Tokyo Jittery As Homeland Invasion Threat Increases

(Continued from Page 1)
American invasion forces may strike at Amami and Kikai islands, 110 miles northeast of Okinawa, before landing on Japan proper.

Tokyo said Suzuki bluntly called the present crisis "the greatest one since the Mongolian invasion" in a message to the Japanese people following a cabinet meeting. He pledged his government's "grim determination" to resist invasion.

The prolonged defense of Okinawa enabled Japan to improve her strategic position, he said, but added:

"Enemy air raids over Japan are likely to grow both in intensity and frequency, while new enemy invasion operations must also be expected."

Superfortresses dropped 3,000 tons of high-explosive demolition bombs on factories along a 150-mile arc stretching through Akashi, Osaka, Nagoya and Gifu in today's attack on the main enemy home island of Honshu.

Never before had the B-29s hit so many separate targets on so large a scale. A Japanese communique said eight Superfortresses were shot down and 14 others crippled, but claim probably was exaggerated.

All 10 plants had been damaged in earlier attacks, and today's assault was designed to administer the coup de grace. Their destruction would be a major step in the reduction of Japan's war potential preparatory to an invasion of the enemy homeland.

On Okinawa, the capture of an additional 794 prisoners Monday swelled Japanese casualties in the 86-day campaign to 110,549—an unprecedented total of 8,696 prisoners and 101,853 dead.

CHUNGKING, June 26 (UP)—Fighting raged on three sides of Luichow today as the Japanese continued their desperate defense of the air base city. The Chinese high command reported.

Chinese troops opened another attack on the bitterly-contested airfield south of the city, first reached last Friday.

To the north of the city, the Chinese captured Tapuchen and reached the western suburbs of Luichow, eight miles from Luichow.

The third column, driving along the Kwangsi-Kwantung railroad northwest of the city, crossed to the east bank of the Liu river to within three miles of Luichow.

Along the Chekiang coast, where the Chinese steadily were broadening a bridgehead opposite Okinawa, the Japanese who had evacuated Hwangyeng were retreating north toward Linhai, the communique said.

COUPLE LOST IN SOUND
SEATTLE, June 26 (UP)—Navy and coast guard planes today searched upper Puget sound for a 22-year-old couple, Robert and Pearl Rouse, missing after a squall carried their sailboat Teal out of Port Townsend bay yesterday. Their boat was found last night.

While spectators watched from shore through binoculars, the boat was swept out of sight into Admiralty inlet.

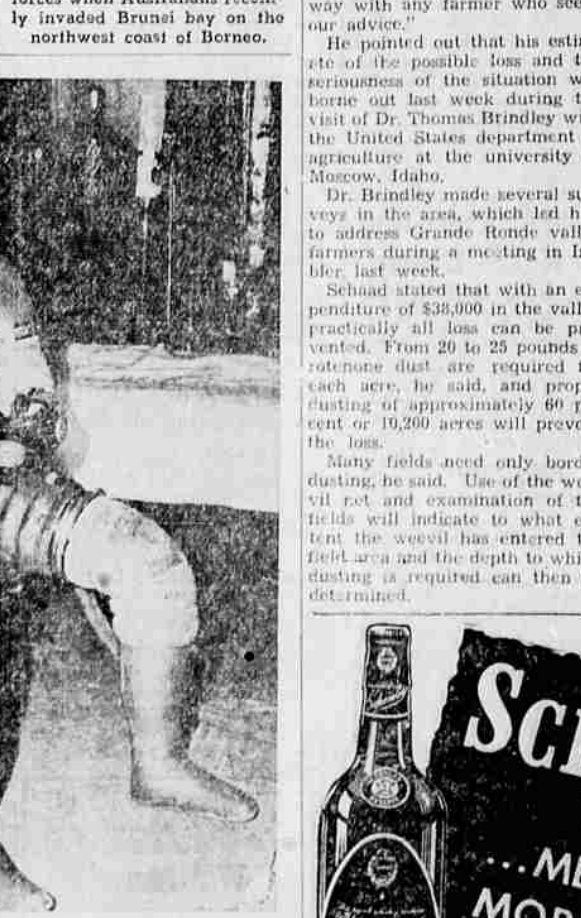

BITTER DOSE FOR JAPS—Gen. Douglas MacArthur has appointed Gen. Joseph W. (Vinegar Joe) Stilwell to be commander of the American 10th army on Okinawa, succeeding the late Lt. Gen. Simon Bolivar Buckner, jr. In this newly received picture Stilwell is shown (right) wearing old army campaign hat as he inspects an operations map with Lt. Col. Albert V. Harfil on Okinawa.

MacARTHUR VISITS SULU RULERS—The governor of Jolo (left) tells Gen. Douglas MacArthur about the greatness of the Sultan of Sulu (right), who has 26 wives and more than 100 children. The Moro natives of the Sulu archipelago were very friendly toward the allies.

LANDED AUSSIES - Read Adml. Forrest B. Royal, above, commander of the U. S. 7th fleet, directed amphibious forces when Australians recently invaded Brunei bay on the northwest coast of Borneo.

