \$2,000,000 to finance exploratory fishing from an 8,300-ton ship provided by the federal government, Sen. Warren G. Magnuson, D., Wash., said today.

Another purpose of the expedition to waters over the continental shelf, Magnuson said, is to seek new sources of food fish.

Magnuson said a newly-formed company headed by Nicholas Bez, president of the Intercoastal and Todd packing companies, is in charge of the expedition. Bez recently was named a member of the state's advisory commission on progress and industry.

Presence of the floating cannery along the shelf, Magnuson said, would legally establish American rights to the fishing grounds, "making it possible for President Truman to later extend the three-mile limit to the edge of the shelf and prohibit fishing by other nations."

He said the president Thursday night indicated that territorial limits might be extended by proclamation for protection of American fishing industries.

### Phone Service Across Atlantic Resumed

LONDON, June 23 (UP)—An American officer's call to his mother in Chicago reopened transatlantic telephone service between Britain and the United States today for the first time since the beginning of the war.

The caller was Capt. Joseph Krug, a member of the Rhine province detachment of the American military government, and his call went through after a 30-hour delay.

### ACTRESS WALKS AGAIN

HOLLYWOOD, June 23 (UP)—Actress Susan Peters walked today for the first time in six months and revealed she had made plans to resume her career despite fears of doctors that she could never leave her wheelchair. She became paralyzed from the waist down after accidentally shooting herself during a New Year's hunting trip, with her husband, coast guard Lt. Richard Quane.

## Truman to Seek Early Approval of Security Charter

(Continued from Page 1)

his vacation schedule here to devote most of today to catching up with a mounting accumulation of paper work and legislation flown to him from the White House.

The president's schedule was kept open and he planned to work on state papers and confer with George Allen, an old friend and political associate who made the advance arrangements for Mr. Truman's trip next week to the United Nations conference at San Francisco.

**San Francisco Trip Set**

The president will arrive at Hamilton field, outside of San Francisco, in the early afternoon Monday—probably around 2:30 p.m., after a brief stop-off at Portland, Ore., and will proceed to his hotel in a large parade. At 5 o'clock the same afternoon he will meet the UNCTO delegates at a reception and be the honor guest that night at dinner given by Secretary of State E. R. Stettinius Jr.

On Tuesday he will meet a committee of San Francisco citizens at noon and about 4 p.m. go to the conference hall to hear the concluding addresses and make his own speech sometime between 5 and 5:30 p.m. The president's address was expected to run around 17 minutes.

## Grew Says Nation Must Not Hoard Military Power

WASHINGTON, June 23 (UP)—Acting Secretary of State Joseph C. Grew said today that America has become the strongest economic and military power on earth and will use its power "in the service of law and justice and human freedom."

The future role of the United States, he told the first graduating class of the foreign service educational council's school of advanced international studies, is one of "service and leadership—the only role that befits a leading player on a world stage."

He said the peace might fail if the U. S. were to hoard its power "like money in an old sock."

"Never again can we afford to have domestic depressions which cause untold misery at home and are felt around the world."

Grew said the country's past record has made American economic power "distrusted and even feared abroad."

America must dispel those fears "not by statements of good intentions but by concrete examples of cooperation," he contended.

## Interest in Domestic Wools Is Increased

BOSTON, June 23 (UP)—A lack of foreign wool offerings spurred activity in domestic types this week, with numerous sales consummated in graded Colorado, Utah and Arizona fine and half blood sorts, the war food administration reported today in its weekly review.

Prices on the few sales of foreign wools were unchanged. In Buenos Aires prices continued unsteady as buying for shipment to the United States fell off, due to uncertain shipping dates.

S
