Douglas Says No Need Fear Peace

PORTLAND, July 2 (UP)—The people of America have nothing to fear from the problems of peace, according to Justice William O. Douglas of the United States supreme court, if they live up to ideals and beliefs and bring against them "all our ingenuity, all our faith in God and our trust in fellow men."

Speaking at a luncheon here in connection with a state conference of the young democrat clubs of Oregon, Douglas said the peace was lost after the last war because Americans then failed to realize the necessity of continuing in peace the political responsibility that in wartime had kept patriotism from being "blackouted" by partisanship.

New Yorkers 'Queue Up' for Newspapers

NEW YORK, July 2 (UP)—New Yorkers, accustomed to waiting in line for cigarettes and meat, queued up in sweltering heat today for afternoon newspapers.

A strike called shortly before midnight Saturday by the independent newspaper and mail deliverers' union entered its second day with no break in sight. Sunday newspapers, today's morning papers and most afternoon papers were on sale over the counter.

Publishers marshaled full staffs and printed token editions as union pickets marched in front of newspaper offices carrying placards which read: "This union is on strike against this newspaper."

The pickets were orderly. Pedestrians, mopping their brows, paid scant attention to them.

Cornelius O'Keefe, clerk in the union's headquarters, said "everything is at a standstill. So far as I know, picketing will continue until a contract is signed," he said.

The new health law requires a minimum essential of training in organic vigor, normal symmetrical growth, good posture, strength, endurance, speed, agility, flexibility, balance and relaxation. Directors will be chosen this week.

Nine Members of B-29 Crew Killed

MAYFIELD, Ky., July 2 (UP)—Nine crew members of a B-29 were killed when their plane crashed near here yesterday during an electrical storm.

Camp Campick officers said one man escaped with minor injuries when he was thrown free of the plane and parachuted to earth.

The unidentified lone survivor said the plane, stationed at Kirtland field, Albuquerque, N. M., "seemed to tear to pieces in the air." Wreckage was strewn over a two mile area.

The dead included: S/Sgt. Delmer Lumbee, Cashmere, Wash.

Defenses Against 'Suicides' Better

SEATTLE, July 2 (UP)—Secretary of Navy James V. Forrestal said today the fleet is improving its defenses against Japanese suicide plane attacks, but further losses must be expected.

"War inevitably brings losses, so we have to expect and prepare to repair more ships hit by suicide pilots who get through our defenses," he said.

Forrestal arrived at Sand Point naval air station last night and inspected the carrier Bunker Hill and other damaged warships at the Puget Sound navy yard in Bremerton today.

"The navy department is making an extreme effort to help supply manpower to repair battle-damaged ships brought into Pacific coast ports," he said.

Mercury Cache On German Sub Found

PORTSMOUTH, N. H., July 2 (UP)—Discovery of a \$5,000,000 cache of mercury and other valuable cargo aboard a captured German U-boat apparently seeking to flee to Japan was disclosed by a navy spokesman here today.

The cargo was hidden on the U-234 aboard which two Japanese officials committed harakiri shortly before the vessel was seized in the north Atlantic in April.

So effectively was the mercury hidden it was not found until the submarine had been put in drydock and keel plates removed.

Some of the flasks of the mineral were 12 inches long, others 18 inches. The smaller ones weighed about 80 pounds each. According to the naval spokesman the mercury had been used by the submarine as ballast. Officials were unable to say where the mercury was procured but it was believed it came originally from Italy, a major source.