FLYER IN GOLDFISH BOWL—Inverted glass bowl over his head puts this stratosphere flyer in practically the same position as a goldfish, except that through this, and the futuristic-looking suit he's wearing, he can fly to an altitude of 80,000 feet. Suit was developed by B. F. Goodrich Co., Akron, O., under direction of air technical service command. Oxygen, microphones, earphones and electricity for heating are all piped in on one conduit.

Markets

Industrial Shares Mark Sharp Gains

NEW YORK, June 26 (UP)—Industrial shares moved into new high ground since 1937 after lagging behind the railroad section of the stock market.

This confirmation of the rise in rails and utilities generated new enthusiasm. Buyers were attracted to the whole industrial list.

Gains in the general market ranged to more than 3 points and gains of more than a point each were noted in U. S. Steel, Bethlehem, Crucible, and Jones and Laughlin preferred B. Commonwealth and Southern led in turnover.

Chicago Northwestern certificates rose more than 3 points and Union Pacific 2 points. G. R. Kinney preferred was up 5 points. Airline shares reached new tops on gains running to more than 2 points. American telephone reached its best level since 1940.

New highs were made by Anacosta, National Distillers, Seagrams, Schenley, Distillers Corp., American Airlines, Eastern Airlines, Home Stake Mining, North American, Pullman, Glenn L. Martin and Lockheed.

Portland DOIRY
PORTLAND, Ore., June 26 (UP)—The demand and supply of butter was at a low ebb on the Portland dairy market today with eggs also scarce. Prices were generally unchanged.

Portland dairy market:
Butter - Cube, 93 score, 42 1/2c; 92 score, 42 1/4c; 90 score, 42c; 89 score, 41 1/2c pound.
Eggs: Prices to retailers: AA large, 47c; A, large, 45c; medium, small, 38c doz.

Cheese - To wholesalers f. o. b. factory: Oregon triplets, 28.1c; dairies (-); Oregon loaf, 28.3c. Jobbers pay 1/2c below quotations.

CHICAGO GRAIN
CHICAGO, June 26 (UP) - Substantial mill-buying and new demand from the baking trade prompted a strong upturn in wheat futures on the board of trade today. Other grains reflected firmness in wheat with rye and May corn countering the trend to fractional losses on the close.

Wheat finished the day up 3/4 to 1 1/2 cents a bushel; corn up 1/4 to 1/2c; oats up 1/4 to 1/2c; rye off 3/4 to 1c; and barley up 1 to 1 1/4c.

Relaxment buying on army flour orders and sizable army business anticipated late in the week led to active milling demand early. Wheat generally resisted selling on the advances and maintained gains.

PORTLAND LIVESTOCK
PORTLAND, June 2 (UP) - Livestock:
Cattle salable 150, total 250, calves salable 35, total 40, market rather slow, but early sales about steady, a few stockers near \$14, canner-cutter cows \$6.50-\$8.50; grass fat beef cows hold to \$7.50 and above; sausage bulls salable around \$10.50-\$11.50; good beef bulls quotable \$12.50 and above; good and choice vealers held at \$15-16.

Hogs, salable 50, total 200, market active, steady, with extreme top feeder pigs, 50c higher; barrows and gilts \$15.75, sows \$15; choice feeder pigs, including 108 lb. weights up to \$22.50, a new high.

Sheep, salable and total 400, liberal holdovers held to medium grade, market at opening fairly active, mostly active, good-choice spring lambs \$13.50-\$14; selected lots quotable to \$14.25; common-medium grades \$10-\$11.50; 56-60 lb. culls to feeders, \$8-\$8.50; shorn old stock lambs \$10.50, good ewes \$6.00; cull and common \$2.50-\$3.50.

FARLEY COMES WEST
PORTLAND, Ore., June 26 (UP)—James A. Farley, once chairman of the Democratic national committee which put Franklin D. Roosevelt in the White House in 1932, will be a Portland visitor Wednesday, it was disclosed today.

One pint of ice cream is equal in energy value to three-fourths of a pound of steak.

Calendar of Coming Events

June 25 - Eastern Oregon Commandery, Knights Templar, Masonic temple, 7:30 p. m.

June 29: La Grande lodge A. F. & M., Masonic temple.
June 29 - Junior band summer concert, high school auditorium, 8 p. m.

June 30: Union Council Royal and Select Masters, dinner 6:30 p. m. Degree work, R. and A. M., 7:30 p. m., Masonic temple.

Valley Pea Crop Is Menaced By Weevil Infestation

(Continued from Page 1)
with any farmer who seeks our advice.

He pointed out that his estimate of the possible loss and the seriousness of the situation was borne out last week during the visit of Dr. Thomas Brindley of the United States department of agriculture at the university at Moscow, Idaho.

Dr. Brindley made several surveys in the area, which led him to address Grande Ronde valley farmers during a meeting in Imbler last week.

Schaad stated that with an expenditure of \$38,000 in the valley practically all loss can be prevented. From 20 to 25 pounds of rotenone dust are required for each acre, he said, and proper dusting of approximately 60 percent or 19,200 acres will prevent the loss.

Many fields need only border dusting, he said. Use of the weevil net and examination of the field area and the depth to which dusting is required can then be determined.
