BOMB DOORS
A tiny 10-pound air compressor unit has been developed which will open the bomb doors on a B-29 in seven-tenths of a second, an operation that formerly required 15 seconds. This minimizes the bomb run of the B-29 and makes it less of a target for enemy guns.

No Reservations For Peace Votes
WASHINGTON, July 10 (UP) — Democrats and republicans on the senate foreign relations committee agreed today any U. S. reservation giving congress the final decision in each case as to use of U. S. forces to help preserve world peace would violate the spirit of the united nations charter.
Sen. Eugene D. Millikin, R. Colo., asked Leo Pasvolosky, state department expert on the security organization, whether a reservation by which the United States would "reserve to itself the right to judge in each case whether it should use armed force and how much would be a violation of the charter."

13 Yanks Lost As Transport Sinks
PARIS, July 10 (UP) — Thirteen American soldiers were lost and 20 others were wounded last Dec. 28 when a ship carrying most of the U. S. 15th army's headquarters staff to France was sunk by a German torpedo or mine in the English channel, it can be revealed today.
Maj. Gen. Ray E. Porter, then commander of the headquarters staff, was not aboard the ship, identified as the British-owned Empire Javelin.
The Empire Javelin sailed from Britain on the morning of Dec. 28 with 263 officers and 1,215 enlisted men aboard and had reached mid-channel at 2:30 p. m. when the explosion occurred.

Jap's Last Grip On Borneo Threatened
MANILA, July 10 (UP) — Japan's last grip on Borneo's vital oil was threatened today as Gen. Douglas MacArthur announced Dutch amphibious forces had made two new landings on the north shore of Balikpapan bay while Australian troops were wiping out trapped defenders of the great Pandanus refineries.
The Dutch fighters landed on Teloktebang and Kariango peninsulas completing encirclement of the lower Balikpapan bay on its eastern, western and northern shores.
They were opposed by determinedapanese small arms fire from the shore and from the decks of enemy river craft.

HIGH COURT HOPE — With announcement that Supreme Court Associate Justice Owen J. Roberts will retire July 31, Los Angeles "insiders" started work on their speculating and came up with "inside" info that Federal judge Perrson M. Hall (above) might succeed Roberts to the high court post.

Emo Swears the Story Is True
SEDALIA, July 10 (UP) — George Emo, jr., said he felt a tug on his line while fishing in Flat creek. He pulled it in to find he had hooked a perch, a snake and two turtles. The snake had swallowed the fish, and the turtles had swallowed the snake, one the head and the other the tail.
That's Emo's story, anyhow.

HEATED LIFE BAG
A floating casualty bag has been developed that is electrically heated to maintain normal body temperature at all times, that allows the injured man to be freed of tight clothing and properly bandaged, is equipped with strap handles on each side to facilitate carrying, and that will float a 190-pound man in water.

U. S. PLANE ACCIDENTALLY BOMBS OWN CARRIER—Flame, smoke, debris and shrapnell fly as 500-pound bomb carried by navy torpedo bomber accidentally dropped on flight deck of unidentified carrier somewhere in Pacific explodes, killing 51 men and injuring an unrevealed number. Photo taken at moment after blast, shows men dropping to deck either to escape blast or because of injuries.

MAKING PIGS OF THEMSELVES—When a quartet of 2-month-old pigs of C. S. Sparlin, near De Queen, Ark., showed a decided preference for cow's milk direct from Buttercup, the farmer had to pen them up. Above is barnyard scene that put the pigs in the pen.

\$45,000 Will Be Used to Advertise Oregon in Papers

PORTLAND, July 10 (UP) — The Oregon state highway commission appropriated an additional \$45,000 to be used in advertising Oregon in national magazines.
The campaign will begin this winter.
The new appropriation brings the budgeted amount for 1945 advertising to \$80,000. W. M. Tugman of Eugene, chairman of the commission's travel and recreational advisory committee, asked the additional amount.
Commissioner Arthur W. Schapp, Klamath Falls, stated he expected tourist travel to begin by next year.

Fuel Shortage to Get Worse Shortly

PORTLAND, July 10 (UP) — Fuel shortage in the northwest is going to get worse before it gets better. Rail congestion will be an added factor.
So indicated James Miksack of the national OPA solid fuel office, in Seattle, here in Portland for conference with George Curry, district fuel section head.
Officials asked those buying coal, wood or sawdust despite hot weather to continue as long as supplies last. They were also asked to make fuels on hand go 20 percent farther.
Those who have not obtained 50 percent of their sawdust supply by August must consider conversion to coal.
Much wood has been lost through major mill shutdowns, Miksack pointed out. Portland he said, uses 21 percent of the northwest's supply of domestic wood fuel.
The overall picture a coal, now easier to get than wood, would be helped if consumers would buy more of the cheaper grades.

Case Assured Tide Land Titles Quiet

OLYMPIA, July 10 (UP) — Otto A. Case, land commissioner was assured today the Washington congressional delegation is supporting house resolution No. 122 quieting titles to tide lands.
Rep. Henry M. Jackson, D. Wash., told Case in a letter that "this resolution was reported favorably by the house judiciary committee and will be brought up for a vote in the house in the very near future."
Jackson said in his opinion "there seems to be little question but that it (the resolution) will receive favorable action by congress in the very near future."

Commission Meets

SALEM, July 10 (UP) — First meeting of the newly created Oregon civil service commission with its provisional director, William Griffith, professor of psychology at Reed college, in Portland, is scheduled for late today.
