CARRIERS! CARRIERS! WE NEED BOYS & GIRLS To facilitate the release of older boys and girls for agricultural work, we require boys and girls with bicycles about 12 years of age; possibly younger, whose parents will co-operate in their handling of money and maintaining records.

The probability of these youngsters performing this task efficiently and accurately without parental guidance is remote.

This is an essential wartime task which younger boys and girls can successfully perform.

Not more than two hours daily required except when collecting at the first of each month. No early morning or Sunday delivery.

ALL CARRYING IN DAYLIGHT HOURS One of the best programs for developing dependability, personal discipline; meeting the public.

Markets

Heavy Losses Mark Stock Price Break

NEW YORK, June 28 (UP) - The stock market had its widest break of the year today in the heaviest trading since April 16.

The selling movement began shortly before noon in the rails and spread throughout the market. Losses ranged to more than 5 points. Volume was so heavy that the tape ran a minute or two behind the market.

Washington heard that recommendations for higher stock margins and a rise in the capital gains tax were on President Truman's desk for approval. The street anticipated a margin rise but a higher capital gains levy was seen as a bearish possibility.

The list steadied in early afternoon but encountered new realizing later. Around the close it was at the lows of the day - prices that wiped nearly 2 1/2 points from the railroad average and more than 1 1/2 points in the industrial average.

PORTLAND DAIRY

PORTLAND, June 28 (UP) - Egg prices went up another cent today on the Portland dairy market under the schedules worked out in advance by the OPA.

Dealers felt the additional profit for producers will relieve some of the pressure and offset the high cost of feed.

Butter continues to pile up and prices were unchanged.
Butter - Cube 93 score 42 3/4; 92 score 42 1/4; 90 score 42; 89 score 41 1/2 pound.

Eggs - Prices to retailers AA large 48c; A large 46c; medium small 39c dozen.

New V. F. W. Post Created, Officers Named in Union

Union's new Veterans of Foreign Wars post was officially opened last night by Earl Culver, representative of departmental headquarters in Portland. It has been named Crag Mountain post.

District Commander J. York of Baker explained the organization program for the coming year, and the following officers were elected:

Earl Johnson, commander; Estel Posey, senior vice-commander; Allus Mayes, junior vice-commander; Clarence Dobbs, chaplain; William Dobbins, quartermaster; Norman Haskell, adjutant; and Merton Davis, L. D. Harris, Edward Griggs, trustees.

The charter will be presented and officers will be installed at a public meeting July 18.

Meetings will be held the second and fourth Mondays of each month in the Legion hall.

Members from La Grande attending were: William Ross, E. C. Payne, John Ward, Scott Payne and Ray Snider.

Byrnes Believed Slated to Head State Department

(Continued from Page 1)
dent Roosevelt's death when he resigned as war mobilization and reconversion chief.

Now, it was clear, he is returning to government service to which he has devoted most of his 65 years. He probably will go back in his old slot as "assistant president" as well as the inhabitant of the highest American cabinet post.

It was learned that the resignations of Undersecretary of State Joseph C. Grew and the six assistant secretaries who formed Stettinius' diplomatic high command are in Mr. Truman's hands. No action will be taken on them, however, until the new secretary has a chance to look over his job.

The most likely casualties are Assistant Secretary Nelson A. Rockefeller, chief of Latin-American relations and Archibald MacLeish, who quit as librarian of congress last December to fill the newly-created post of assistant secretary in charge of cultural and public relations.

But he asserted it marks a beginning from which it can grow and develop to meet the needs of the world under international law, justice and freedom.

"Judged by that standard," he said, "it is a monumental performance."

Connally Pleads For Approval of Security Charter

(Continued from Page 1)
deavored to construct the mechanism to create that cooperation for peace.

Describing broadly the charter's general provisions for international cooperation to prevent future aggression, by force if necessary, Connally conceded that it is not perfect.

But he asserted it marks a beginning from which it can grow and develop to meet the needs of the world under international law, justice and freedom.

"Judged by that standard," he said, "it is a monumental performance."

PLENTY GAS PER PILOT

Enough gasoline is consumed in training one American military pilot to last an average driver 25 years.

Death Summons Mrs. Louise Larson

Louise J. Larson, 71, who made her home in the IOOF apartments, died at a local hospital last night, following a heart attack.

She was born December 29, 1873, in Gayville, S. Dak., and had lived in La Grande 41 years.

Survivors are four sons, Willard F. of Redwood City, Calif., Earl L. of Auburn, Calif., M. L. of Oregon City, and Lynn of La Grande, a daughter, Mrs. Violet M. Jenne of Yreka, Calif., and three grandchildren.

Funeral services will be at 2 p. m. tomorrow in the Snodgrass funeral home. Rev. C. A. Kopp, pastor of the Episcopal church, will officiate. Interment will be in the Summerville cemetery.

Four War Centers Of Jap Homeland Blasted By B-29s

(Continued from Page 1)
strike from Lemay's command since the three-day assault June 20 and it emphasized the switch of B-29 warfare from the largest Japanese cities to the secondary centers of population.

The population of Sasebo, Japan's westernmost large city, is 206,000. The population is concentrated mainly in an area about three and one-half square miles with an average density of about 62,000 persons per square mile.

Industries jammed along Sasebo Bay waterfront include an aircraft factory, a gas plant, power station, minor industrial establishment and big naval installations.

Okayama lies on the southern Honshu coastline, 75 miles southeast of Kobe.

Moji ranks fifth among Japanese ports in the number and tonnage of foreign vessels handled. It is second only to Wakamatsu as a coal shipping center.

The city, one of Japan's most concentrated and inflammable target areas, extends five miles along the southern coast of Shimonsaki Strait.

Nabeoka is an important explosive manufacturing center.

Samuel A. Weagle Called By Death

Samuel A. (Art) Weagle, 59, 2006 Cove avenue, who was employed in the Union Pacific shops, died at a local hospital Wednesday after a two months illness.
